LOCAL EOC Shasta

- scheduled trained Southern Baptis on IPADS

7

4 Monday Recovery Branch Staff – FYI

- Stacy & Bridget continued to work on the address list for no contact to include franchises. We are trying to eliminate some of the addresses that are destroy empty parcels, etc. You can find this working list in (Recovery) 02/3/16 ARC NO CONTAC Highlighted in yellow have been Researched, to be Upda later.
- Once ARC completes the remainin addresses of the 83 we sent her on Saturday & they ar

all entered, GIS should gather an updated NO contact list.

- We sent an email to Jay asking if there is any proof that the franchise Townships/cities who picked up water/filters for their residents who rec flint water so that we can Remove them from our NO contact franchise list.
- I did create a folder Recovery: Franchise Addresses Rec Flint Water which lists the townships that have flint water

at 1920 hours tonight GIS sent an email w/ updated ~~Maps~~ addresses; However these ~~Maps~~ addresses should be filed & not used because We already have a working Address list. the Blue Sticky NOTE Comments should help GIS remove some of the addresses

We asked the SEOC ARC Rep here to make sure the ARC Field TEAMS have their addresses to contact as their top priority and

designate more trains than just one as they did today.

MSP-SEOC10

From: MSP-SEOC10
Sent: Thursday, January 21, 2016 4:50 PM
To: Twohig, Lauren (Lauren.Twohig@redcross.org)
Cc: Nobach, Tonya (MSP)
Subject: Updates in relation to the projections
Attachments: Detailed Burn Rate projections till 1-24-16 1320.xlsx

Lauren,

Tonya asked me to send you the projections related to your text message of 15k a day goals. Based on current inventory, we are skeptical that we could sustain such an operation for more than one day. I have attached the projections that were updated as of 1320 hrs today. I have the granular analysis available, if you would like to see it. Sam and I would be available to discuss them if you would like as well.

Thanks so much.

Alex
Intern, EMHSD

>
> The State Emergency Operations Center is soliciting volunteers from state agencies to join water response teams working to hand out bottled water, water filters, replacement cartridges, and water testing kits at homes in the city of Flint. This strictly voluntary effort is part of the state's response to the ongoing health and safety issues caused by lead in the city of Flint's drinking water.
>
> Teams are being assembled for shifts on [INSERT DATES]. Volunteers will begin their assignment in Flint at 9 a.m. and end by 4 p.m. Volunteers can be available for one or both days. Lunch will be provided.
>
> Employees chosen for this assignment are considered to be working on-duty; this assignment would be considered their scheduled work day. Overtime or compensatory time is not authorized for this assignment.
>
> Volunteers are responsible for their own transportation and mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.
>
> Interested employees should obtain the approval of their supervisor. Supervisors must forward the names of approved volunteers and their email addresses through the chain of command to bureau with the date(s) available by 1 p.m. tomorrow, Wednesday, January 13.
> Confirmation of selected employees, along with additional logistical details, will be made via email by 5 p.m. on Wednesday, January 13.

For questions, please contact Insp. Scott Marier at 517-373-7761.

Can you change it to say strictly voluntary. And no state vehicles will be available.

Thanks, Mike

Hello Calix,

I am following up from a voicemail that I just left you. Could you please add this question to the app for the deployment of iPads for the neighborhood canvas teams?

Are you willing to be a test site for sampling?

Please let me know if this will be a problem.

Thank you,
Kristi Davis

Recovery Branch – 1/11/16 3:30 pm

- Request was submitted to contact City of Flint Water Department for neighborhood routes for teams. County EOC working on routes and hot spots for Day 1.
- Deployed 2 Suburbans and 2 Crew Cab Trucks from HazMat Training Center to GCCARD in Flint.
- Requested NWS to provide hourly updates or as needed to Lt. Dehner at the county EOC.
- Held training at 1:00 in Flint for DHHS teams being sent to neighborhoods. About 50 people trained along with the Officer in Charge. They are ready for tomorrow.
- Coordinated iPad distribution for distribution tracking for neighborhood canvassing teams. Local GIS will train the MSP trooper of each team on iPad.

Attachments:	Directions.pdf

Thank you so much for volunteering to help take vehicles to Flint.

You will all take one car to the training center to pick up the keys to 2 Suburbans and 2 Crew Cab Trucks. The car that drives to the Training Center will follow the 4 vehicles to Flint and bring everyone back...hopefully you can trust that person not to leave you in Flint ☺...select your trusted person wisely.

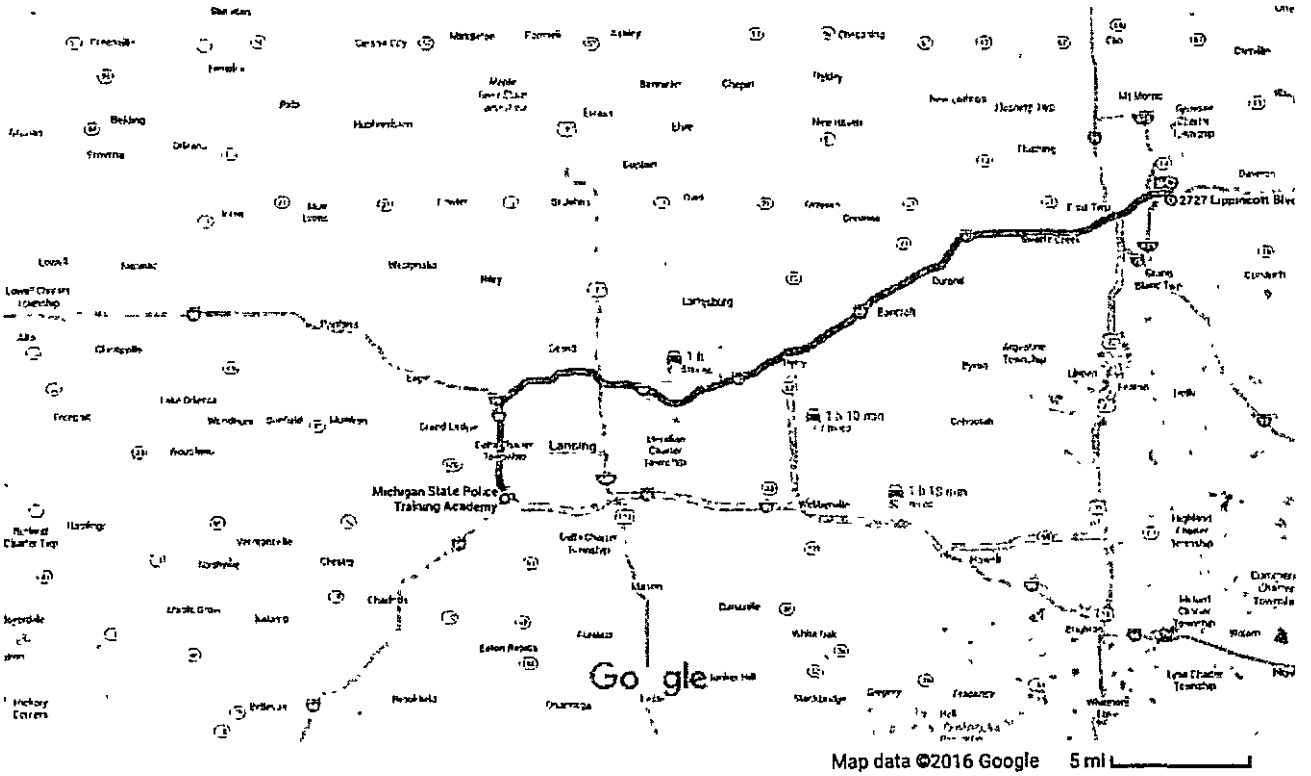
The address is 2727 Lippincott Blvd., Flint, MI Attached are the directions from the Training Center.
It is the Genesee County Community Action Resource Department location.

Sam, please grab the keys from Joyce and meet everyone else in the lobby.

Please notify your supervisor upon your return.

Thanks,
Carly and Kristi

Google Maps Michigan State Police Training Academy to 2727 Lippincott Blvd, Flint, MI 48507 Drive 67.8 miles, 1 h



Michigan State Police Training Academy

7426 N Canal Road, Lansing, MI 48913

Get on I-96 W from N Canal Rd and Lansing Rd N

3 min (1.7 mi)

1. Head north on N Canal Rd toward Osborn St

430 ft

2. Make a U-turn at Osborn St

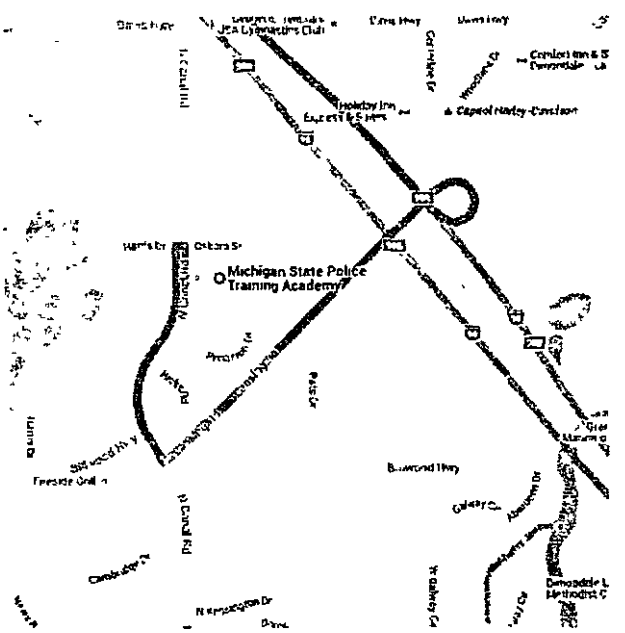
0.5 mi

3. Turn left onto Lansing Rd N

0.8 mi

4. Use the right lane to merge onto I-96 W via the ramp to Gd Rapids

0.2 mi



Take I-69 N to M-54 S/S Dort Hwy in Flint. Take exit 138 from I-69 N

55 min (65 4 mi)

5. Merge onto I-96 W

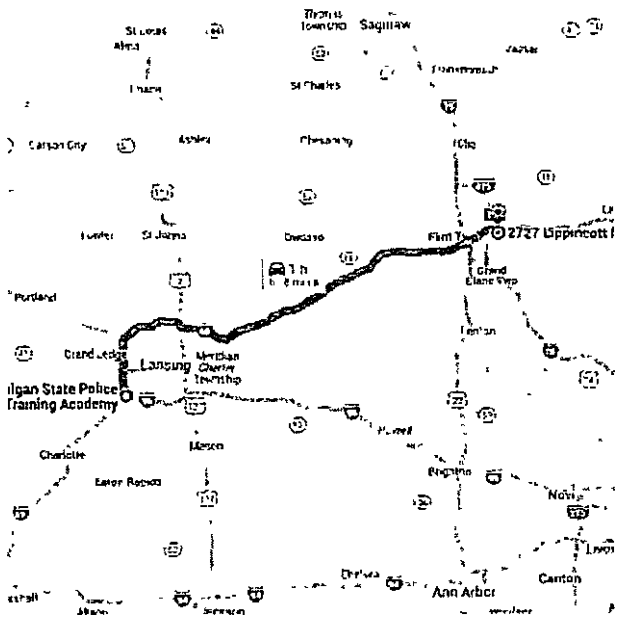
7 0 mi

6. Keep right at the fork to continue on I-69 N, follow signs for Flint

58 1 mi

7. Take exit 138 for M-54/Dort Hwy

0 3 mi



Continue on M-54 S/S Dort Hwy. Drive to Lippincott Blvd

2 min (0 7 mi)

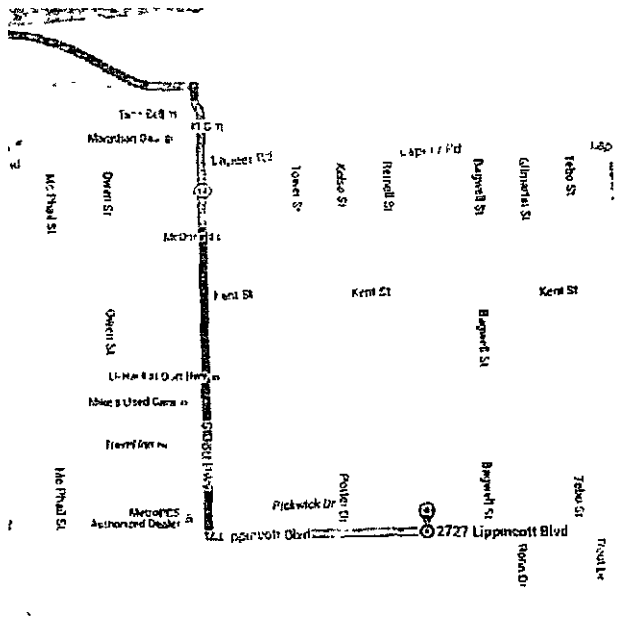
8. Turn right onto M-54 S/S Dort Hwy

0 5 mi

9. Turn left onto Lippincott Blvd

Destination will be on the left

0 2 mi



2727 Lippincott Blvd

Flint, MI 48507

These directions are for planning purposes only You may find that construction projects, traffic, weather, or other events may cause conditions to differ from the map results, and you should plan your route accordingly. You must obey all signs or notices regarding your route

Subject: Wednesday 2/10/2016

- Compiled data of addresses and facilities that service citizens with Access and Functional Needs from 4 sources. Waiting on additional data to complete the list. Alex has a call into the Michigan Office of Disability Network, Vicki Saharski , for any additional data she may have regarding this population. We are gathering this information for the possibility of issuing cartridge replacements and long-term recovery plan.

- The Recovery Branch received access to a new mapping tool called, ArcGIS Online. It show ALL VISITs by the *Field Teams and Distributions by PODS.*
    - Directions

- No changes in Thursday's ARC Plan. They have a one page list of addresses to complete and few apartments to confirm.

- Entered all remaining available data sheets from ARC regarding apartment visits.

- Bridget met with 7th Day Adventist Volunteers in place of Mike Farmer for the Corrections Branch. The Plan was received and passed onto Logistics and Brent Travelbee.
    - They are looking at starting at the Kroger warehouse this Tuesday and expect the MDOC staffing to assist them with their transition for up to a week.
    - 7th Day Adventist turned in an "Equipment Needs" List is being reviewed.
    - Logistics would be best to get more information from

Subject: Penske Truck Info

Good Afternoon Bonnie,

I was following up on a request to get the status of the Penske truck at the warehouse that needed attention. It appears you have already received direction. To hopefully eliminate duplicate efforts, can you help me understand a few things so I can put this issue to rest?

- Can you let me know who informed you were to take it?
- Is it the truck that needed the tires balanced?
- Will you be getting the truck back soon?
- Where was it taken?

Thank you

Bridget Spencer
SEOC Recovery Branch

Subject: USPS Request

Jackie,

As you requested below is a summary of my contact with the Postmaster's Office in Flint.

On Wednesday, February 3rd, I contacted the Postmaster's Office in Flint at 810-257-1506 and spoke to Cheryl. I explained to her that we needed data on all addresses within the City of Flint where mail had been forwarded or service had been stopped for some reason (vacancy, destruction of property, etc.). I explained that I was with the State EOC and MSP and that I was requesting that information under the Michigan Emergency Management Act (PA 390). She said that she would pass along the request to the Postmaster.

I called back later that day and Cheryl informed me that I was making a rather large request and that the Postmaster had forwarded the request to the District Office and that the Postmaster's office would contact me when they had an answer. I was then out of the SEOC until this morning. There were no messages or emails from USPS during that time.

After Capt. Kelenske asked about USPS at this morning's briefing, I followed up with the Postmaster's Office where I was told that the District Office denied our request for information and that they were therefore unable to provide it. They did not provide any explanation.

I hope this is useful. Please let me know if I can be of any further assistance.

Thank you,

Alex

Hello Donations Management Team,

This is Alex Abdun-Nabi from the State EOC. Do any of you have a contact at the Community Foundation of Greater Flint? I am working with our finance chief who is trying to track down some information over there.

Thanks so much!

Alex

Recovery Branch – 2/3/16 as of 5:00 pm

- Attended Local Brief, SEOC State Agency Briefing Meeting, and Distribution Process Meeting
- Updated plan for ARC to visit apartment complexes.
- Worked with county and postal partners to collect information about home vacancies and resident's with forwarded mail addresses in order to ensure we are contacting all occupied residences in the City of Flint.
- Supported the efforts of MSDHA to provide resources to tenants in their facilities.
- Collaborated with GCCARD to develop additions to the list of vulnerable persons requiring additional support within the City of Flint.
- **Team Priority Visited Today:** Apartment List from 2/2/16
- **City Sections Scheduled Tomorrow*:** Continuation of Apartment List from 2/2/16
- **10 American Red Cross Teams scheduled for Thursday, February 4, 2016**

Water Response Teams	**TOTALS**
Occupied Homes	10,149
Vacant Homes	520
Unknown	1737

Subject: Request for Information

Mr. Gleason,

Thank you so much for your willingness to assist with our work in reaching out to the citizens of Flint. We are looking for a list of all vacant or foreclosed properties within the City of Flint, MI. This list would include properties that are for any reason vacant. We are greatly appreciative of your assistance. We are hoping to have this list as soon as possible, as this is a priority of our leadership.

Please let me know if you have any questions. You can reach me either at this email address (MSP-SEOC10@michigan.gov or at 517-284-3921.

Thank you so much,

Alex Abdun-Nabi

Can Alex take a look at this? We may want to touch base with Chris and have him push for an electronic version. Let's talk about this in the morning. Copied Mike so he's aware too.

To: "Briggs, Brianna (MSP)" <BriggsB3@michigan.gov>
Subject: Homebound Additions

Dear Brianna,

The attached list is from GCCARD and indicates homebound seniors receiving meals. The water that these residents receives is typically one or two bottles. Adding this list to our current one will allow us to ensure these residents are supplied in a regular fashion beyond the one or two bottles then are currently getting.

I requested an electronic version but the agency indicates that they cannot export the data but only print it. If this proves to be a logistical nightmare, let me know and I can try to get over to the agency and see if I can figure out how to export the data (I am sure it can be done...).

Subject: MSHDA - FYI

Dear MSP Team:

Thank you for your help on Friday with the two large rental apartment complexes that needed additional supplies. Much appreciated.

In the spirit of keeping you in the loop, I have attached a document with 453 confidential home addresses to various individuals in the City of Flint. For these addresses, we have asked each landlord to be sure to install water filters for tenants living at these locations. While we anticipate most landlords have made contact and installed water filters, our team will be doing some follow-up during the week of February 2nd to ensure landlord compliance.

At this time, we don't need anything, I simply wanted to make you aware that MSHDA had communicated with landlords associated with these distinct 453 units and asked them to install filters and we'll be following up in a week's time to ensure that has been completed. As you know, we distributed nearly 1,500 of the 2,000 filters last Saturday to our larger complex units – you should have that spreadsheet as well. The remaining 500 filters have been and will be used for these said addresses. I had promised to get you those addresses last week and I am just following up with that information now.

Thank you for your time,

Brian Mills

Wendy, per our conversation this morning, attached is a copy of the updated spreadsheet of the filter distribution that MSHDA engaged in Saturday with our notes on each location. This information was given to Mr. Jay Eickholt this weekend.

Should you have any questions or comments, please don't hesitate to contact me.

Please know, as MSHDA offered previously, as highlighted below, MSHDA is more than willing to pay for any costs associated with these filters and or pay for acquiring more.

We have already set aside in escrow some $250,000 for any and all expenses related to costs associated with getting water, filters, and other necessities to tenants. Let us know if you would like a check today to purchase more.

Thank you,

Brian.

Subject: FW: Flint Apartments in Need of Filters

Wendy,

Thank you for taking my call this morning – I know how busy you must be and I appreciate your attention to this request.

Executive Director Elsenheimer is in Lansing today with a team of staff in work clothes. Considering MSHDA's experience with housing matters, we have a building/maintenance construction staff crew that stands ready to be on the ground today to help our tenants install filters at these properties.

If we're able to get these filters today, we have a fleet of vehicles to transport them to these apartment complexes and begin installing.

If for any reason, you don't think attaining filters is possible today, please let me know so we can make our team aware and let them know when they might be available.

Brian.

Subject: Flint Apartments in Need of Filters

Dear Outreach Unit Manager Galbreath:

First and foremost, thank you for speaking with me today when I stopped by your office. I appreciate your quick attention to my inquiry.

Pursuant to our follow up conversation later this afternoon, attached (in excel and or as a pdf) is a listing and status report of the various apartment/housing complexes that utilize Flint municipal water that have a direct connection with the State of Michigan through various financing programs associated with the Michigan State Housing Development Authority (MSHDA).

We have outreached to most of these properties and have identified which ones we believe need additional attention by ways of delivery of filters to affected tenants. As I indicated over the phone, we would like to coordinate a team of

dedicated state employees from MSHDA that stand ready to pick up and deliver filters to these properties immediately with your permission.

If at all possible, if you could review this list and let me know if and when our team could pick up the filters and deliver them to these units, it would most helpful. Please know that MSHDA is willing to pay for these filters as well if it means getting access to them quicker. We can pick them up wherever is quickest to acquire them.

Look forward to hearing from you tomorrow. Please contact me directly if you have any questions.

Respectfully,

Brian Mills

Steven,

Thank you for letting us know that all of the donated Penskes for the Flint Response are to be returned to the Warren Penske location.

Thank you again for all of your assistance these past few weeks and the very generous donations! Have a great day!

Stacy,

I hope everything is improving over there. I believe Steven Edge has been your main contact for all the donations. This would continue throughout the day, Steven travels between a couple locations throughout the Detroit area. I have also copied him on this e-mail. Do you have a phone number we can reach you at? If you have any questions please give me a call at

Thanks,

Kourtney

Hello Rob,

We are working on demobilizing the Penske trucks that you donated because most are no longer needed. I am hoping you can clarify a few things for me to assist in the return since we also received donated Penskes from Steven Edge.

What location are you out of? Warren or Plymouth or someplace else?
Are there certain vehicle id's that need to be returned to you?

Any information you can provide would be most appreciated.

Thanks in advance!

Stacy

Hello Rob,

I received an email that you would like some clarification on the Penske Trucks that have been donated to the Flint Water Response Team effort. I am in the Recovery Unit and have submitted some of the initial requests for trucks. I show that we have received a total of 11 box/cube trucks which we coordinated through the Local EOC (Jay Eickholt). Below is the breakdown of the dates we received each truck.

Penske Trucks	16ft	8	1/15 - 1/16
Penske Trucks	16ft	3	1/18/2016

Please let me know if this does not line up with what your records show and we can talk.

Thank you,

Carly Georgopoulos

Steven,

It sounds like you are the lead on all donated trucks used for the Flint Water Response. We have demobilized all but 5 of the trucks. Since trucks were originally acquired through two channels (MSP and DTMB), are all of the demobilized trucks to be returned to the Warren location?

Thank you!

Subject: MSHDA - FYI

Dear MSP Team:

Thank you for your help on Friday with the two large rental apartment complexes that needed additional supplies. Much appreciated.

In the spirit of keeping you in the loop, I have attached a document with 453 confidential home addresses to various individuals in the City of Flint. For these addresses, we have asked each landlord to be sure to install water filters for tenants living at these locations. While we anticipate most landlords have made contact and installed water filters, our team will be doing some follow-up during the week of February 2nd to ensure landlord compliance.

At this time, we don't need anything, I simply wanted to make you aware that MSHDA had communicated with landlords associated with these distinct 453 units and asked them to install filters and we'll be following up in a week's time to ensure that has been completed. As you know, we distributed nearly 1,500 of the 2,000 filters last Saturday to our larger complex units – you should have that spreadsheet as well. The remaining 500 filters have been and will be used for these said addresses. I had promised to get you those addresses last week and I am just following up with that information now.

Thank you for your time,

Brian Mills

Subject: Homebound Additions

Dear Brianna,

The attached list is from GCCARD and indicates homebound seniors receiving meals. The water that these residents receives is typically one or two bottles. Adding this list to our current one will allow us to ensure these residents are supplied in a regular fashion beyond the one or two bottles then are currently getting.

I requested an electronic version but the agency indicates that they cannot export the data but only print it. If this proves to be a logistical nightmare, let me know and I can try to get over to the agency and see if I can figure out how to export the data (I am sure it can be done...).

Tips for Printing

Print Plan – Thru Friday, February 19

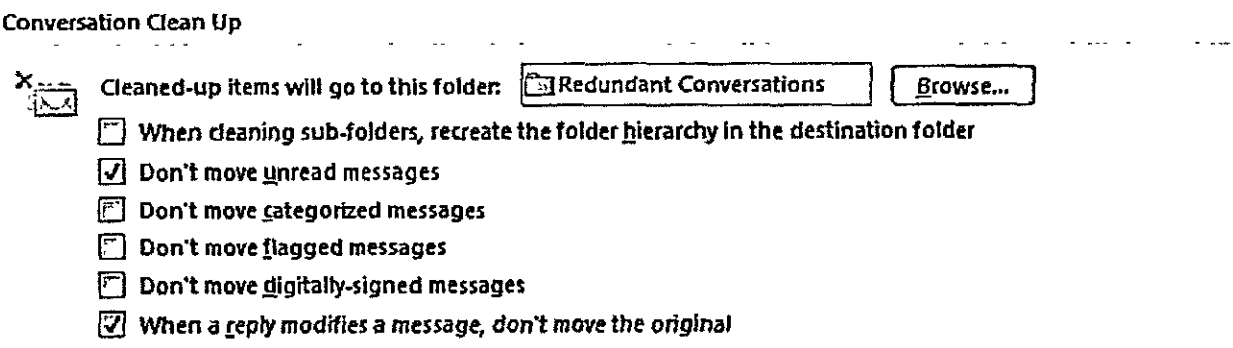
- When printing emails/documents, make sure to **change your default printer** to the following printer:
  - EOC_F1COMM_RI30S4 on EOC084M1OAPF502 (located in the Communications Room)
  - Additional helpful hints for each document type below
- SEOC IT staff will set up to "Print to Hold" for each PC in the SEOC.
- Be sure to print/copy all documents **Single Sided.**
- Advise the SEOC Operations Section Chief prior to printing. **Do not interrupt someone else's print job.** The SEOC Operations Section Chief will ensure coordinated printing efforts.
- When at the printer, select Print > Select your agency name > Select All > Print.
- Test printing a couple of emails before printing out a large quantity.
- Once all items have been printed/copied, give all to Oralya Garza or Jodie Frese (daily staff) located just outside Governor's Conference Room A in the SEOC. **Do not go direct to FOIA Unit staff working in the conference room.** They will reach out if they have any questions.
- Make sure to clip or rubber band your information to keep separate from others information being turned in.
- Sources: Emails, Documents, S drive, Desktop, Cell phone/text messages, Copies of handwritten notes, DCDS, Invoices, Photos
- SEOC IT Staff will be responsible for printing all documentation from MI CIMS.
- For any IT issues, contact IT Staff in the SEOC. This is usually Jaclyn Barcroft or Rich Law. GIS staff should be contacted only if both of them are unavailable.

How to Recover Deleted Emails

- In Outlook, select the Folder Tab.
- On the top, select Recover Deleted Items.
- Recover any items pertinent to the Flint Water response.
- You may need to select various folders on the left side in order to recover everything possible.

How to Clean up Redundant Email Conversations

- In Outlook, click on the File tab.
- Click Options.
- Click Mail.
- Under the Conversation Clean Up section, change the location where conversations will go. Select Browse. Click on "Cabinet" in the list. Select "New Folder" and name it "Redundant Conversations." Ensure the options are identical to the below:



- In Outlook, on the Home tab, in the Delete group, click Clean Up.
- Select Clean Up Folder. Click Clean Up Folder.

SEOC FOIA Print Plan
Tips for Printing

Tips for Printing Emails

- For State Agency SEOC personnel, **only** print emails from your SEOC email address.
- Print emails by selecting **up to 100 at a time** (select one, hold shift, click on the last one).
    - Select the File Tab > Print > Click Print Options button > Select Memo Style and Check Box for "Print Attached Files" (bottom left corner of pop up) > Select Print
- Attachments will not show up in the preview, but will print out with the emails

Tips for Printing Documents from Desktop, S Drive, My Documents *(wherever files are saved)*

- Make sure documents are formatted correctly for printing prior to moving to the next steps (Excel files tend to be the most troublesome).
- Sort documents in folders by "Type".
- Highlight "like" file types (Adobe Acrobat Document, Microsoft Excel Worksheet, etc.).
- Right click, select Print.

Tips for Printing Text Messages

- Android
- iPhone

Email – After All Your Files are Printed

- Send a CC to the following email address when sending items from the SEOC:
    - MSP-FOIAProject@michigan.gov
    - For State Agency SEOC personnel, **only** CC emails from your SEOC email address
- Send all documents created to the same email address

This is the daily 2-1-1 summary on the Flint Water Response for Friday, February 5, 2016

GENERAL INFORMATION:

- ☐ **City of Flint Furlough February 12-15, 2016:** *Flint City employees will be out on furlough from* Friday February 12 through Monday February 15, returning to work on Tuesday. This is a reminder to all partners working with the City of Flint to coordinate activities and ensure coverage for essential activities.

CALL VOLUME:

Aside from a minor challenge from staff members who were out sick, Central Michigan 2-1-1 was able to manage Friday's call volume with minimal wait times for Flint callers. Outside of Flint the call volume to Michigan 2-1-1 is following the traditional seasonal pattern of initial high demand at the start of tax season subsiding to normal volume with another major increase anticipated from April 1st until tax filing closes (this year on April 18th).

SPECIAL NEEDS/REQUESTS

Pets testing positive for lead. 2-1-1 has received several requests from people concerned about bottled water for their animals . Yesterday (2/4/16) the Detroit Free Press reported two animals testing positive to lead. 2-1-1 is providing referrals to The Humane Society for assistance providing water for animals. Here's the article:
www.freep.com/story/news/local/michigan/flint-water-crisis/2016/02/04/flint-lead-pets-dogs/79704210/

- ☐ **Reminder: Please contact tpage@uwmich.org with resources or options for providing alternate access to Flint water information for *visually impaired, deaf, and hard of hearing residents.***

RUMOR/SCAM CONTROL

- ☐ **Inmates with limited water access/residents arrested during water deliveries**
  Think Progress reports inmates in the Genesee County jail are receiving on 48 oz of bottled water per day for all needs, and pregnant inmates have had to drink city water.
  http://www.democracynow.org/2016/2/4/exclusive_report_how_long_did_flints
- ☐ *Related reports in Think Progress and Counter Current include the jail report and adds that some local residents with outstanding warrants were arrested when the identified themselves during home water deliveries.*
  http://thinkprogress.org/justice/2016/02/04/3746154/flint-inmates-forced-to-drink-tap-water/
  http://countercurrentnews.com/2016/02/flint-police-water-filters/
  - ☐ ***It would be a serious ethical conflict for 2-1-1 if a referral for water resources led to a caller's arrest. Can the Sheriff's Department or City of Flint investigate this report and inform Michigan 2-1-1 as soon as possible if callers with outstanding warrants seeking water delivery are at risk of arrest, so we can provide accurate information to residents?***

UNRESOLVED

- ☐ **From 1/18/16:** Is there a timeframe for how long bottled water will be distributed? Locals are asking how long this will continue.
- ☐ **From 1/18/16:** One of the top questions is when will canvassers be in specific neighborhoods. Callers would like to know so they can arrange their schedules. Is this information available for 2-1-1 to share?

- ☐ **From 1/20/16:** *Michigan 2-1-1 heard an anecdotal report* today that real estate agents are reluctant to close sales in Flint because they cannot verify the any properties are free from lead contamination. **Is there are state agency or partner who can give real estate agency and home inspectors information on their potential liability.**
- ☐ **From 1/25/26:** Organizations distributing bottles to collect water samples report running out of bottles. **Is there a contact for individuals and organizations to get additional testing sample bottles?**
- ☐ **From 1/26/26:** Callers are asking about the efficacy of various water filters and whole-home filtration system to screen out lead. **Is there an state- or independently-vetted list of effective filters available for residents to reference.**
- ☐ **From 1/26/26:** There is high demand for shower filters due to reports of rashes and potential lead risk to children from using water to bathe. 2-1-1 is telling callers that shower filters are available for purchase through home improvement stores, based on a google search. **Are shower filter donations a request that can be coordinated through *Good360 or another supplier*? UPDATE:** *The Michigan* 2-1-1 office passed on the demand for shower filters to Good360, which is looking into options to meet this need.
- ☐ **From 1/26/26:** Callers are asking about the availability of whole-home filtration systems. **Is there any guidance on whether this is being considered as an option for residents?**
- ☐ **From 2/1/16:** 2-1-1 received a related rumor that due to the class-action lawsuits filed against the state, MDEQ will no longer be able to process lead tests for Flint residents. **Can SEOC investigate this rumor and determine whether or not it is true?**
- ☐ **From 2/1/16:** A few callers are expressing concerns about the reliability of MDEQ test results and are asking how to get independent lab testing for free or low cost

To: MSP-SEOC5; Farmer, Michael V. (MDOC - Training); FEDERALSEOC
Subject: Wednesday 2/10/2016

- Compiled data of addresses and facilities that service citizens with Access and Functional Needs from 4 sources. Waiting on additional data to complete the list. Alex has a call into the Michigan Office of Disability Network, Vicki Saharski 810-742-1800, for any additional data she may have regarding this population. We are gathering this information for the possibility of issuing cartridge replacements and long-term recovery plan.

- The Recovery Branch received access to a new mapping tool called, ArcGIS Online. It show ALL VISITs by the Field Teams and Distributions by PODS.
    - Directions
        - Go to flint.maps.arcgis.com
        - Log in using the username: MSP_data1 and the password: Recovery1
        - Go to Groups→ Recovery Unit → All_Field_Team_Activity_Update and click open in map viewer.
        - The map will open in a web viewer. Navigate ONLY by searching addresses. Do not move around by clicking and dragging. There is too much data for that to work effectively. Do not zoom out too far either because it will cause the website to freeze.

- No changes in Thursday's ARC Plan. They have a one page list of addresses to complete and few apartments to confirm.

- Entered all remaining available data sheets from ARC regarding apartment visits.

- Bridget met with 7th Day Adventist Volunteers in place of Mike Farmer for the Corrections Branch. The Plan was received and passed onto Logistics and Brent Travelbee.
    - They are looking at starting at the Kroger warehouse this Tuesday and expect the MDOC staffing to assist them with their transition for up to a week.
    - 7th Day Adventist turned in an "Equipment Needs" List is being reviewed.
    - Logistics would be best to get more information from

Subject: Penske Truck Info

Good Afternoon Bonnie,

I was following up on a request to get the status of the Penske truck at the warehouse that needed attention. It appears you have already received direction. To hopefully eliminate duplicate efforts, can you help me understand a few things so I can put this issue to rest?

- Can you let me know who informed you were to take it?
- Is it the truck that needed the tires balanced?
- Will you be getting the truck back soon?
- Where was it taken?

Thank you

Bridget Spencer

Subject: FW: Follow up to Mr. Gleason's Email Request from MSP

Hi Alex:
Thank you for the follow up phone call this morning. Here is the correspondence I sent the Commissioners. As we discussed this is a huge project and having the most up to date information is very important.
BS&A from the City of Flint database would have the most current owner status, etc. The report I prepared for Damage Assessment was done using the City of Flint database.
If I can be of further assistance, feel free to contact me.
Peggy Nolde

Subject: Follow up to Mr. Gleason's Email Request from MSP

Good morning again Commissioners;

After responding to the email this morning to all of you, I asked Commissioner Curtis if I could reach out to Lieutenant Roach, MSP, and was given approval to do so.

*A little history :*Monday morning when at the BOC meeting, Mr. Gleason briefly took a seat by me and stated that the DNR had been in here last week and he sent them to my office. He stated they wondered about vacant buildings and foreclosures etc. I told him I had been out of the office on vacation and I am sure Kim Moors would have sent them across the street to the City of Flint where that type of information would be located, if known. When I got back to my office from the meeting I checked with Kim and the only recollection she had that may be related was Chris Newell came and asked her how far back our databases went for the City of Flint. She explained we have a limited number of years and all historical information would be at the City. He mentioned the DNR/DEQ were looking for pop up on value on assessments which could indicate when a house was built and Chris was fine with Kim's explanation to send whomever to the City of Flint. Seemed the question was put to rest.

Lieutenant Roach and I spoke regarding the below email and she was unaware of this person, and we agreed I would contact him personally in order to further understand information he may need. I phoned the number and spoke with Bridgette Spencer at that location. Mr. Nabi was not in and she had not met him yet. It appears Mr. Nabi is an intern who was assigned to help analyze data. When reviewing the information in Mr. Gleason's

email with Bridgette Spencer, she stated they have been working to identify all apartments and multi units and received information to basically do so. The MSP GIS had mapped these properties and the Red Cross has been visiting the sites and it looks as they will finish up this task very soon. Per Bridgette, updates are sent to the County EOC, so hopefully you are being kept informed as to the forward movement during this crisis.

The City of Flint is the main source for any information pertinent to all of this as they would maintain all records for utilities, property information, voters registration, building and demolitions permits, possibly rental property information, etc.. I honestly do not understand what active roll the Register of Deeds would have over and above what I just mentioned. The Register of Deeds records documents. Those documents must then be analyzed locally to determine the roll they will play in any individual parcel.

I will keep you informed if I get any further information from Mr. Nabi.

Respectfully

Peggy Nolde

Subject: Request for Information

Mr. Gleason,

Thank you so much for your willingness to assist with our work in reaching out to the citizens of Flint. We are looking for a list of all vacant or foreclosed properties within the City of Flint, MI. This list would include properties that are for any reason vacant. We are greatly appreciative of your assistance. We are hoping to have this list as soon as possible, as this is a priority of our leadership.

Please let me know if you have any questions. You can reach me either at this email address (MSP-SEOC10@michigan.gov or at 517-284-3921.

Thank you so much,

Alex Abdun-Nabi

Subject: Request for Information

Mr. Gleason,

Thank you so much for your willingness to assist with our work in reaching out to the citizens of Flint. We are looking for a list of all vacant or foreclosed properties within the City of Flint, MI. This list would include properties that are for any reason vacant. We are greatly appreciative of your assistance. We are hoping to have this list as soon as possible, as this is a priority of our leadership.

Please let me know if you have any questions. You can reach me either at this email address (MSP-SEOC10@michigan.gov or at 517-284-3921.

Thank you so much,

Alex Abdun-Nabi

Can Alex take a look at this? We may want to touch base with Chris and have him push for an electronic version. Let's talk about this in the morning. Copied Mike so he's aware too.

To: "Briggs, Brianna (MSP)" <BriggsB3@michigan.gov>
Subject: Homebound Additions

Dear Brianna,

The attached list is from GCCARD and indicates homebound seniors receiving meals. The water that these residents receives is typically one or two bottles. Adding this list to our current one will allow us to ensure these residents are supplied in a regular fashion beyond the one or two bottles then are currently getting.

I requested an electronic version but the agency indicates that they cannot export the data but only print it. If this proves to be a logistical nightmare, let me know and I can try to get over to the agency and see if I can figure out how to export the data (I am sure it can be done...).

Wendy, per our conversation this morning, attached is a copy of the updated spreadsheet of the filter distribution that MSHDA engaged in Saturday with our notes on each location. This information was given to Mr. Jay Eickholt this weekend.

Should you have any questions or comments, please don't hesitate to contact me.

Please know, as MSHDA offered previously, as highlighted below, MSHDA is more than willing to pay for any costs associated with these filters and or pay for acquiring more.

We have already set aside in escrow some $250,000 for any and all expenses related to costs associated with getting water, filters, and other necessities to tenants. Let us know if you would like a check today to purchase more.

Thank you,

Brian.

Wendy,

Thank you for taking my call this morning – I know how busy you must be and I appreciate your attention to this request.

Executive Director Elsenheimer is in Lansing today with a team of staff in work clothes. Considering MSHDA's experience with housing matters, we have a building/maintenance construction staff crew that stands ready to be on the ground today to help our tenants install filters at these properties.

If we're able to get these filters today, we have a fleet of vehicles to transport them to these apartment complexes and begin installing.

If for any reason, you don't think attaining filters is possible today, please let me know so we can make our team aware and let them know when they might be available.

Brian.

Subject: Flint Apartments in Need of Filters

Dear Outreach Unit Manager Galbreath:

First and foremost, thank you for speaking with me today when I stopped by your office. I appreciate your quick attention to my inquiry.

Pursuant to our follow up conversation later this afternoon, attached (in excel and or as a pdf) is a listing and status report of the various apartment/housing complexes that utilize Flint municipal water that have a direct connection with the State of Michigan through various financing programs associated with the Michigan State Housing Development Authority (MSHDA).

We have outreached to most of these properties and have identified which ones we believe need additional attention by ways of delivery of filters to affected tenants. As I indicated over the phone, we would like to coordinate a team of dedicated state employees from MSHDA that stand ready to pick up and deliver filters to these properties immediately with your permission.

If at all possible, if you could review this list and let me know if and when our team could pick up the filters and deliver them to these units, it would most helpful. Please know that MSHDA is willing to pay for these filters as well if it means getting access to them quicker. We can pick them up wherever is quickest to acquire them.

Look forward to hearing from you tomorrow. Please contact me directly if you have any questions.

Respectfully,

Brian Mills

Subject: MSHDA - FYI

Dear MSP Team:

Thank you for your help on Friday with the two large rental apartment complexes that needed additional supplies. Much appreciated.

In the spirit of keeping you in the loop, I have attached a document with 453 confidential home addresses to various individuals in the City of Flint. For these addresses, we have asked each landlord to be sure to install water filters for tenants living at these locations. While we anticipate most landlords have made contact and installed water filters, our team will be doing some follow-up during the week of February 2nd to ensure landlord compliance.

At this time, we don't need anything, I simply wanted to make you aware that MSHDA had communicated with landlords associated with these distinct 453 units and asked them to install filters and we'll be following up in a week's time to ensure that has been completed. As you know, we distributed nearly 1,500 of the 2,000 filters last Saturday to our larger complex units – you should have that spreadsheet as well. The remaining 500 filters have been and will be used for these said addresses. I had promised to get you those addresses last week and I am just following up with that information now.

Thank you for your time,

Brian Mills

Hello Rob,

We are working on demobilizing the Penske trucks that you donated because most are no longer needed. I am hoping you can clarify a few things for me to assist in the return since we also received donated Penskes from Steven Edge.

What location are you out of? Warren or Plymouth or someplace else?
Are there certain vehicle id's that need to be returned to you?

Any information you can provide would be most appreciated.

Thanks in advance!

Stacy

Subject: State of Michigan - Penske Donations for Flint

Hello Rob,

I received an email that you would like some clarification on the Penske Trucks that have been donated to the Flint Water Response Team effort. I am in the Recovery Unit and have submitted some of the initial requests for trucks. I show that we have received a total of 11 box/cube trucks which we coordinated through the Local EOC (Jay Eickholt). Below is the breakdown of the dates we received each truck.

Penske Trucks	16ft	8	1/15 - 1/16
Penske Trucks	16ft	3	1/18/2016

Please let me know if this does not line up with what your records show and we can talk.

Thank you,

Carly Georgopoulos

Subject: Additional Question for Con Ops

Hi Tom,
Alex is an intern working in logistics. He is trying to figure out how long filters are lasting in order to forecast future purchasing. Wondering if it would be possible to add a question to the script. If they answer that they have filters, could the question be asked, "how long have they been lasting, or how often are you having to change them?

Kathy

We are seeking volunteers to participate in the State of Michigan's efforts regarding the water issues in Flint, Michigan. Volunteers will either be delivering water, filters, and water testing kits as members of the Water Response Teams or working in the warehouse assembling Water Response Team kits.

Volunteers may be state employees or their immediate family members. Volunteers must be at least 16 years of age with parental supervision. For family members who are not state employees, enter the employee ID number for the state employee in the HRMN ID field.

Volunteers should report to _____ at _____ on the day that they sign up.

Name, HRMN ID, phone number, email, department

DONATIONS OF COMMODITIES

This is to help make sure the State is not spending time documenting donations that are not eligible to be used for cost-share.

The fair market value of the commodities, as in-kind donations, specifically: water, water filters, water filter cartridges, water test kits, and other necessary related items-- may be used to offset the State's cost share matching

Donations can be used as match if they meet all of the following criteria:

- Are verifiable from the non-Federal entity's records;
- Are not included as contributions for any other Federal award;
- Are necessary and reasonable for accomplishment of project or program objectives;
- Are allowable under Subpart E-Cost Principles of this part;
- Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
- Are provided for in the approved budget when required by the Federal awarding agency; and
- Conform to other provisions of this part, as applicable.

The applicant may apply the offset if all of the following conditions are met:

- The donated resource(s) is from a third party (a private entity or individual that is not involved in the Federal award, i.e., not from the State government);
- The applicant uses the resource in performance of eligible Emergency Work; and
- The applicant or volunteer organization tracks the resource, including description, donor, quantity, receipt and distribution (items cannot sit in warehouse), etc.

If FEMA is not already providing something under the category of this other language, there is no ability for donation cost-share offset.

What this category means will be decided on a case-by-case basis.

DONATIONS OF COMMODITIES

This is to help make sure the State is not spending time documenting donations that are not eligible to be used for cost-share.

The fair market value of the commodities, as in-kind donations, specifically: water, water filters, water filter cartridges, water test kits, and other necessary related items-- may be used to offset the State's cost share matching

Donations can be used as match if they meet all of the following criteria:

- Are verifiable from the non-Federal entity's records;
- Are not included as contributions for any other Federal award;
- Are necessary and reasonable for accomplishment of project or program objectives;
- Are allowable under Subpart E-Cost Principles of this part;
- Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
- Are provided for in the approved budget when required by the Federal awarding agency; and
- Conform to other provisions of this part, as applicable.

Per the PA Program and Policy Guide's section for "Donated Resources starting on page 35 (http://www.fema.gov/media-library-data/1450731692803-0f8b5acf29b7812b46d342b168f5be68/PA_Program_and_Policy_Guide_12-21_Update.pdf):

The applicant may apply the offset if all of the following conditions are met:

- The donated resource(s) is from a third party (a private entity or individual that is not involved in the Federal award, i.e., not from the State government);
- The applicant uses the resource in performance of eligible Emergency Work; and
- The applicant or volunteer organization tracks the resource, including description, donor, etc.

The offset for donated commodities will be based on current commercial rates, which FEMA validates based on invoices from previous purchases or information available from vendors in the area (See page 36 of the PA Program and Policy Guide and 2 CFR 200.306(g)). This will be the same for "other necessary related items" if assistance in this category is supplied by FEMA.

Eligible offset donations must track the commodities FEMA is providing. Items that fall into the "other necessary related items" category will, at a minimum, need to be something that FEMA provides first, under the authority of this declaration. In other words, if FEMA is not already providing something under the category of this other language, there is no ability for donation cost-share offset.

What this category means will be decided on a case-by-case basis.

Zero Water	5 pallets of zero water filters to United Way	1-21-16 Janet Hunter emailed

STATE OF MICHIGAN

RICK SNYDER
GOVERNOR

DEPARTMENT OF TECHNOLOGY, MANAGEMENT & BUDGET
LANSING

DAVID B. BEHEN
DIRECTOR

February 2, 2016

TO: State of Michigan Procurement Leadership

FROM: DTMB Procurement

SUBJECT: Genesee County Water Emergency Response - Purchasing Guidance

Thank you to all who are working to support the State of Michigan's Genesee County, City of Flint water emergency response.

Given the complexity and variety of the needs of this emergency effort, the purchasing support required is complex as well. Purchasing protocols have some differences under this declared state of emergency, and meticulous tracking of expenditures is imperative.

The Michigan State Police (MSP) is the lead agency overseeing the situation and managing the State Emergency Operations Center (SEOC). Flint related purchases must **first** be routed through the appropriate SEOC contact (see attached for an agency roster) to include the SEOC State Director. This is required for all Flint- related purchases without exception. The SEOC financial team is responsible for tracking all expenditures in connection with the emergency efforts.

Each agency is responsible for its own purchasing transactions. This includes p-card transactions and purchase orders, the tracking of all such transactions, and reporting of those transactions to the appropriate SEOC representative. Failure to properly inform the SEOC financial team of any transaction may result in a forfeiture of any potential reimbursement anticipated by the agency.

Agency purchasing managers are responsible to supply their agency's SEOC representative with a 24/7 phone number for agency purchasing staff support and request that the SEOC representative involves them in every purchase. (Note: SEOC hours are 8 am to 8 pm, seven days a week at this time.)

Emergency Purchasing Procedure:
Public Act 431 of 1984 provides an exception to competitive bidding during a state of emergency. However, responsible purchasing procedures are still the expectation for all procurement professionals (agency purchasing staff).

In addition to the notification and reporting expectations set forth above, transactions should be conducted and/or overseen by procurement professionals, with rare exception, in accordance with the following:

- Each agency makes their own determination when an emergency purchase order is required, and is then responsible for the supporting documentation
- Utilize existing State contracts where possible. Contact DTMB Procurement for help negotiating bulk rates or expedited shipments if needed, and for any concerns related to availability of funds on a contract

- Obtain three quotes whenever reasonably practicable
- Post bids online to the extent practicable
- Please escalate any questions to DTMB Procurement before executing a buy
- DTMB Procurement will assist any agency upon request to address supply chain issues (e.g. working with a national supplier to ensure a high volume supply of water filters are available)
- DTMB-Financial Services is not responsible for issuing emergency purchase orders on behalf of agencies with the exception of information technology related goods and services
- Maintain documentation supporting all transactions. Establish internal protocols to support this such as a single spreadsheet to track agency-wide transactions. Report your agency's expenses to the SEOC Finance team via your SEOC representative.

Questions, concerns, or comments should be directed to:

Primary Contact:
Rebecca Cook, Commodities Division Director
Cookr6@michigan.gov

NOTE Liability Limitation for loss or damage in this shipment may be applicable. See 49 U.S.C. 14706(c)(1)(A) and (B).

Received, subject to the transportation Contract or rate agreement in effect between Shipper and Contract Carrier (the word Contract Carrier being understood throughout this bill of lading as meaning the motor carrier, forwarder, broker or other intermediary that has obligated itself to transport the freight from origin to destination), on the date of issue of this bill of lading, the property described below in apparent good order and condition, except as noted. This bill is a receipt for goods, it is not of itself a contract of carriage. It is mutually agreed between Shipper and Contract Carrier as well as any person or company otherwise authorized to be in possession of the property during transportation that the services to be performed will be subject to all of the terms and conditions contained in the Transportation Contract or rate agreement, and no other document. The Contract Carrier agrees to this for itself and its subcontractors, agents and assigns. The weights are certified by the Shipper to be true and accurate.

The carrier shall not make delivery of this shipment without payment of freight and all other lawful charges.

Cost Reimbursement Guidelines

1. All individuals seeking reimbursement for costs related to the City of Flint Water Emergency must ensure they are registered with the State of Michigan as a vendor in order to receive payment from the state. Vendor registration can be completed using the Contract and Payment Express located at www.Michigan.gov/CPExpress.

2. Reimbursements for travel costs are limited to the approved rates established by the State of Michigan, Department of Technology, Management and Budget (DTMB) which can be located at: http://www.michigan.gov/documents/dtmb/Travel_Rates_Jan_2016_509155_7.pdf It has also been attached for your convenience.

3. Requests for reimbursement should be in the form of a cover letter stating that all costs being submitted for reimbursement are directly related to warehouse management activities and include the following information:
    - Name of individual to be reimbursed
    - Mailing address that matches the State of Michigan payment system
    - Total amount being requested for reimbursement
    - Signature of individual to be reimbursed

4. Requests for reimbursement must be supported by documentation of the expense, such as lodging receipts and mileage logs, in order to be processed for payment.

5. Requests for reimbursement should be submitted to the following address:
    Ms. Michelle Gilsdorf
    Grants and Financial Management Section
    Michigan State Police, Emergency Management and Homeland Security Division
    P.O. Box 30634
    Lansing, Michigan 48909

6. Requests for reimbursement will be reviewed by the Grants and Financial Management Section for completeness and forwarded to the MSP/EMHSD Financial Officer for review and approval.

7. Once approved, payment for reimbursement will be processed within 7 days.

8. Questions should be directed to Ms. Penny Burger, EMHSD Financial Officer, at 517-284-3991 or burgerp@michigan.gov.

MICHIGAN DEPARTMENT OF TALENT AND ECONOMIC DEVELOPMENT

TED Assistance Programs for Individuals and/or Government:

MEDC MSF

Community Development

a. **Program Name: Redevelopment Ready Communities**
b. Agency Responsible for program: MEDC
c. Point of Contact: Jennifer Rigterink
d. Type of Support (Individual or Government): Government
e. Eligibility Guidelines: Flint is in the program and is an eligible applicant.
f. Benefits Available: Technical Assistance dollars that could be used for training on planning/marketing/crisis management, etc.
g Application Process: Request from community

a. **Program Name: Core Communities Fund**
b. Agency Responsible for program: MEDC
c. Point of Contact: Katharine Czarnecki
d. Type of Support (Individual or Government): Government
e. Eligibility Guidelines: Flint is an eligible applicant as a Core Community
f. Benefits Available: Up to $250,000 is available to be used for economic development activities, infrastructure is eligible.
g. *Application Process: Form for community to complete, but should work directly with MEDC staff*

Capital Access

a. **Program Name: Collateral Support Program**
b. *Agency Responsible for program:* MEDC
c. Point of Contact. Chris Cook
d. Type of Support: Individual
e. Eligibility Guidelines: A federally regulated bank or credit union willing to provide new debt to a qualified for profit operating company. Borrower must be primarily operating in one of the following industries: manufacturing, wholesale & trade, research & development, mining, film & digital media productions, HQ office operations, or businesses that are qualified high technology businesses. Support limited to the lesser of 49.9% of the loan amount or $5,000,000. Fees of 1-3% of MSF support amount at closing and annually thereafter.
f. Benefits Available: Provide access to capital to companies that would otherwise not be able to access that capital due to a lack of collateral.
g. Application Process: The lender provides its underwriting document, along with an application form and company background check form, to MEDC Capital Access for evaluation and due diligence.

a. ***Program Name: Loan Participation Program***
b. Agency Responsible for program: MEDC
c. Point of Contact: Chris Cook
d. Type of Support: Individual
e. Eligibility Guidelines: A federally regulated bank or credit union or certified development financial institution willing to provide new debt to a qualified for profit operating company. Borrower must be primarily operating in one of the following industries: manufacturing, wholesale & trade, research & development, mining, film & digital

media productions, HQ office operations, or businesses that are qualified high technology businesses. Support limited to the lesser of 49.9% of the loan amount or $5,000,000. Fees of 1-3% of MSF support amount at closing and annually thereafter.

f. Benefits Available: Provide access to capital to companies that would otherwise not be able to access that capital due to a lack of cash flow in the near term.
g. Application Process: The lender provides its underwriting document, along with an application form and company background check form, to MEDC Capital Access for evaluation and due diligence.

a. **Program Name: Loan Guaranty Program**
b. Agency Responsible for program: MEDC
c. Point of Contact: Chris Cook
d. Type of Support: Individual
e. Eligibility Guidelines: A federally regulated bank or credit union or certified development financial institution willing to provide new debt to a qualified for profit operating company. Support limited to not more than of 80% of the loan amount. Fees of 1-3% of MSF support amount at closing and annually thereafter.
f. Benefits Available: Provide access to capital to companies that would otherwise not be able to access that capital due to increased risk as determined by the senior lender.
g. Application Process: The lender provides its underwriting document, along with an application form and company background check form, to MEDC Capital Access for evaluation and due diligence.

a. **Program Name: Private Activity Bond**
b. Agency Responsible for program: MEDC
c. Point of Contact: Chris Cook
d. Type of Support: Individual
e. Eligibility Guidelines: Borrower must be primarily involved in manufacturing, be a not-for-profit corporation, or be a solid or hazardous waste disposal facility. Maximum bond amount is $1 million free of any restrictions on capital expenditures or $10 million subject to the condition that the company's total capital expenditure in the locality over the three years before and three years after the date of the issuance does not exceed $20 million. There is no size limit for bonds issued to finance solid or hazardous waste disposal facilities. Fees apply based on the amount of the bond
f. Benefits Available: Provide firms with capital cost savings stemming from the difference between taxable and tax-exempt interest rates.
g. Application Process: Applicant prepares an application for the bond and submits it to MSF staff. MSF considers an inducement resolution at its public meeting recognizing the public purpose of the project. Applicant structures the financing and bond counsel begins to prepare documents. MSF considers adoption of authorizing resolution.

Business Development

a. **Program Name – Michigan Business Development Program**
b. Agency Responsible for program – MEDC
c. Point of Contact – Josh Hundt
d. Type of Support (Individual or Government) – Government

a. **United States Department of Agriculture – Rural Business Development Initiative Grants**
b. Agency Responsible for program – USDA
c. Point of Contact – Jennifer Tebedo
d. Type of Support (Individual or Government) – Government
e. Eligibility Guidelines – Rural areas outside the boundaries of a city of $50,000 or more and its immediately adjacent urbanized area to support community economic development.
f. Benefits Available – cash grant
g. Application Process – Applications are accepted through the USDA Rural Development's local or State Office once per year.

a. **United States Department of Commerce – Planning Program and Local Technical Assistance Program**
b. Agency Responsible for program – US EDA
c. Point of Contact – Jennifer Tebedo
d. Type of Support (Individual or Government) – Government
e. Eligibility Guidelines – assists eligible recipients in developing economic development plans and studies designed to build capacity and guide the economic prosperity and resiliency of an area or region. The Planning program helps support organizations, including District Organizations, Indian Tribes, and other eligible recipients, with Short Term and State Planning investments designed to guide the eventual creation and retention of high-quality jobs, particularly for the unemployed and underemployed in the Nation's most economically distressed regions.
f. Benefits Available – cash grant
g. Application Process – Applications are accepted on a continuous basis through the regional or State Office.

a. **United States Department of Commerce – Public Works and Economic Adjustment Assistance Programs**
b. Agency Responsible for program – US EDA
c. Point of Contact – Jennifer Tebedo
d. Type of Support (Individual or Government) – Government
e. Eligibility Guidelines – EDAP makes construction, non-construction, and revolving loan fund investments to support the implementation of regional economic development strategies designed to create jobs, leverage private capital, and encourage economic resilience.
f. Benefits Available – cash grant
g. Application Process – Applications are accepted on a continuous basis through the regional or State Office.

MSHDA

Program Names: Community Development Block Grant Program (CDBG) and HOME

Agency Responsible For Programs:

Non-Entitlement Areas – Statewide

CDBG: Michigan Strategic Fund/Collaborative Community Development
Contact Person: Katherine Czarnecki Phone Number: 517.241.4950

HOME: Michigan State Housing Development Authority
Contact Person: Michelle Wildman Phone Number: 517.373.4363

Entitled Areas receive a direct allocation from the U.S. Department of Housing and Urban Development (HUD). Flint falls under the category of an Entitled Area and in FY15, HUD directly awarded Flint $3,617,741 in CDBG and $666,059 in HOME.

Type of Support: CDBG and HOME Federal Assistance

CDBG Eligibility Guidelines:
There is a lot of flexibility overall within CDBG. Note: activities identified in the City of Flint's Consolidated Plan include: **"Community Development and Infrastructure** - The City has 540 miles of water distribution lines, 570 miles of sanitary lines, and 350 miles of storm rain water lines. *Much of this infrastructure is over 100 years old and in need of reconstruction or replacement.* Insufficient funds are the major obstacle to addressing this need. CDBG and municipal financing represent a fraction of what is needed to address the problem. Additional funds from state and federal sources are needed and are being sought. CDBG will help fill the gap of inadequate resources to maintain community facilities and increase services."

For additional details go to the attached hyperlink City of Flint Consolidated Plan Link.

Overall CDBG can be used for: Acquisition of Real Property; Disposition; Public Facilities and Improvements; Clearance; Public Services; Interim Assistance; Relocation; Loss of Rental Income; Privately-Owned Utilities; Rehabilitation; Construction of Housing; Code Enforcement; Special Economic Development Activities; Microenterprise Assistance; Special Activities by CBDOs; Homeownership Assistance; *Planning and Capacity Building; Program Administration Costs and Miscellaneous Other Activities.*

CDBG can be qualified based on Urgent Need: An activity designated to alleviate existing conditions and the grantee certifies that those conditions are a serious and immediate threat to the health or welfare of the community, they are of recent origin or recently became urgent, the grantee is unable to finance the activity on its own, and other sources of funds are not available.

CDBG can be qualified based L/M Income Area Benefit: Can be used for an activity the benefits of which are available to all the residents in a particular area that is primarily residential, and at least 51% of those residents (or fewer if the exception criteria apply) are L/M income persons. **See hyperlink page 37 for a list of eligible census tracts.

HOME Eligibility Guidelines:
The actual activities that have been identified in the Consolidated Plan (hyperlink Page 155) are homebuyer assistance and refinancing of existing debt on multi-family projects.

Overall HOME can be used for: home purchase or rehabilitation financing assistance to eligible homeowners and new homebuyers; build or rehabilitate housing for rent or ownership; or for other reasonable and necessary expenses related to the development of non-luxury housing, including site acquisition or improvement, demolition of dilapidated housing to make way for HOME-assisted development, and payment of relocation expenses. HOME funds can also sometimes be used for tenant-based rental assistance contracts.

HOME can be qualified based L/M Income Household Benefit: *The incomes of households receiving HUD assistance must not exceed* 80 percent of the area median. HOME income limits are published each year by HUD. For rental housing and rental assistance, at least 90 percent of benefiting families must have incomes that are no more than 60 percent of the HUD-adjusted median family income for *the area In rental projects with five or more assisted units,* at least 20% of the units must be occupied by families with incomes that do not exceed 50% of the HUD-adjusted median.

Benefits Available/Application Process: Undetermined – contact with the City of Flint regarding current allocation balances for FY15 and prior years is recommended.

Program Name: Housing Choice Vouchers (HCV)

Agency Responsible: HUD, MSDHA

Point of Contact: Kelly Rose

Type of Support: Individual, Rental Assistance

Eligibility Guidelines: 80% of applicants must be below 30% AMI, 20% below 50% AMI. Applicants must pass criminal screening that they do not have any violent crime in the past 24 months or drug offenses in last 12 months.

Benefits Available: HCV program pays a portion of the participants rent and utilities. It does not have any home repair funding component.

Application Process: MSHDA has a Homeless preference—homeless service agencies across the state can enter homeless person's application on waiting list. Non-homeless individuals/families must apply when the County resident waiting list is open for applications. This happens periodically when waiting lists get low on applicants. When vouchers are available names are pulled off the waiting list and applicants are contacted to fill out an application so their eligibility can be determined. Once eligibility is determined, they are issued a voucher and search for a rental unit. The unit is then inspected for HUD's HQS standards (does not have a water quality component) and if the unit passes a contract with the landlord is done and the family moves into the unit.

Editorial Comments: This program is not able to directly help with the Flint water issue. We are formulating a plan in consultation with HUD as to notifying individuals of their ability to get free water filters, etc. as well as their options for moving if they would like to relocate. We are also considering inspecting all homes with children 6 and under for proper installation of water filters.

Program Name: *Section 8 Project Based Rental Assistance (Subsidized and Public Housing)*

Agency Responsible for Program: HUD, MSHDA

Point of Contact: Daphne Wells

Type of Support: Individual. It provides rental assistance to tenants who reside at a property that has a project based rental assistance Section 8 contract with HUD. MSHDA administers this subsidy as a HUD subcontractor and in some instances has provided financing to build/rehab some of these properties.

Eligibility guidelines: Housing is available to income eligible individuals at these specific properties. Eligible applicants must apply individually at each property in which they are interested in living at and each property has a tenant selection criteria that is adhered to for prospective applicants. Each individual property maintains its own waiting list for applicants wishing to reside there.

Benefits Available: *This program wouldn't* have any benefits available to the Flint Water issue in that the Section 8 housing is tied to a specific property and only offers rent assistance.

Application Process: Applicants can apply at each individual rental property.

Editorial Comments: The only thing that really fits this category (Subsidized and Public Housing) is the Section 8 program as it provides rental assistance to tenants. Nothing in the program can help as it relates to the water issue as the assistance is tied to the building itself. There isn't anything in the program that would help in this situation except using our contacts with agents and owners in Flint to provide them information as we have talked about.

Program Name: MSHDA Housing Development Fund

Agency Responsible for Program: MSHDA

Point of Contact: Brian Mills

Type of Support: Individual. It provides rental assistance to tenants who reside at a property that has a project based rental assistance Section 8 contract with HUD. MSHDA administers this subsidy as a HUD subcontractor and in some instances has provided financing to build/rehab some of these properties.

Eligibility guidelines: In order for a proposal to be eligible for MSHDA's Statewide Partnership Grant program, the proposed activities must fit within one of five categories (Demolition, Land Acquisition & Development, Neighborhood Service Centers, Capital Improvements, or Community Development).

Benefits Available: Grants are limited discretionary budget dollars generated from interest from MSHDA earning on loan proceeds. Grants under $250,000 do not require formal board approval.

Application Process: Application is attached

Editorial Comments: Pursuant to communications with Mel Brown a few months ago, we suggested a number of different potential ideas for grant use in Flint. Those are detailed below:

- Pay for the costs of water quality analysis of all MSHDA backed mortgages in Flint. Evidently FHA is now conditioning all appraisals in Flint on a water quality analysis – and depending on the results won't put the mortgage through without the addition of a water infiltration system of some kind. Cost estimates are around $3,000 per home which is apparently having a negative impact on an already difficult real estate market.
- Pay for the replacement of water lines owned by residents with MSHDA mortgages within the city that need to be replaced or lines to homes with MSHDA backed mortgages or incomes less than 50% AMI.
- Pay for a percentage of the reconnection fee to acquire water from Detroit up to an amount not to exceed the % of MSHDA financed homes or low income households in the city (50% AMI).
- Pay for the replacing the city's municipal water line infrastructure associated with water lines being replaced to homes in the city with MSHDA backed mortgages or those household at or below 50% AMI.
- Pay for a percentage of any new infrastructure costs associated with the build out of a new water supply system so long as the amount doesn't exceed the % of MSHDA financed homes or low-income households in the city (50% AMI).
- Purchase of water for low income households (50% AMI).
- Purchase of water filters for any low income households (50% AMI).

Program Name: Housing Counseling

Editorial Comment: We have one Counseling agency in Flint right now (Metro Community Development) and they are not involved with water/filter distribution nor are they a site for people to get these items. More information regarding program information can be obtained from Mary Townley at 517.373.6864

Program Name: Self-help Homeownership Opportunity Program (SHOP)

Editorial Comments: The SHOP program is not administered by MSHDA. Mary Townley has calls into HUD to find out who in the state offers this product. Above is a product eligibility information showing that it is administered through non-profits.

SHOP awards grant funds to eligible national and regional non-profit organizations and consortia to purchase home sites and develop or improve the infrastructure needed to set the stage for sweat equity and volunteer-based homeownership programs for low-income persons and families. SHOP funds must be used for eligible expenses to develop decent, safe and sanitary non-luxury housing for low-income persons and families who otherwise would not become homeowners. Homebuyers must be willing to contribute significant amounts of their own sweat equity toward the construction or rehabilitation of their homes.

SHOP is authorized by the Housing Opportunity Program Extension Act of 1996, Section 11, and is subject to other Federal crosscutting requirements. No separate program regulations exist. All program requirements are listed in the applicable SHOP Notice of Funding Availability (NOFA).

Eligible Applicants: National and regional nonprofit organizations or consortia with experience in using homebuyer and volunteer labor to build housing may apply for SHOP grants. Applicants must have completed at least 30 units of self-help homeownership housing within the last 24 months. Eligible homebuyers must apply to participate in the SHOP program through a current SHOP grantee or one of their affiliates.

Application: SHOP grant funds are made available through HUD's annual SHOP NOFA competition. The SHOP NOFA is published on HUD's e-grant portal. Once the NOFA is published, eligible applicants may apply through this e-grant portal.

Eligible Activities: SHOP grant funds can only be used for land acquisition, infrastructure improvements, and administrative costs. Total land acquisition and infrastructure improvement costs cannot exceed an average of $15,000 in SHOP assistance per unit. Administrative costs cannot exceed 20% of the SHOP grant amount. SHOP grantees must leverage other funds for the new construction or rehabilitation of their SHOP units.

Program Name: HOPE

Editorial Comments: At this time MSHDA is unaware of this program and do not administer functions related to it.

TIA/WDA

Program Name: Workforce Innovation and Opportunity Act (WIOA) Adult Program
Agency Responsible for Program: Workforce Development Agency (WDA)
Point of Contact: Krista Johnson, Manager, WIOA Title I Section
Type of Support (Individual or Government): Government
Eligibility Guidelines: Adults Age 18 and Older, Priority is given to recipients of public assistance, other low income individuals, and individuals who are basic skills deficient.
Benefits Available:
Basic Career Services: Basic career services are available to all adults and may include: program information and basic assessment, general information, individual job development, advanced job club, advanced screened referrals, group activities, and job search.
Individualized Career Services: Individualized career services are designed for adults who have been unable to obtain employment through core services and have been determined to be in need of more individualized services. Individualized career services may include: comprehensive and specialized assessments, individual employment planning, counseling, short-term pre-vocational skills, case management, literacy activities, out-of-area job search, relocation assistance, internships and work experience.
Training Services: Training services, if made available, may include occupational skills training, On-the-Job training, workplace training with related instruction, registered apprenticeship, incumbent worker training, pre-apprenticeship training, skill upgrading and retraining, entrepreneurial training, transitional jobs, and adult education and literacy training provided in combination with another training service.
Application Process:
Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.

Program Name: Workforce Innovation and Opportunity Act (WIOA) Dislocated Worker Program
Agency Responsible for Program: Workforce Development Agency (WDA)
Point of Contact: Krista Johnson, Manager, WIOA Title I Section
Type of Support (Individual or Government): Government
Eligibility Guidelines:
A dislocated worker is an individual who:
1. Has been terminated or laid off, or who has received a notice of termination or layoff; and
   Is eligible for or has exhausted entitlement to unemployment compensation; or
   Has been employed for a duration sufficient to demonstrate attachment to the workforce, but is not eligible for unemployment compensation; and
   Is unlikely to return to a previous industry or occupation.
2. Has been terminated or laid off, or has received a notice of termination or layoff, from employment as a result of any permanent closure of, or any substantial layoff at, a plant, facility, or enterprise; or
   Is employed at a facility at which the employer has made a general announcement that such facility will close within 180 days; or
   Is employed at a facility at which the employer has made a general announcement that such facility will close.
3. Was self-employed but is unemployed as a result of general economic conditions.
4. Is a displaced homemaker.
5. Is the spouse of a member of the Armed Forces on active duty and who has experienced a loss of employment as a direct result of relocation to accommodate a permanent change in duty station of such member; or
   Is the spouse of a member of the Armed Forces on active duty and whose family income is significantly reduced because of a deployment, a call or order to active duty pursuant to a provision of law, a permanent change of station, or the service connected death or disability of the member; and
   Is unemployed or underemployed and is experiencing difficulty in obtaining or upgrading employment.

Benefits Available:
Basic Career Services: Basic career services are available to all dislocated workers and may include: program information and basic assessment, general information, individual job development, advanced job club, advanced screened referrals, group activities, and job search.

Individualized Career Services: Individualized career services are designed for dislocated workers who have been unable to obtain employment through core services and have been determined to be in need of more individualized services. Individualized career services may include: comprehensive and specialized assessments, individual employment planning, counseling, short-term pre-vocational skills, case management, literacy activities, out-of-area job search, relocation assistance, internships and work experience.

Training Services: Training services, if made available, may include occupational skills training, On-the-Job training, workplace training with related instruction, registered apprenticeship, incumbent worker training, pre-apprenticeship training, skill upgrading and retraining, entrepreneurial training, transitional jobs, and adult education and literacy training provided in combination with another training service.

Application Process:

Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.

Program Name: **Workforce Innovation and Opportunity Act (WIOA) National Dislocated Worker Grants (NDWGs) – previously called National Emergency Grants (NEGs) under the WIA**

Agency Responsible for Program: Workforce Development Agency (WDA)

Point of Contact: Krista Johnson, Manager, WIOA Title I Section

Type of Support (Individual or Government): Government

Eligibility Guidelines:

A dislocated worker is an individual who:

1. Has been terminated or laid off, or who has received a notice of termination or layoff; and
   - Is eligible for or has exhausted entitlement to unemployment compensation; or
   - Has been employed for a duration sufficient to demonstrate attachment to the workforce, but is not eligible for unemployment compensation; and
   - Is unlikely to return to a previous industry or occupation.
2. Has been terminated or laid off, or has received a notice of termination or layoff, from employment as a result of any permanent closure of, or any substantial layoff at, a plant, facility, or enterprise; or
   - Is employed at a facility at which the employer has made a general announcement that such facility will close within 180 days; or
   - Is employed at a facility at which the employer has made a general announcement that such facility will close.
3. Was self-employed but is unemployed as a result of general economic conditions.
4. Is a displaced homemaker.
5. Is the spouse of a member of the Armed Forces on active duty and who has experienced a loss of employment as a direct result of relocation to accommodate a permanent change in duty station of such member; or
   - Is the spouse of a member of the Armed Forces on active duty and whose family income is significantly reduced because of a deployment, a call or order to active duty pursuant to a provision of law, a permanent change of station, or the service connected death or disability of the member; and
   - Is unemployed or underemployed and is experiencing difficulty in obtaining or upgrading employment.

Benefits Available:

Basic Career Services: Basic career services are available to all dislocated workers and may include: program information and basic assessment, general information, individual job development, advanced job club, advanced screened referrals, group activities, and job search.

Individualized Career Services: Individualized career services are designed for dislocated workers who have been unable to obtain employment through core services and have been determined to be in need of more individualized services. Individualized career services may include: comprehensive and specialized assessments, individual employment planning, counseling, short-term pre-vocational skills, case management, literacy activities, out-of-area job search, relocation assistance, internships and work experience.

Training Services: Training services, if made available, may include occupational skills training, On-the-Job training, workplace training with related instruction, registered apprenticeship, incumbent worker training, pre-apprenticeship training, skill upgrading and retraining, entrepreneurial training, transitional jobs, and adult education and literacy training provided in combination with another training service.

Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.

Disaster Relief Employment Specific NDWGs:

The Secretary of Labor is authorized to award NDWGs to provide assistance to the Governor of any state whose boundaries include a disaster area in order to provide disaster relief employment assistance in the disaster area.

"Emergency or disaster" means:

1. An emergency or a major disaster, as defined in paragraphs (1) and (2), respectively, of Section 102 of the Robert T. Stafford Disaster Relief Emergency Assistance Act; or
2. An emergency or disaster situation of national significance that could result in a potentially large loss of employment, as declared or otherwise recognized by the chief official of a Federal agency with authority for or jurisdiction over the Federal response to the emergency or disaster situation.

The term "disaster area" means an area that has suffered or in which has occurred an emergency or disaster.

If awarded, funds shall be used in coordination with the Administrator of the Federal Emergency Management Agency, as applicable, to provide disaster relief employment on projects that provide food, clothing, shelter, and other humanitarian assistance for emergency and disaster victims, and projects regarding demolition, cleaning, repair, renovation, and reconstruction of damaged and destroyed structures, facilities, and lands located within the disaster area and in offshore areas related to the emergency or disaster.

An individual may be eligible to be offered disaster relief employment if such individual is:

1. A dislocated worker;
2. A long-term unemployed individual;
3. Temporarily or permanently laid off as a consequence of the emergency or disaster; or
4. In the case of an individual who is self-employed, becomes unemployed or significantly underemployed as a result of the emergency or disaster.

No individual may be employed for more than 12 months for work related to recovery from a single emergency or disaster, unless an extension is granted by the Secretary of Labor. Extensions granted by the Secretary of Labor may not exceed an additional 12 months.

Program Name: **Workforce Innovation and Opportunity Act (WIOA) Youth Program**

Agency Responsible for Program: Workforce Development Agency (WDA)

Point of Contact: Krista Johnson, Manager, WIOA Title I Section

Type of Support (Individual or Government): Government

Eligibility Guidelines:

Out-of-School Youth (OSY) are individuals who are:

- Not attending any school (as defined by State law);
- Not younger than age 16 or older than age 24; and
- One or more of the following:
    - A school dropout;
    - A youth who is within the age of compulsory school attendance, but has not attended school for at least the most recent complete school year calendar quarter;
    - A recipient of a secondary school diploma or its recognized equivalent who is a low-income individual and is:
        - Basic skills deficient; or
        - An English language learner.
    - An individual who is subject to the juvenile or adult justice system;
    - A homeless, runaway, or current/prior foster youth;
    - An individual who is pregnant or parenting;
    - A youth who is an individual with a disability; or
    - A low-income individual who requires additional assistance to enter or complete an educational program or to secure or hold employment.

In-School Youth (ISY) are individuals who are:

- Attending school (as defined by State law);

- Not younger than age 14 or older than age 21 (unless an individual with a disability who is attending school under State law);
- A low-income individual; and
- One or more of the following:
    - Basic skills deficient;
    - An English language learner;
    - An offender;
    - A homeless, runaway, or current/prior foster youth;
    - Pregnant or parenting;
    - A youth who is an individual with a disability; or
    - An individual who requires additional assistance to complete an educational program or to secure or hold employment.

Benefits Available:

Available services include tutoring; study skills training; alternative secondary school offerings; dropout recovery services; paid and unpaid work experiences, including summer employment opportunities; occupational skills training; education offered concurrently with workforce preparation; leadership development opportunities; supportive services; adult mentoring; follow-up services; comprehensive guidance and counseling; financial literacy education; entrepreneurial skills training; provision of labor market and employment information; and activities that help youth prepare for, and transition to, post-secondary education and training.

Application Process:

Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.

Program Name: Community Ventures

Agency Responsible for Program: Workforce Development Agency (WDA)

Point of Contact: James Durian, Manager, Community Ventures

Type of Support (Individual or Government): Government

Eligibility Guidelines: Flint residents who are DHHS clients, PATH participants, ex-offenders, and persons with disabilities.

Benefits Available: Connection to employment and comprehensive 24 months of wraparound services after job placement. Community Ventures (CV) can assist Flint residents negatively impacted by contaminated drinking water by providing employment and wraparound services to those effected. CV can also help recruit and retain companies in Flint by partnering with companies and bringing companies together in coordinated community development efforts to help Flint residents. We have done this through promoting social enterprise partnerships like New Life Enterprises, through the formation of an Employer Resource Network (ERN), in Flint, and by partnering with United Way and local financial institutions in providing hard ship loans and financial literacy to Flint residents. CV could expand upon these efforts with a special focus on helping those most negatively impacted by the water crisis.

Application Process: Participants are referred from Mott Community College, Genesee-Shiawassee MWA (MWA), Mid-Michigan Goodwill, New Life Enterprises or DHHS.

Program Name: Job's for America's Graduates

Agency Responsible for Program: Workforce Development Agency (WDA)

Point of Contact: Krista Johnson, Manager, WIOA Title I Section

Type of Support (Individual or Government): Government

Eligibility Guidelines: Students from middle school to 21 years of age.

The JAG Flint program targeted at-risk students at two Flint-area high schools (Flint Northwestern and Flint Southwestern) to help them earn a high school diploma and prepare for college/careers following high school.

Benefits Available:

JAG-Flint's mission focuses on the following:

- Deliver a unique set of services to at-risk and disadvantaged youth in high school;
- Provided follow-up services which will result in the graduate's pursuing a postsecondary education; and
- Ensured the participants entered the workforce in a quality job leading to a career.

The primary objectives of The JAG Model program are:

- Keep program participants in school through graduation.
- Extend program services to participants for 12 months after graduation.
- Assist graduates or completers in pursuit of a postsecondary education and/or an entry-level job that leads to a career.
- Deliver services to non-graduates and non-completers during the 12-month follow-up period to attain a GED certificate or a high school diploma.

Application Process: Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.

Program Name: Partnership Accountability Training Hope (PATH)
Agency Responsible for Program: Workforce Development Agency (WDA)
Point of Contact: Brian Marcotte, Manager, Welfare Reform Section
Type of Support (Individual or Government): Government
Eligibility Guidelines: Individuals receiving Family Independence Program cash assistance (TANF)
Benefits Available: PATH is the work participation program required for families receiving cash assistance through the Family Independence Program administered by the Michigan Department of Health and Human Services. The Primary goals of PATH are two-fold. First, PATH will identify barriers and help participants connect to the resources they need to obtain employment. Second, the program helps Michigan reach the federally mandated 50% work participation requirement. Work participation is defined by the total number of participants fully engaged in job preparedness training, job search activities, and employment as a percentage of the states work eligible individuals receiving cash assistance.
The program is designed to assist eligible individuals in obtaining employment by offering job search assistance and work skills enhancement. The program offers vocational/occupational training, high school completion or GED attainment and a full range of supportive services that may be required to meet the job search and retention needs of the participants.
Application Process: Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.

Program Name: Trade Adjustment Assistance (TAA) Program
Agency Responsible for Program: Workforce Development Agency (WDA)
Point of Contact: Tammy Flynn, Manager, TAA Section
Type of Support (Individual or Government): Government
Eligibility Guidelines: Individuals are eligible for the TAA program who have a qualifying separation from a company with a certified petition by the US Department of Labor (USDOL). A petition identifies a worker group at a specific firm or subdivision and covers all individuals in that group. Generally, if a worker is laid off, a petition must be submitted within one year of the layoff for that worker to be covered by the petition and the certification, if USDOL grants the petition. A group of workers may be eligible for TAA if their jobs are lost or threatened due to trade-related circumstances as determined by the USDOL investigation.
After the investigation, USDOL determines group eligibility to apply for TAA benefits and services. Workers in a certified group will be notified by their local Michigan Works! Agency, at which time they may apply for individual eligibility for benefits and services.
Benefits Available: Employment and case management services: Assessments, career guidance, pre-vocational services, labor market information, supportive services, information on financial aid, employment planning, and information on training.
Training: Up to 130 weeks of training including:
- Classroom training
- On-the-job training
- Customized training
- Registered Apprenticeships

Trade Readjustment Allowances (TRA): Up to 130 weeks of wage subsidies for workers enrolled in fulltime training within 26 weeks of their trade-related layoff or certification, whichever is later.
Re-employment Trade Adjustment Assistance: A wage subsidy for workers age 50 or over who are re-employed at annual wages of $50,000 or less.
Job Search Allowance: Reimbursement for job search costs outside the worker's local area.
Relocation Allowance: Reimbursement for relocation costs for a job outside the worker's local area.
Application Process: Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.

To learn more about how to file a petition, check on the status of a petition, or to obtain more information on benefits and services, please visit www.doleta.gov/tradeact or contact Tammy Flynn at flynnt@michigan.gov.

Program Name: GED To School
Agency Responsible for Program: Workforce Development Agency (WDA)
Point of Contact: Keenan Wade
Type of Support (Individual or Government): Government
Eligibility Guidelines: Must Pass Official Practice Test or Complete Adult Education GED Preparation Course.
Benefits Available: $150 per candidate to pay the cost of GED testing fees.
Application Process: Individuals should visit the GED To School website at http://michigan.gov/wda/0,5303,7-304-64362-298726--,00.html or call 517-373-1692 for additional information.

Program Name: Adult Education Program
Agency Responsible for Program: Workforce Development Agency (WDA)
Point of Contact: Cliff Akujobi, State Administrative Manager
Type of Support (Individual or Government): Government
Eligibility Guidelines: Adults Age 16 and Older
Benefits Available: Adult Education provides an opportunity for students to improve or achieve education levels equivalent to those of high school graduates each year. Instruction is tailored to meet the individual needs of adult students. Standardized tests identify existing skill levels, appropriate instruction, and academic gains due to instruction. Adult Education consists of five components:

- *High School Completion: Instruction designed to fulfill the requirements for a high school diploma.*
- GED Test Preparation: Instruction in language arts, math, social studies, science, and writing, to enable successful completion of a GED test.
- Adult Literacy: Instruction in reading, English, language arts, math, and civics for adults without a high school diploma. The most basic literacy courses teach adults to read.
- English as a Second Language: Instruction in reading, speaking, writing, and understanding the English language.
- Labor Employment Related/Employer Workforce Readiness: Instruction in job- or employment-related mathematics, *reading, and communication skills.* Instruction may be "applied," which means that the academic material is directly related to specific job requirements.

Application Process:
Individuals should contact the Office of Adult Education at 517-373-8800 or visit the Adult Education website at http://www.michigan.gov/wda/0,5303,7-304-64362---,00.html

STATE OF MICHIGAN
DEPARTMENT OF STATE POLICE
LANSING

RICK SNYDER
GOVERNOR

COL KRISTE KIBBEY ETUE
DIRECTOR

June January 2221, 20152016

Mr. s. Erik Hingst Kathleen Wahl
Emergency Management CoordinatorWalmart Foundation
Director of Public Affairs
Maryland (local), Michigan & Ohio
208 N. Capitol Ave.
3rd Floor
Lansing, Michigan 48933
Department of Health and Human Services
Division of Emergency Preparedness and Response
201 Townsend Street
Lansing, MI 48913

Dear Mr. Hingsts Wahl

Governor Snyder declared a "State of Emergency/Disaster" on January 5th, 2016 for Genesee County due to water contamination. The declaration makes available all state resources in cooperation with local response and recovery efforts in Genesee County as outlined in the Michigan Emergency Management Plan (authorized by the Emergency Management Act, 1976 PA 390).

Formatted: Superscript

The Michigan State Police Emergency Management and Homeland Security Division (MSP EMHSD) is requesting water filters to help meet our resource needs for the citizens of Flint and Genesee County. Please provide available NSF certified filters as soon as you are able. Enclosed is the Fiscal Year (FY) 2013 Homeland Security Grant Program (HSGP) Grant Agreement package for the Division of Emergency Preparedness and Response. Please return the required grant documentation listed on the enclosed *Subgrantee Checklist* to our office at the following address:

Attention: Ms. June Martin
Emergency Management and Homeland Security Division
Michigan Department of State Police
4000 Collins Road
Lansing, Michigan 48910

This grant agreement does not provide inclusive approval of all project items and activities. You must seek prior approval for all purchases or activities.

Reimbursement for expenditures will be determined on a case-by-case basis using the criteria established in the *Fiscal Year 2013 Homeland Security Grant Program Funding Opportunity Announcement* located at http://www.fema.gov/grants.

This grant agreement and all required attachments must be completed, signed, and returned no later than August 24, 2015. If this requirement is not met, this grant agreement will be invalid after August 24, 2015, unless a prior written exception is provided by the Michigan Department of State Police, Emergency Management and Homeland Security Division.

If you have any questions regarding this correspondence or the FY 2013 Homeland Security Grant Program, please contact Ms. Kim Richmond at (517) 333-5041 or RichmondK@michigan.gov.

City of Flint – Water Contamination/Shortage

Supplemental Projection Assumptions

- Average Daily need for Drinking and Cooking is two gallons per person
- Household and Business Count is based on those connected to City Water Utility
- Average number of persons per household is 3
- Average number of persons per business/non-profit is estimated at 10
- Replacement Cartridge Life is 100 gallons which is 16 days for household or 2 per month
- Initial Faucet filter count was for one per household
- Additional Filters and Cartridges will be needed if decision is made to provide for additional faucets
- Overtime estimate is based on operational hours of 8AM to 8PM seven days a week for staff in the SEOC and JIC/local EOC

STATE OF MICHIGAN
DEPARTMENT OF STATE POLICE
LANSING

RICK SNYDER
GOVERNOR

COL KRISTE KIBBEY ETUE
DIRECTOR

<<DATE>>

Ms Amanda Ratliff
Public Assistance Branch Chief
FEMA Region V
536 South Clark Street, 6th Floor
Chicago, Illinois 60605-1521

Re: Request for Obligation of Michigan's Public Assistance Grant Program Section 324 Management Costs for DR-MI-4195

Dear Ms Ratliff,

Please find the enclosed documentation to support the Michigan Department of State Police, Emergency Management and Homeland Security Division's (MSP/EMHSD) request for final lock-in for Management Cost funding to manage the Public Assistance Grant Program under the FEMA DR-MI-4195 declaration. In accordance with 44 CFR § 207 7 (d), the following information is being provided.

1 MSP/EMHSD will manage the Public Assistance (PA) Program as the Grantee for the State of Michigan in accordance with our Public Assistance Administrative Plan which was initially approved by FEMA November 25, 2014 It is anticipated that our Public Assistance (PA) staff will include the following positions:

- Permanent part-time PA (Ms. Brianna Briggs)
- Permanent part-time Deputy PA Officer (Mr. Jay Eickholt).
- Permanent part-time PA Specialist (Ms Carly Georgopoulos).
- Permanent part-time financial and clerical assistants (EMHSD financial and secretarial staff)

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

The above mentioned employees are full-time MSP/EMHSD employees with other duties within the division _ Since State Management Cost funding is now very limited, all eligible activity related to this disaster's administration cannot be reimbursed as it would exceed the rate allowed

Activity items a and b (see list below) were completed during the FY14 budget year by Ms. Brianna Briggs and Mr. Jay Eickholt. Activity items e. and i. (see list below) were completed during the FY15 budget year by Ms Brianna Briggs and Mr Jay Eickholt._-The costs related to activity items a and b will not be charged against the Management Costs as they were absorbed by other EMHSD funding A percentage of Ms. Carly Georgopoulos costs will be charged against Management Cost funding for assistance related to activities d through i. during years two through four. Ms. Georgopoulos is identified as the lead worker to manage the daily administrative responsibilities included within activities f through i. (see list below) No charges will be made against the Management Costs funding for items c and d as these items are being completed by several staff members, including Ms. Briggs and Mr Eickholt, for a limited period of time nor will charges be made against Management Cost funding for the much smaller percentage of Ms. Briggs and Mr Eickholt costs when they provide ongoing oversight and assistance to

Ms Georgopoulos as required (pertaining to activities e. through h) during years 2-4 The costs to administer this grant will exceed the limited Management Costs funding awarded under 44 CFR § 207 5 (b) (4), and will be absorbed by other EMHSD funds (mainly the Emergency Management Performance Grants program funding awarded to Michigan).

~~Ms. Amanda Ratliff~~
~~Page 2~~
~~<<DATE>>~~

As the grantee, MSP/EMHSD has completed or will perform the following activities:

~~a.~~ C~~c~~onduct PA Applicants' Briefings for all potential applicants in the declared counties.

~~a.~~

~~b.~~ Obtain and review Requests for Public Assistance (RPAs) application documents from organizations in the declared counties. RPAs will be forwarded to FEMA

~~b.~~

c. Assist the Project Worksheet Teams as the state field component.

d. Assist in preparing and reviewing project worksheets approved by FEMA and process appropriate reimbursement payments to applicants

~~d.~~

e. Follow-up with subgrantees for on-going large projects and hazard mitigation projects

f. Create and maintain paper and electronic record files for each applicant organization.

~~g.~~ Monitor project funding and expenditures

~~g.~~

~~h.~~ Monitor and report project progress.

~~h.~~

~~i.~~

~~i.~~ Inspect and close large project subgrants as requested by the subgrantees and approved by ~~y~~ ~~F~~FEMA.

2 A proposed budget reflecting the anticipated costs described above is attached for your review and consideration The State of Michigan has multiple levels of monitoring for the expenditure of funding, including on the programmatic level (EMHSD PA Staff), the finance level (EMHSD Grants and Financial Management Staff) Funding for the programmatic level and the finance levels has been included in the proposed budget under Years 2-4, to ensure the closeout functions are funded and completed

Based on the eligible grant management activities listed above and the corresponding budget attached, MSP/EMHSD requests obligation of the total amount of PA Management Costs for DR-MI-4195. The

FEMA Resource Request Forms (RRF):

We need to keep track of these – once FEMA has completed the bottom of the form with cost information – so we can keep track of the estimated match requirement. There are numbers written at the top in order to keep track of them. We are currently (Thursday, 1/28/16) missing numbers 1, 2,5,6,7,8,12 and 13. I have an RRF Log located at S:\Fiscal\Disaster\City of Flint Water\FEMA Resource Requests. Copies of all RRFs should be kept for our records. Logistics can get them to you. I have asked Wendy for copies today.

Thinking it's going to be a busy day for this place – 40 teams going out into the field. Yee ha! Anyhoo. I pulled together a spend plan for Captain and gave it to him. Anything I am working on I am putting into S:\Fiscal\Disaster\City of Flint. There are multiple folders in there in an effort to stay organized. There is a hard copy of what I gave Captain and I sent a copy of the email I provided to him to this email address.

I thought it would be good for you to pull the expenditures to both of the PCAs we have set up for this event. They are 28670 and 28671 – payroll and non-payroll. Just pull it in your office and dump it into Excel so you can work on it down here. The numbers I pulled into this spend plan for Captain for our overtime costs came from a EMHSD SEOC report that is also in one of these folders – based on our DCDS time sheets. I pulled the expenditures in MAIN and put them next to the estimates so you could see the difference. Food and Payroll were all it pulled. Brent said he will have his OT and Vehicle costs on Monday.

Another thing you could take a look at is the RRF forms – which are FEMA order forms. There are only a few and once FEMA places an order they put cost information at the bottom of the sheet. Mary K has two that she showed me earlier but I closed that spreadsheet without saving it. We need to start tracking what FEMA has ordered for us – water, filters, replacement cartridges and pitchers – so we can keep track of our 25% match requirements. I created the Resource Request spreadsheet; Tonya gave me a few more.

We are allowed to use donations for match purposes – see the email that I sent to this address that came from the FEMA lawyer on-site that outlines the use of donations for match. I really hope these DHHS staff members that are manning the Donations Management know what they're doing. If we don't have solid records, we won't be able to use the donations for match. If you run out of stuff to do, you could maybe bullet list out things we should make sure they have for our records when it comes to donations. Richard from DHHS gave me packing slips but they could be for purchased as well as donated water and I am not sure how they are keeping them separated. Put together the Donations bullets on Donations of Commodities B and put it in binder. I also saved a longer version (Donations of Commodities) if you need more of the details.

I made copies of first round of Packing Lists from DHHS, he also sent them via email.
I didn't see any changes in commodity purchases.
Frank said that the donated commodities need to be tracked in and out of the warehouse

Thanks, Kevin

Summary of Flint Donations

Organization	Donation
Aldi Grocery Store chain	3 semi trucks 16 pallets per truck, Will call back to arrange delivery
All State Insurance Northbrook, IL 60062	Requested information for water delivery from Chicago Office
Amway	Wants to know what is needed – to be determined
Aqua Hydrate	Plan to donate $5,000 cases of water 93 pallets every month –
Bad to the Bone Motorcycle Club	Wants to make a large Water Donation
Beecher Community Resident	Considering $5,000 water donation
Belle Tire Lansing, MI 48933	Offered Trucks to assist with the effort
William Bennett - Private	4-5 semi loads of water
Big Blok	Offered Stackable reusable Storage Containers three sizes that store and stack potable water efficiently - Can ship by car, truck, to distribute water

Genesys Hurley Cancer Flint	Water Donation 2 Pallets 84 cases
FOX 2 and iHeartRadio	2 Semi-Truck loads of cases of Water
Girls Scouts	Water Drive conducted by scouts
Good 360 Alexandria VA	Assisting put on web-site for multiple vendors to donate Walmart is one of the stores, Discussed options for disaster
Gordon Food Services	1446 cases
Grainger, Lansing	Wanted to make a financial donation, was provided the information

Guardian Mortgage Company Grand Blanc, MI	Interested in fund raising information
H2O Mex Austin Texas	Manufacture a Gravity Purification Water System. 5 gallon portable water system Not able to donate, but provide good cost
Huron High School	Water Donation 10 Pallets
Icelandic Glacial Water (Cher)	181,440 bottles to Food Bank
Islamic Relief of America's	21 pallets of water delivered 1-24-16 with group of volunteers
Kean University New Jersey	Residential services unit wants to donate water but wanted us to arrange transportation
Keller Williams Realty Ann Arbor	Developing a water drive through reality, created a flyer and is making arrangements to deliver
Life Watch Home Security Middletown, CT	Interested in donation water and filters
Lumber Liquidators Toano, VA	Semi truck of water 36,000 bottles
M.A.N. Foundation	Interested in making a Water Donation – Organization's mission is to help people when getting out of prison
Marco's Pizza Distribution	Water Donation 36 Pallets of gallon jug water
Meijer Grand Rapids, MI	Interested in helping – various people want to purchase for Flint – they are receiving many calls asking for trucks of water to send to Flint
Mercedes-Benz Financial Services Farmington Hills, MI	Wanted to make Financial donation referred to Flint Kids site
Michigan Collegiate High	Wanted to organize a Water Drive in school
Michigan Food And Soft Drink Association Pepsi, Coke,	2 Truck load each of bottled water
Michigan Freedom Fund	Offered some logistics assistance
MI VOAD	Water Donations multiple pallets – from members
Minacs Farmington Hills, MI	Have a water donation to make – trying to make arrangements for logistics
National Pipefitters Association-(Kroger)	20 pallets = 6,384 cases plus in-kind labor for installation
New Jersey	200 Pallets
Rep. Neeley	large donation of water - provided information
New York School	School wanted to do a Water Drive, will send a truck with donation in future
North American Bancard Troy, MI	Wanted to do a water drive asked for information to deliver
North American Breweries	Contacted SEOC for his company to help raise money for infrastructure needs
NSF International Ann Arbor, MI	Interested in donating filters or cartridges $10,000
Nu Delta Chapter of Delta Sigma Theta Sorority, Inc.	Money and Water Donations
Oklahoma Restaurant	Water Donation – wanted someone to pick it up, looking for options
Pearl Jam Inc. Monkeywrench Records	Requested information for quickest way to do an outreach – determining if water was needed, Put out feelers to Target and other corporations

Seattle, WA 98108	Began crowd sourcing site for Untied Way
Penske Trucks	Provided use of their trucks for deliveries
Perry High School Perry, GA	Water bottle drive
Power of People with Purpose Utica, NY	810 cases of water, provided financial donation information too
NFL Players Association NW DC 20036	He discussed Sending email to players to ask to donate
Pepsico	1000 Cases of Auafina Water
Public Allies Ohio	2 semi trucks bottled water, jugs of water, filters, and filter refills
PURR Water Filters	Will donate 10,000 Filters and 30,000 Replacement Filters Will send 10 staff members to volunteer
Ripley Music Recording August, GA	Interested in sending water donation
Rising Sons Philadelphia, OA	20, toiletries, blankets, water filters, first aid kids, survival/nature kits – (let know that those items may be needed later)
Sodexco Magic	Undetermined amount of Truck loads
Spectrum Food Group – Greek Town Casinos Detroit	Water Donation, Truckload coming
St. Joseph Public Schools 3275 Lincoln Avenue St. Joseph, MI 49085	Schools is conducting a fundraising campaign for Flint
Staples Central Michigan	40 Pallets Water
Star Walker Industries Atlanta, GA 30363	Bottle water company wants to consolidate orders to send trucks
STRAD Energy Services Calgary, Alberta	Company has Large storage ponds offered to use for Flint
Target Minneapolis, MN	10-15 Semis Water
City of Taylor	130 Pallets of Water coming from Home Depot
United Healthcare Medicare Roanoke, VA	Wanted to collect water donations and requested we arrange to send to flint
University of Central Florida	Student water drive
Village at Chandlers Crossings East Lansing, MI	100 Cases of Water
Walgreens (Perrysburg - Ohio - Distribution Center)	20 Pallets (1,680 cases of 24-pack 16 oz)
Wade Hampton School Class of 2007	Conducting a water drive, they will call with delivery details
Walmart	Trucks to Schools to be determined – will continue shipment for year
Warsaw Middle School Duplin, NC	Organizing a Water Drive
Zero Water	5 pallets of zero water filters to United Way

MEMORANDUM

TO: Chief Financial Officers and Human Resource Directors
All State Agencies

FROM: Michael J. Moody, Director
Office of Financial Management

SUBJECT: Flint Water Expenditure and Activity Tracking

In order to facilitate the tracking and monitoring of expenditures and activity related to the Flint water emergency, the Office of Financial Management (OFM) has established the following coding and processes. The coding and processes described in this memo will be used to track expenditures in MAIN and state employee activity in DCDS. Separate instructions regarding the tracking of outputs related to the Flint water emergency will be forthcoming.

Expenditure of Funds Appropriated in Public Act 3 of 2016

OFM has established a line item appropriation number (88500) that will be used for all appropriations included in Public Act 3 of 2016 (HB 5520). Each affected agency is responsible for submitting Electronic Budget Adjustment (EBA) documents using the appropriation number established by OFM and providing the necessary D23 coding for the funding source(s) identified in the appropriation act.

In addition to the submitting EBA documents, affected agencies must establish and use Program Cost Account (PCA) coding in MAIN to specify which of the activities identified in the appropriation act boilerplate are supported by expenditures. Each of the established PCA codes must include multipurpose code FNT-WTR. OFM will contact affected agencies within the next week to discuss establishment and use of the needed PCA codes in more detail.

Please note that these instructions apply only to funds appropriated in Public Act 3 of 2016. Additional instructions will be issued when future appropriations related to the Flint water emergency are enacted.

Expenditure of Other Funds

OFM has established MAIN multipurpose code FNT-WTR to be used by agencies to track expenditures of funds not appropriated in Public Act 3 of 2016 that are related to the Flint water emergency. FNT-WTR is a statewide multipurpose code that is available for use with any PCA code.

If your agency already uses multipurpose code in a manner that conflicts with using it as described above, please contact OFM as soon as possible to discuss alternative methods for tracking.

Tracking Time and Activity in DCDS

OFM has established a DCDS activity code (FDWP) that affected state employees should use to record the amount of time spent on activities related to the Flint water emergency. The activity code will be used to track employee hours devoted to activities related to the Flint water emergency. It is separate from and will have no impact on the expenditure tracking that will occur in MAIN. If employees are not familiar with the DCDS activity reporting process, the reporting is done biweekly on the "Activity" tab of the DCDS timesheet.

If you have questions regarding this memo, please contact Lora Mikula at 373-0447 or MikulaL@michigan.gov.

Flint Water Inter-Agency Coordinating Committee

Cost Reimbursement Guidelines

1. All individuals seeking reimbursement for costs related to the Flint Water Inter-Agency Coordinating Committee (FWICC) must ensure they are registered with the State of Michigan as a vendor in order to receive payment from the state. Vendor registration can be completed using the Contract and Payment Express located at www.Michigan.gov/CPExpress.

2. Reimbursements for travel costs related to FWICC activities are limited to the approved rates established by the State of Michigan, Department of Technology, Management and Budget (DTMB) which can be located at:
   http://www.michigan.gov/documents/dtmb/Travel_Rates_Jan_2016_509155_7.pdf

3. Requests for reimbursement should be in the form of a cover letter stating that all costs being submitted for reimbursement are directly related to FWICC activities and include the following information:
   - Name of individual to be reimbursed
   - Mailing address that matches the State of Michigan payment system
   - Total amount being requested for reimbursement
   - Signature of individual to be reimbursed

4. Requests for reimbursement must be supported by documentation of the expense, such as lodging receipts and mileage logs, in order to be processed for payment.

5. Requests for reimbursement should be submitted to the following address:
   Grants and Financial Management Section
   Michigan State Police, Emergency Management and Homeland Security Division
   P.O. Box 30634
   Lansing, Michigan 48909

6. Requests for reimbursement will be reviewed by the Grants and Financial Management Section for completeness and forwarded to the FWICC Chair for approval.

7. Once approved, payment for reimbursement will be processed within 7 days.

8. Questions should be directed to Ms. Penny Burger, EMHSD Financial Manager, at 517-284-3991 or burger@michigan.gov.

Maryland (local), Michigan & Ohio
208 N. Capitol Ave., 3rd Floor
Lansing, Michigan 48933

Dear Mr. Hingst:

On January 5, 2016 Governor Rick Snyder declared a State of Emergency for Genesee County because of water contamination in the City of Flint. The declaration makes available all state resources in cooperation with local response and recovery efforts in Genesee County as outlined in the Michigan Emergency Management Plan, authorized by the Emergency Management Act, PA 390 of 1976.

The State of Michigan thanks the Walmart Foundation for the generous donation of $17,920.00 of water filters to assist the citizens of Flint in response to the water contamination emergency.

Sincerely,

Capt Chris A. Kelenske, Commander
Deputy State Director of Emergency Management
and Homeland Security Division

Our Return & Warranty Policies
Please see your product manual or our website: www.zerowater.com for complete details

To return a product
Completely fill out the product return portion on the bottom of invoice. We recommend that you use delivery signature confirmation for return shipments. We are not responsible for the costs associated with your product return.
Please return your shipping information to file a claim in case of lost or damage.
Send to Zero Technologies, LLC, Returns Department, 4510 Adams Circle, Unit G, Bensalem, PA 19020.

To place a claim for a defective cartridge.
Contact customer service at 1-800-503-2939 to determine if your problem may be due to a manufacturing defect. They will attempt to troubleshoot any problems first. If a manufacturing defect is suspected you will be given special instructions regarding the process of validating the defect. See your product manual or our website for full details.

Recycling Program
We are proud to help our environment by offering a recycling program for our used filter cartridges. See your product manual or our website for full details.

Keep the top portion for your records. Please return the bottom portion with all returns so that it can be properly processed.

RECEIVED, subject to the classifications and tariffs in effect on the date of the issue of the Bill of Lading, the property described above in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated above which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its own route, otherwise to deliver to another carrier on the route to said destination. It is agreed, as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the conditions not prohibited by law, whether printed or written, herein contained, including the conditions in the applicable motor carrier classification or tariff if this is a motor carrier shipment. Shipper hereby certifies that he is familiar with all the terms and conditions of the Uniform Domestic Straight Bill of Lading set forth in the Uniform Freight Classification in effect on the date hereof, if this is a rail or rail-water shipment, or in the applicable motor carrier classification or tariff if this is a motor carrier shipment. Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

If this shipment is to be delivered to the consignee without recourse on the consignor, the consignor shall sign the following statement. The carrier shall not make delivery of this shipment without payment of freight and all other lawful charges. (Signature of Consignor)	The fibreboard and content of this shipment are not responsible of individual commodity descriptions and packaging as described in 49 Code of Federal Regulations 172, Subpart C Shipping Papers. Such description consists of the following per Section 172.202 (proper shipping name and hazard class, UN identification number, packing group, and total quantity, marks)	Note: Liability limitation for loss or damage in this shipment may be applicable. See 49 United States Code, Sections 14706(c)(1)(A) and (B)
SHIPPER PER	CARRIER PER	

If this shipment is to be delivered to the consignee without recourse on the consignor, the consignor shall sign the following statement. The carrier shall not make delivery of this shipment without payment of freight and all other lawful charges. (Signature of Consignor)

Carrier acknowledges receipt of packages and any required placards. Carrier certifies emergency response information was made available and/or carrier has the U.S. Department of Transportation emergency response guidebook or equivalent documentation in the vehicle. Property described above is received in good order, except as noted.

Our Return & Warranty Policies.
Please see your product manual or our website www.zerowater.com for complete details.

To return a product:
Completely fill out the product return portion on the bottom of invoice. We recommend that you use delivery signature confirmation for return shipments. We are not responsible for the costs associated with your product return. Please retain your shipping information to file a claim in case of loss or damage.
Send to Zero Technologies LLC., Returns Department, 4510 Adams Circle, Unit G, Bensalem, PA 19020

To place a claim for a defective cartridge:
Contact customer service at 1-800-503-2939 to determine if your problem may be due to a manufacturing defect. They will attempt to troubleshoot any problems first. If a manufacturing defect is suspected you will be given special instructions regarding the process of validating the defect. See your product manual or our website for full details.

Recycling Program.

the property described below in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract), agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of said route to destination, and as to each party at any time interested in all or any said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading set forth (1) in Official, Southern, Western and Illinois Freight Classification in effect on the date hereof, if this is a rail or a rail-water shipment, or (2) in the applicable motor carrier classification or tariff if this is a motor carrier shipment.

Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

STRAIGHT BILL OF LADING - SHORT FORM - ORIGINAL - Not Negotiable

SWC-3

RECEIVED, subject to the classifications and tariffs in effect on the date of the issue of this Bill of Lading.

The property described below, in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to route to destination, and as to each party at anytime interested in all or any of said property, that every service to be performed hereunder, shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading set forth (1) in Official, Southern, Western and Illinois *Freight Classifications in effect on the date hereof, if this is a rail or a rail-water shipment, or (2) in the applicable motor carrier classification or tariff if this is a motor carrier shipment.*

Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

Check Appropriate Box.
☐ Freight prepaid
☐ Collect

RECEIVED, subject to the classifications and tariffs in effect on the date of the issue of this Bill of Lading, the property described above in apparent good order except as noted (contents and condition of contents of packages unknown) marked, consigned and destined as indicated above which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its own route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of said route to destination and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading set forth (1) in Uniform Freight Classification in effect on the date hereof, if this is a rail or rail-water shipment, or (2) in the applicable motor carrier classification or tariff if this is a motor carrier shipment. Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

With respect to [illegible] Shipper certifies that he is familiar with all the terms and conditions of the said bill of lading, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

The agreed or declared value of the property is specifically stated by the shipper to be not exceeding [illegible] per [illegible] unless a higher value is stated in writing by the shipper. The rate is dependent upon value declared by the shipper or agreed upon in writing as the maximum or agreed weight of the property.

Subject to Section 7 of the conditions, if this shipment is to be delivered to the consignee without recourse on the consignor, the consignor shall sign the following statement: The carrier shall not make delivery of this shipment without payment of freight and all other charges.

_____ (Signature of Consignor)

Note: Liability limitation for loss or damage in this shipment may be applicable. See 49 United States Code Sections 14706(c)(1)(A) and (B).

If the classifications or tariffs in this bill of lading are in effect on the date of the issue of the bill of lading, the property described above in apparent good order except as noted (contents and condition of contents of packages unknown), marked, consigned and destined as indicated above which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its own route, otherwise to deliver to another carrier on the route to said destination. It is agreed, as to each carrier of all or any of said property over all or any portion of said route to destination and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading set forth (1) in Uniform Freight Classification in effect on the date hereof, if this is a rail or rail-water shipment, or (2) in the applicable motor carrier classification or tariff if this is a motor carrier shipment. Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

If this shipment is to be delivered to the consignee without recourse on the consignor, the consignor shall sign the following statement:

The carrier shall not make delivery of this shipment without payment of freight and all other charges.

No. Shipping Units	Kind of Packaging, Description of Articles, Special Marks and Exceptions	Commodities requiring special or additional care or attention in handling or stowing must be so marked and packaged as to ensure safe transportation with ordinary care. See Section 2(e) of National Motor Freight Classification, Item 360	Weight (Subject to Correction)*	Rate or Class	CHARGES
	SWS TN. 16,000 WC				

If the shipment moves between two ports by a carrier by water, the law requires that the bill of lading shall state whether it is "carrier's or shipper's weight."

C.O.D. Amt. $

C.O.D. FEE. PREPAID ☐ COLLECT ☐ $

TOTAL CHARGES. $

Note: Where the rate is dependent on value, shippers are required to state specifically in writing the agreed or declared value of the property.

The agreed or declared value of the property is hereby specifically stated by the shipper to be not exceeding $ Dollars

Subject to Section 7 of the conditions, if this shipment is to be delivered to the consignee without recourse on the consignor, the consignor shall sign the following statement.

The carrier shall not make delivery of this shipment without payment of freight and all other lawful charges.

(Signature of Consignor)

FREIGHT CHARGES

Check Appropriate Box:

☐ Freight prepaid

☐ Collect

The classifications and lawful charges of property described above in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated above which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is agreed, as to each carrier of all or any of said property over all or any portion of said route to destination and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading set forth (1) in Uniform Freight Classifications in effect on the date hereof, if this is a rail or rail-water shipment, or (2) in the applicable motor carrier classification or tariff if this is a motor carrier shipment. Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

If this shipment is to be delivered to the consignee without recourse on the consignor, the consignor shall sign the following statement.

The carrier shall not make delivery of this shipment without payment of freight and all other lawful charges.

(Signature of Consignor)

If charges are to be prepaid, write or stamp here, "To be Prepaid."

Received $ to apply in prepayment of the charges on the property described hereon.

Agent or Cashier

Per (The signature here acknowledges only the amount prepaid.)

If the shipment moves between two ports by a carrier by water, the law requires that the bill of lading shall state whether it is "carrier's or shipper's weight."

Note: Where the rate is dependent on value, shippers are required to state specifically in writing the agreed or declared value of the property.

The agreed or declared value of the property is hereby specifically stated by the shipper to be not exceeding $ Dollars

The fineness (quality) of metals or their alloys when goods are classified on basis of precious metals values shall be stated on the face of the Bill of Lading.

(This statement to be signed by shipper when required by the governing classification or tariff.)

Shipper hereby certifies that he is familiar with

Our Return & Warranty Policies:
Please see your product manual or our website www.zerowater.com for complete details.

To return a product
Completely fill out the product return portion on the bottom of invoice. We recommend that you use delivery signature confirmation for return shipments. We are not responsible for the costs associated with your product return. Please retain your shipping information to file a claim in case of loss or damage.
Send to Zero Technologies, LLC., Returns Department, 4510 Adams Circle, Unit G Bensalem, PA 19020.

To place a claim for a defective cartridge:
Contact customer service at 1-800-503-2939 to determine if your problem may be due to a manufacturing defect. They will attempt to troubleshoot any problems first. If a manufacturing defect is suspected you will be given special instructions regarding the process of validating the defect. See your product manual or our website for full details.

Recycling Program:
We are proud to help our environment by offering a recycling program for our used filter cartridges. See your product manual or our website for full details.

Keep the top portion for your records—Please return the bottom portion with all returns so that it can be properly processed

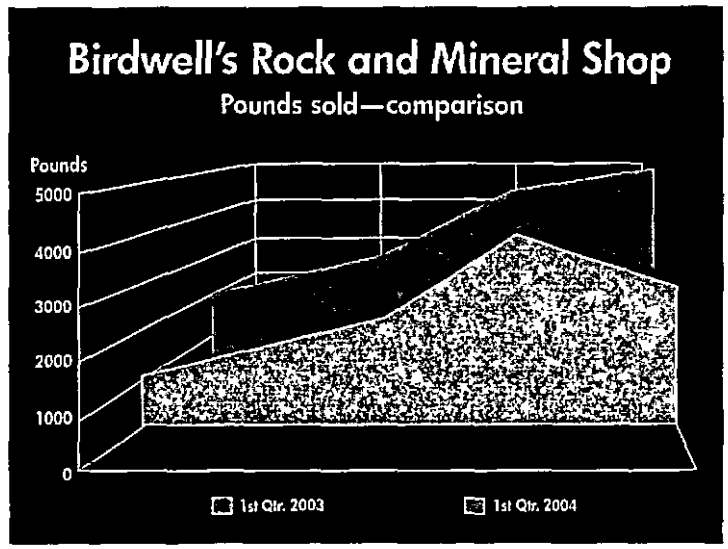
HP LaserJet 1320

you + hp



HP's professional personal LaserJet printer—ideal for any business

- Quick printing - With up to 22 ppm and Instant-on Technology, your print job is finished before many printers have even started printing
- Look Sharp - Get professional-looking documents with 1200 dpi
- Maximize your potential - Flexible options to fit your environment - take advantage of wired or wireless* networking options, automatic two-sided *printing and expandable memory*

*available on HP LaserJet 1320nw only

www.hp.com

Use genuine HP LaserJet printing supplies for professional-quality every time

- Designed together with the printer for consistently outstanding results
- Backed by HP's premium protection print cartridge warranty
- Designed for the way you work with a full range of HP professional-quality everyday papers and specialty papers

City of Flint – Water Contamination/Shortage

Supplemental Projection Assumptions

- Average Daily need for Drinking and Cooking is two gallons per person
- Household and Business Count is based on those connected to City Water Utility
- Average number of persons per household is 3
- Average number of persons per business/non-profit is estimated at 10
- Replacement Cartridge Life is 100 gallons which is 16 days for household or 2 per month
- Initial Faucet filter count was for one per household
- Additional Filters and Cartridges will be needed if decision is made to provide for additional faucets
- Overtime estimate is based on operational hours of 8AM to 8PM seven days a week for staff in the SEOC and JIC/local EOC

All donated water received today will be included in todays inventory.

Notes-
1. Filter donations from United Way will not be included in todays inventory. It is a mixed assortment of pitchers and filters that are not on our inventory.

2. Michigan Task Force water donation should read only 8000 not 80,000.

Please contact me with questions.

CITY OF FLINT, MICHIGAN
Department of Finance

Jody N. Lundquist
Chief Financial Officer

Dawn Steele
Deputy Finance Director

Date: February 18, 2016

To: Jody Lundquist
Chief Financial Officer

From: Vickie Foster, Admin. Assistant
Dept. of Finance

Subject: Financial Data – Estimate of Water Emergency and DWSD Switchover Costs

In response to the State's request for all costs associated with the water emergency and the switchover to and from the Flint River Water for the period April 2014-October 2015, please note the following:

1. Equipment and supplies totaled $18,427,859.29
2. Listing of Consumers Energy invoices detailing increased electric costs in the amount of $728,392.92
3. Personnel overtime costs associated with the after-hour and emergency water treatment totaling $160,340.57
4. Emergency IT related purchases in the amount of $249,732.82
5. Purchase of treated water from Detroit Water and Sewer Department $2,000,000

Please note that the supporting documentation, including accounts payable and payroll registers detailing overtime costs, is attached. These registers were reviewed by Water Plant Supervisor Brent Wright and Utilities Accounting Coordinator Yolanda Gray. In turn, they provided our office with a listing of those costs that were applicable.

Please let me know if you require additional information.

MICHIGAN DEPARTMENT OF TALENT AND ECONOMIC DEVELOPMENT

MEDC MSF

Community Development

a. **Program Name: Redevelopment Ready Communities**
b. Agency Responsible for program: MEDC
c Point of Contact: Jennifer Rigterink
d. Type of Support (Individual or Government): Government
e. *Eligibility Guidelines: Flint is in the program and is an eligible applicant.*
f Benefits Available: Technical Assistance dollars that could be used for training on planning/marketing/crisis management, etc.
g. Application Process. Request from community

a. **Program Name: Core Communities Fund**
b Agency Responsible for program: MEDC
c. Point of Contact: Katharine Czarnecki
d. Type of Support (Individual or Government): Government
e *Eligibility Guidelines. Flint is an eligible applicant as a Core Community*
f. Benefits Available: Up to $250,000 is available to be used for economic development activities, infrastructure is eligible
g. Application Process: Form for community to complete, but should work directly with MEDC staff

---

Capital Access

a. **Program Name: Collateral Support Program**
b. Agency Responsible for program MEDC
c. Point of Contact: Chris Cook
d. Type of Support: Individual
e. Eligibility Guidelines: A federally regulated bank or credit union willing to provide new debt to a qualified for profit operating company. Borrower must be primarily operating in one of the following industries: manufacturing, wholesale & trade, research & development, mining, film & digital media productions, HQ office operations, or businesses that are qualified high technology businesses. Support limited to the lesser of 49.9% of the loan amount or $5,000,000. Fees of 1-3% of MSF support amount at closing and annually thereafter.
f Benefits Available: Provide access to capital to companies that would otherwise not be able to access that capital due to a lack of collateral.
g. Application Process: The lender provides its underwriting document, along with an application form and company background check form, to MEDC Capital Access for evaluation and due diligence.

a. **Program Name: Loan Participation Program**
b. Agency Responsible for program: MEDC
c Point of Contact: Chris Cook
d. Type of Support: Individual
e. Eligibility Guidelines: A federally regulated bank or credit union or certified development financial institution willing to provide new debt to a qualified for profit operating company Borrower must be primarily operating in one of the following industries: manufacturing, wholesale & trade, research & development, mining, film & digital

media productions, HQ office operations, or businesses that are qualified high technology businesses. Support limited to the lesser of 49 9% of the loan amount or $5,000,000. Fees of 1-3% of MSF support amount at closing and annually thereafter.

f. Benefits Available: Provide access to capital to companies that would otherwise not be able to access that capital due to a lack of cash flow in the near term

g. Application Process: The lender provides its underwriting document, along with an application form and company background check form, to MEDC Capital Access for evaluation and due diligence.

a. **Program Name: Loan Guaranty Program**

b. Agency Responsible for program: MEDC

c Point of Contact: Chris Cook

d. Type of Support: Individual

e. Eligibility Guidelines: A federally regulated bank or credit union or certified development financial institution willing to provide new debt to a qualified for profit operating company Support limited to not more than of 80% of the loan amount. Fees of 1-3% of MSF support amount at closing and annually thereafter.

f Benefits Available: Provide access to capital to companies that would otherwise not be able to access that capital due to increased risk as determined by the senior lender

g Application Process· The lender provides its underwriting document, along with an application form and company background check form, to MEDC Capital Access for evaluation and due diligence

a. **Program Name: Private Activity Bond**

b. *Agency Responsible for program: MEDC*

c. Point of Contact: Chris Cook

d Type of Support: Individual

e. Eligibility Guidelines: Borrower must be primarily involved in manufacturing, be a not-for-profit corporation, or be a solid or hazardous waste disposal facility. Maximum bond amount is $1 million free of any restrictions on capital expenditures or $10 million subject to the condition that the company's total capital expenditure in the locality over the three years before and three years after the date of the issuance does not exceed $20 million. There is no size limit for bonds issued to finance solid or hazardous waste disposal facilities. Fees apply based on the amount of the bond

f. Benefits Available: Provide firms with capital cost savings stemming from the difference between taxable and tax-exempt interest rates

g. Application Process: Applicant prepares an application for the bond and submits it to MSF staff. MSF considers an inducement resolution at its public meeting recognizing the public purpose of the project. Applicant structures the financing and bond counsel begins to prepare documents. MSF considers adoption of authorizing resolution.

Business Development

a. **Program Name – Michigan Business Development Program**

b. Agency Responsible for program – MEDC

c. Point of Contact – Josh Hundt

d. Type of Support (Individual or Government) – Government

e. Eligibility Guidelines – job creation and private investment by expanding or relocating business

f. Benefits Available – cash grant

g. Application Process – submission of application to MEDC staff, Michigan Strategic Fund review and approval, execution of incentive agreement, milestones and disbursements, reporting and compliance.

Federal Grant Development

a. **United States Department of Agriculture – Rural Community Development Initiative Grants**

b. Agency Responsible for program – USDA

c. *Point of Contact – Jennifer Tebedo*

d. Type of Support (Individual or Government) – Government
e. Eligibility Guidelines – Rural areas outside the boundaries of a city of $50,000 or more and its immediately adjacent urbanized area to improve housing, community facilities, and community and economic development projects
f. Benefits Available – cash grant
g. Application Process – Applications are accepted on an annual basis through a Notice of Funding Availability (NOFA) in the Federal Register.

a. **United States Department of Agriculture – Rural Business Development Initiative Grants**
b. Agency Responsible for program – USDA
c. Point of Contact – Jennifer Tebedo
d. Type of Support (Individual or Government) – Government
e. Eligibility Guidelines – Rural areas outside the boundaries of a city of $50,000 or more and its immediately adjacent urbanized area to support community economic development.
f. Benefits Available – cash grant
g. Application Process – Applications are accepted through the USDA Rural Development's local or State Office once per year.

a. **United States Department of Commerce – Planning Program and Local Technical Assistance Program**
b. Agency Responsible for program – US EDA
c. Point of Contact – Jennifer Tebedo
d. Type of Support (Individual or Government) – Government
e. Eligibility Guidelines – assists eligible recipients in developing economic development plans and studies designed to build capacity and guide the economic prosperity and resiliency of an area or region. The Planning program *helps support organizations, including District Organizations, Indian Tribes, and other eligible recipients,* with Short Term and State Planning investments designed to guide the eventual creation and retention of high-quality jobs, particularly for the unemployed and underemployed in the Nation's most economically distressed regions.
f. *Benefits Available – cash grant*
g Application Process – Applications are accepted on a continuous basis through the regional or State Office.

a. **United States Department of Commerce – Public Works and Economic Adjustment Assistance Programs**
b. Agency Responsible for program – US EDA
c Point of Contact – Jennifer Tebedo
d. Type of Support (Individual or Government) – Government
e. Eligibility Guidelines – EDAP makes construction, non-construction, and revolving loan fund investments to support the implementation of regional economic development strategies designed to create jobs, leverage private capital, and encourage economic resilience.
f. Benefits Available – cash grant
g. Application Process – Applications are accepted on a continuous basis through the regional or State Office.

MSHDA

Program Names: Community Development Block Grant Program (CDBG) and HOME

Agency Responsible For Programs:

Non-Entitlement Areas – Statewide

CDBG: Michigan Strategic Fund/Collaborative Community Development
Contact Person: Katherine Czarnecki Phone Number: 517.241.4950

HOME: Michigan State Housing Development Authority
Contact Person. Michelle Wildman Phone Number: 517.373.4363

Entitled Areas receive a direct allocation from the U.S. Department of Housing and Urban Development (HUD) Flint falls under the category of an Entitled Area and in FY15, HUD directly awarded Flint $3,617,741 in CDBG and $666,059 in HOME.

Type of Support: CDBG and HOME Federal Assistance

CDBG Eligibility Guidelines:
There is a lot of flexibility overall within CDBG. Note activities identified in the City of Flint's Consolidated Plan include: **"Community *Development and Infrastructure* - *The City has 540 miles of water distribution lines, 570 miles of sanitary lines, and 350 miles of storm*** rain water lines. Much of this infrastructure is over 100 years old and in need of reconstruction or replacement. Insufficient funds are the major obstacle to addressing this need. CDBG and municipal financing represent a fraction of what is needed to address the problem. Additional funds from state and federal sources are needed and are being sought. CDBG will help fill the gap of inadequate resources to maintain community facilities and increase services."

For additional details go to the attached hyperlink City of Flint Consolidated Plan Link.

Overall CDBG can be used for: Acquisition of Real Property; Disposition; Public Facilities and Improvements; Clearance; Public Services; Interim Assistance; Relocation; Loss of Rental Income; Privately-Owned Utilities; Rehabilitation; Construction of Housing; Code Enforcement; Special Economic Development Activities; Microenterprise Assistance; Special Activities by CBDOs, Homeownership Assistance; Planning and Capacity Building; Program Administration Costs and Miscellaneous Other Activities.

CDBG can be qualified based on Urgent Need: An activity designated to alleviate existing conditions and the grantee certifies that those conditions are a serious and immediate threat to the health or welfare of the community, they are of recent origin or recently became urgent, the grantee is unable to finance the activity on its own, and other sources of funds are not available.

CDBG can be qualified based L/M Income Area Benefit: Can be used for an activity the benefits of which are available to all the residents in a particular area that is primarily residential, and at least 51% of those residents (or fewer if the exception criteria apply) are L/M income persons. **See hyperlink page 37 for a list of eligible census tracts.

HOME Eligibility Guidelines: ,
The actual activities that have been identified in the Consolidated Plan (hyperlink Page 155) are homebuyer assistance and refinancing of existing debt on multi-family projects.

Overall HOME can be used for: home purchase or rehabilitation financing assistance to eligible homeowners and new homebuyers; build or rehabilitate housing for rent or ownership; or for other reasonable and necessary expenses related to the development of non-luxury housing, including site acquisition or improvement, demolition of dilapidated housing to make way for HOME-assisted development, and payment of relocation expenses. HOME funds can also sometimes be used for tenant-based rental assistance contracts.

HOME can be qualified based L/M Income Household Benefit: The incomes of households receiving HUD assistance must not exceed 80 percent of the area median. HOME income limits are published each year by HUD. For rental housing and rental assistance, at least 90 percent of benefiting families must have incomes that are no more than 60 percent of the HUD-adjusted median family income for the area. In rental projects with five or more assisted units, at least 20% of the units must be occupied by families with incomes that do not exceed 50% of the HUD-adjusted median.

Benefits Available/Application Process: Undetermined – contact with the City of Flint regarding current allocation balances for FY15 and prior years is recommended.

Program Name: Housing Choice Vouchers (HCV)

Agency Responsible: HUD, MSDHA

Point of Contact: Kelly Rose

Type of Support: Individual, Rental Assistance

Eligibility Guidelines: 80% of applicants must be below 30% AMI, 20% below 50% AMI. Applicants must pass criminal screening that they do not have any violent crime in the past 24 months or drug offenses in last 12 months.

Benefits Available: HCV program pays a portion of the participants rent and utilities. It does not have any home repair funding component.

Application Process: MSHDA has a Homeless preference—homeless service agencies across the state can enter homeless person's application on waiting list. Non-homeless individuals/families must apply when the County resident waiting list is open for applications. This happens periodically when waiting lists get low on applicants. When vouchers are available names are pulled off the waiting list and applicants are contacted to fill out an application so their eligibility can be determined. Once eligibility is determined, they are issued a voucher and search for a rental unit. The unit is then inspected for HUD's HQS standards (does not have a water quality component) and if the unit passes a contract with the landlord is done and the family moves into the unit.

Editorial Comments: *This program is not able to directly help with the Flint water issue We are formulating a plan in consultation* with HUD as to notifying individuals of their ability to get free water filters, etc. as well as their options for moving if they would like to relocate. We are also considering inspecting all homes with children 6 and under for proper installation of water filters.

Program Name: Section 8 Project Based Rental Assistance (Subsidized and Public Housing)

Agency Responsible for Program: HUD, MSHDA

Point of Contact: Daphne Wells

Type of Support: Individual. It provides rental assistance to tenants who reside at a property that has a project based rental assistance Section 8 contract with HUD. MSHDA administers this subsidy as a HUD subcontractor and in some instances has provided financing to build/rehab some of these properties.

Eligibility guidelines: Housing is available to income eligible individuals at these specific properties. Eligible applicants must apply individually at each property in which they are interested in living at and each property has a tenant selection criteria that is adhered to for prospective applicants. Each individual property maintains its own waiting list for applicants wishing to reside there.

Benefits Available: This program wouldn't have any benefits available to the Flint Water issue in that the Section 8 housing is tied to a specific property and only offers rent assistance

Application Process: Applicants can apply at each individual rental property.

Editorial Comments: The only thing that really fits this category (Subsidized and Public Housing) is the Section 8 program as it provides rental assistance to tenants. Nothing in the program can help as it relates to the water issue as the assistance is tied to the building itself. There isn't anything in the program that would help in this situation except using our contacts with agents and owners in Flint to provide them information as we have talked about.

Program Name: MSHDA Housing Development Fund

Agency Responsible for Program: MSHDA

Point of Contact: Brian Mills

Type of Support: Individual. It provides rental assistance to tenants who reside at a property that has a project based rental assistance Section 8 contract with HUD. MSHDA administers this subsidy as a HUD subcontractor and in some instances has provided financing to build/rehab some of these properties.

Eligibility guidelines: In order for a proposal to be eligible for MSHDA's Statewide Partnership Grant program, the proposed activities must fit within one of five categories (Demolition, Land Acquisition & Development, Neighborhood Service Centers, Capital Improvements, or Community Development).

Benefits Available: Grants are limited discretionary budget dollars generated from interest from MSHDA earning on loan proceeds. Grants under $250,000 do not require formal board approval.

Application Process: Application is attached

Editorial Comments: Pursuant to communications with Mel Brown a few months ago, we suggested a number of different potential ideas for grant use in Flint. Those are detailed below:

- Pay for the costs of water quality analysis of all MSHDA backed mortgages in Flint. Evidently FHA is now conditioning all appraisals in Flint on a water quality analysis – and depending on the results won't put the mortgage through without the addition of a water infiltration system of some kind. Cost estimates are around $3,000 per home which is apparently having a negative impact on an already difficult real estate market.
- Pay for the replacement of water lines owned by residents with MSHDA mortgages within the city that need to be replaced or lines to homes with MSHDA backed mortgages or incomes less than 50% AMI.
- Pay for a percentage of the reconnection fee to acquire water from Detroit up to an amount not to exceed the % of MSHDA financed homes or low income households in the city (50% AMI)
- Pay for the replacing the city's municipal water line infrastructure associated with water lines being replaced to homes in the city with MSHDA backed mortgages or those household at or below 50% AMI.
- Pay for a percentage of any new infrastructure costs associated with the build out of a new water supply system so long as the amount doesn't exceed the % of MSHDA financed homes or low-income households in the city (50% AMI).
- Purchase of water for low income households (50% AMI).
- Purchase of water filters for any low income households (50% AMI).

Program Name: Housing Counseling

Editorial Comment: We have one Counseling agency in Flint right now (Metro Community Development) and they are not involved with water/filter distribution nor are they a site for people to get these items. More information regarding program information can be obtained from Mary Townley at 517.373.6864

Program Name: Self-help Homeownership Opportunity Program (SHOP)

Editorial Comments: The SHOP program is not administered by MSHDA. Mary Townley has calls into HUD to find out who in the state offers this product. Above is a product eligibility information showing that it is administered through non-profits.

SHOP awards grant funds to eligible national and regional non-profit organizations and consortia to purchase home sites and develop or improve the infrastructure needed to set the stage for sweat equity and volunteer-based homeownership programs for low-income persons and families. SHOP funds must be used for eligible expenses to develop decent, safe and sanitary non-luxury housing for low-income persons and families who otherwise would not become homeowners. Homebuyers must be willing to contribute significant amounts of their own sweat equity toward the construction or rehabilitation of their homes.

SHOP is authorized by the Housing Opportunity Program Extension Act of 1996, Section 11, and is subject to other Federal crosscutting requirements. No separate program regulations exist. All program requirements are listed in the applicable SHOP Notice of Funding Availability (NOFA).

Eligible Applicants: National and regional nonprofit organizations or consortia with experience in using homebuyer and volunteer labor to build housing may apply for SHOP grants. Applicants must have completed at least 30 units of self-help homeownership housing within the last 24 months. Eligible homebuyers must apply to participate in the SHOP program through a current SHOP grantee or one of their affiliates.

Application: SHOP grant funds are made available through HUD's annual SHOP NOFA competition The SHOP NOFA is published on HUD's e-grant portal Once the NOFA is published, eligible applicants may apply through this e-grant portal

Eligible Activities: SHOP grant funds can only be used for land acquisition, infrastructure improvements, and administrative costs. Total land acquisition and infrastructure improvement costs cannot exceed an average of $15,000 in SHOP assistance per unit. Administrative costs cannot exceed 20% of the SHOP grant amount. SHOP grantees must leverage other funds for the new construction or rehabilitation of their SHOP units.

Program Name: HOPE

Editorial Comments: At this time MSHDA is unaware of this program and do not administer functions related to it.

TIA/WDA

Program Name: Workforce Innovation and Opportunity Act (WIOA) Adult Program

Agency Responsible for Program: Workforce Development Agency (WDA)

Point of Contact: Krista Johnson, Manager, WIOA Title I Section

Type of Support (Individual or Government): Government

Eligibility Guidelines: Adults Age 18 and Older, Priority is given to recipients of public assistance, other low income individuals, and individuals who are basic skills deficient.

Benefits Available:

Basic Career Services: Basic career services are available to all adults and may include: program information and basic assessment, general information, individual job development, advanced job club, advanced screened referrals, group activities, and job search.

Individualized Career Services: Individualized career services are designed for adults who have been unable to obtain employment through core services and have been determined to be in need of more individualized services. Individualized career services may include: comprehensive and specialized assessments, individual employment planning, counseling, short-term pre-vocational skills, case management, literacy activities, out-of-area job search, relocation assistance, internships and work experience.

Training Services: Training services, if made available, may include occupational skills training, On-the-Job training, workplace training with related instruction, registered apprenticeship, incumbent worker training, pre-apprenticeship training, skill upgrading and retraining, entrepreneurial training, transitional jobs, and adult education and literacy training provided in combination with another training service.

Application Process:

Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.

Program Name: Workforce Innovation and Opportunity Act (WIOA) Dislocated Worker Program

Agency Responsible for Program: Workforce Development Agency (WDA)

Point of Contact: Krista Johnson, Manager, WIOA Title I Section

Type of Support (Individual or Government): Government

Eligibility Guidelines:

A dislocated worker is an individual who:

1. Has been terminated or laid off, or who has received a notice of termination or layoff; and
   - Is eligible for or has exhausted entitlement to unemployment compensation; or
   - Has been employed for a duration sufficient to demonstrate attachment to the workforce, but is not eligible for unemployment compensation; and
   - Is unlikely to return to a previous industry or occupation.
2. Has been terminated or laid off, or has received a notice of termination or layoff, from employment as a result of any permanent closure of, or any substantial layoff at, a plant, facility, or enterprise; or
   - Is employed at a facility at which the employer has made a general announcement that such facility will close within 180 days; or
   - Is employed at a facility at which the employer has made a general announcement that such facility will close.
3. Was self-employed but is unemployed as a result of general economic conditions.
4. Is a displaced homemaker.
5. Is the spouse of a member of the Armed Forces on active duty and who has experienced a loss of employment as a direct result of relocation to accommodate a permanent change in duty station of such member; or
   - Is the spouse of a member of the Armed Forces on active duty and whose family income is significantly reduced because of a deployment, a call or order to active duty pursuant to a provision of law, a permanent change of station, or the service connected death or disability of the member; and
   - Is unemployed or underemployed and is experiencing difficulty in obtaining or upgrading employment.

Benefits Available:

Basic Career Services: Basic career services are available to all dislocated workers and may include: program information and basic assessment, general information, individual job development, advanced job club, advanced screened referrals, group activities, and job search.

Individualized Career Services: Individualized career services are designed for dislocated workers who have been unable to obtain employment through core services and have been determined to be in need of more individualized services. Disaster Relief Employment Specific NDWGs:

The Secretary of Labor is authorized to award NDWGs to provide assistance to the Governor of any state whose boundaries include a disaster area in order to provide disaster relief employment assistance in the disaster area.

"Emergency or disaster" means:

1. An emergency or a major disaster, as defined in paragraphs (1) and (2), respectively, of Section 102 of the Robert T. Stafford Disaster Relief Emergency Assistance Act; or

2. An emergency or disaster situation of national significance that could result in a potentially large loss of employment, as declared or otherwise recognized by the chief official of a Federal agency with authority for or jurisdiction over the Federal response to the emergency or disaster situation.

The term "disaster area" means an area that has suffered or in which has occurred an emergency or disaster.

If awarded, funds shall be used in coordination with the Administrator of the Federal Emergency Management Agency, as applicable, to provide disaster relief employment on projects that provide food, clothing, shelter, and other humanitarian assistance for emergency and disaster victims, and projects regarding demolition, cleaning, repair, renovation, and reconstruction of damaged and destroyed structures, facilities, and lands located within the disaster area and in offshore areas related to the emergency or disaster.

An individual may be eligible to be offered disaster relief employment if such individual is:

1. A dislocated worker;

2 A long-term unemployed individual;

3. Temporarily or permanently laid off as a consequence of the emergency or disaster, or

4. In the case of an individual who is self-employed, becomes unemployed or significantly underemployed as a result of the emergency or disaster.

No individual may be employed for more than 12 months for work related to recovery from a single emergency or disaster, unless an extension is granted by the Secretary of Labor. Extensions granted by the Secretary of Labor may not exceed an additional 12 months

Program Name: **Workforce Innovation and Opportunity Act (WIOA) Youth Program**

Agency Responsible for Program: Workforce Development Agency (WDA)

Point of Contact: Krista Johnson, Manager, WIOA Title I Section

Type of Support (Individual or Government): Government

Eligibility Guidelines:

Out-of-School Youth (OSY) are individuals who are:

- Not attending any school (as defined by State law);
- Not younger than age 16 or older than age 24; and
- One or more of the following:
    - A school dropout;
    - A youth who is within the age of compulsory school attendance, but has not attended school for at least the most recent complete school year calendar quarter;
    - A recipient of a secondary school diploma or its recognized equivalent who is a low-income individual and is:
        - Basic skills deficient; or
        - An English language learner.
    - An individual who is subject to the juvenile or adult justice system;
    - A homeless, runaway, or current/prior foster youth;
    - An individual who is pregnant or parenting;
    - A youth who is an individual with a disability; or
    - A low-income individual who requires additional assistance to enter or complete an educational program or to secure or hold employment.

In-School Youth (ISY) are individuals who are:

- Attending school (as defined by State law);

- Not younger than age 14 or older than age 21 (unless an individual with a disability who is attending school under State law);
- A low-income individual, and
- One or more of the following:
    - Basic skills deficient;
    - An English language learner;
    - An offender;
    - A homeless, runaway, or current/prior foster youth;
    - Pregnant or parenting;
    - A youth who is an individual with a disability; or
    - An individual who requires additional assistance to complete an educational program or to secure or hold employment

Benefits Available:

Available services include tutoring; study skills training; alternative secondary school offerings; dropout recovery services; paid and unpaid work experiences, including summer employment opportunities; occupational skills training; education offered concurrently with workforce preparation; leadership development opportunities; supportive services; adult mentoring; follow-up services; comprehensive guidance and counseling, financial literacy education; entrepreneurial skills training; provision of labor market and employment information; and activities that help youth prepare for, and transition to, post-secondary education and training.

Application Process:

Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center Or they may visit www.michiganworks.org.

Program Name: Community Ventures

Agency Responsible for Program: Workforce Development Agency (WDA)

Point of Contact: James Durian, Manager, Community Ventures

Type of Support (Individual or Government): Government

Eligibility Guidelines: Flint residents who are DHHS clients, PATH participants, ex-offenders, and persons with disabilities.

Benefits Available: Connection to employment and comprehensive 24 months of wraparound services after job placement.

Community Ventures (CV) can assist Flint residents negatively impacted by contaminated drinking water by providing employment and wraparound services to those effected. CV can also help recruit and retain companies in Flint by partnering with companies and bringing companies together in coordinated community development efforts to help Flint residents. We have done this through promoting social enterprise partnerships like New Life Enterprises, through the formation of an Employer Resource Network (ERN), in Flint, and by partnering with United Way and local financial institutions in providing hard ship loans and financial literacy to Flint residents. CV could expand upon these efforts with a special focus on helping those most negatively impacted by the water crisis.

Application Process: Participants are referred from Mott Community College, Genesee-Shiawassee MWA (MWA), Mid-Michigan Goodwill, New Life Enterprises or DHHS.

Program Name: Job's for America's Graduates

Agency Responsible for Program: Workforce Development Agency (WDA)

Point of Contact: Krista Johnson, Manager, WIOA Title I Section

Type of Support (Individual or Government): Government

Eligibility Guidelines: Students from middle school to 21 years of age.

The JAG Flint program targeted at-risk students at two Flint-area high schools (Flint Northwestern and Flint Southwestern) to help them earn a high school diploma and prepare for college/careers following high school.

Benefits Available:

JAG-Flint's mission focuses on the following:

- Deliver a unique set of services to at-risk and disadvantaged youth in high school;
- Provided follow-up services which will result in the graduate's pursuing a postsecondary education; and
- Ensured the participants entered the workforce in a quality job leading to a career.

The primary objectives of The JAG Model program are:

- Keep program participants in school through graduation.
- Extend program services to participants for 12 months after graduation.
- Assist graduates or completers in pursuit of a postsecondary education and/or an entry-level job that leads to a career.
- Deliver services to non-graduates and non-completers during the 12-month follow-up period to attain a GED certificate or a high school diploma.

Application Process: Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center Or they may visit www.michiganworks.org.

Program Name: **Partnership Accountability Training Hope (PATH)**
Agency Responsible for Program: Workforce Development Agency (WDA)
Point of Contact: Brian Marcotte, Manager, Welfare Reform Section
Type of Support (Individual or Government): Government
Eligibility Guidelines: Individuals receiving Family Independence Program cash assistance (TANF)
Benefits Available: PATH is the work participation program required for families receiving cash assistance through the Family Independence Program administered by the Michigan Department of Health and Human Services. The Primary goals of PATH are two-fold. First, PATH will identify barriers and help participants connect to the resources they need to obtain employment. Second, the program helps Michigan reach the federally mandated 50% work participation requirement. Work participation is defined by the total number of participants fully engaged in job preparedness training, job search activities, and employment as a percentage of the states work eligible individuals receiving cash assistance.
The program is designed to assist eligible individuals in obtaining employment by offering job search assistance and work skills enhancement. The program offers vocational/occupational training, high school completion or GED attainment and a full range of supportive services that may be required to meet the job search and retention needs of the participants.
Application Process: Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www michiganworks.org.

Program Name: **Trade Adjustment Assistance (TAA) Program**
Agency Responsible for Program: Workforce Development Agency (WDA)
Point of Contact: Tammy Flynn, Manager, TAA Section
Type of Support (Individual or Government): Government
Eligibility Guidelines: Individuals are eligible for the TAA program who have a qualifying separation from a company with a certified petition by the US Department of Labor (USDOL) A petition identifies a worker group at a specific firm or subdivision and covers all individuals in that group. Generally, if a worker is laid off, a petition must be submitted within one year of the layoff for that worker to be covered by the petition and the certification, if USDOL grants the petition. A group of workers may be eligible for TAA if their jobs are lost or threatened due to trade-related circumstances as determined by the USDOL investigation.
After the investigation, USDOL determines group eligibility to apply for TAA benefits and services. Workers in a certified group will be notified by their local Michigan Works! Agency, at which time they may apply for individual eligibility for benefits and services.
Benefits Available: Employment and case management services: Assessments, career guidance, pre-vocational services, labor market information, supportive services, information on financial aid, employment planning, and information on training.
Training: Up to 130 weeks of training including:
- Classroom training
- On-the-job training
- Customized training
- Registered Apprenticeships

Trade Readjustment Allowances (TRA): Up to 130 weeks of wage subsidies for workers enrolled in fulltime training within 26 weeks of their trade-related layoff or certification, whichever is later.
Re-employment Trade Adjustment Assistance: A wage subsidy for workers age 50 or over who are re-employed at annual wages of $50,000 or less
Job Search Allowance: Reimbursement for job search costs outside the worker's local area.
Relocation Allowance: Reimbursement for relocation costs for a job outside the worker's local area.
Application Process: Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.

To learn more about how to file a petition, check on the status of a petition, or to obtain more information on benefits and services, *please visit www.doleta.gov/tradeact or contact Tammy Flynn at flynnt@michigan.gov.*

Program Name: GED To School
Agency Responsible for Program: *Workforce Development Agency (WDA)*
Point of Contact: Keenan Wade
Type of Support (Individual or Government): Government
Eligibility Guidelines: *Must Pass Official Practice Test or Complete Adult Education GED Preparation Course.*
Benefits Available. $150 per candidate to pay the cost of GED testing fees
Application Process: Individuals should visit the GED To School website at http //michigan.gov/wda/0,5303,7-304-64362-298726--,00 html or call 517-373-1692 for additional information.

Program Name: Adult Education Program
Agency Responsible for Program: Workforce Development Agency (WDA)
Point of Contact: Cliff Akujobi, State Administrative Manager
Type of Support (Individual or Government): Government
Eligibility Guidelines: Adults Age 16 and Older
Benefits Available Adult Education provides an opportunity for students to improve or achieve education levels equivalent to those of high school graduates each year. Instruction is tailored to meet the individual needs of adult students. Standardized tests identify existing skill levels, appropriate instruction, and academic gains due to instruction. Adult Education consists of five components:

- High School Completion. Instruction designed to fulfill the requirements for a high school diploma.
- GED Test Preparation Instruction in language arts, math, social studies, science, and writing, to enable successful completion of a GED test.
- Adult Literacy: Instruction in reading, English, language arts, math, and civics for adults without a high school diploma. The most basic literacy courses teach adults to read.
- English as a Second Language: Instruction in reading, speaking, writing, and understanding the English language.
- Labor Employment Related/Employer Workforce Readiness: Instruction in job- or employment-related mathematics, reading, and communication skills. Instruction may be "applied," which means that the academic material is directly related to specific job requirements.

Application Process:
Individuals should contact the Office of Adult Education at 517-373-8800 or visit the Adult Education website at http.//www.michigan.gov/wda/0,5303,7-304-64362---,00 html

Hi All,

CWF is custom making 3 units that we can send to 3 schools in Flint Michigan ASAP.

Please reply,

Thanks, Leon

Subject: H2O Flint Project

Hi Lt. Roach,

I'm Ali Lee and am part of the coalition team for H2O Flint. We were given your name from Ms. Bayer.

I want to thank you for all of the work you are doing. I wanted to then submit an outline for our proposal to work in collaboration in bringing clean water to schools.

We look forward to the working with the schools and their communities. I am happy to give you a call or a team conference call, if this would work for you.

Here is our outline for the water plan:

Flint Project
H2O flint clean water coalition

Mission :
provide immediate clean water to the community through every school.

Members of the coalition:
City of Flint Mayor Karen Weavers office
Oakland Community college - Deborah Bayer
Clean Water Foundation- Leon McLaughlin CWF Founder
Karen Swift - marketing and Media Director
Girl Rising Regional Ambassador Ali Lee
iUrban Teen CEO Deena Pierott
Eco8 International

Plan:

1 provide a counter top filtration unit and a pallet of bottle water to ever school in Flint MI

How:
The joint coalition will raise funds through partner organizations
Push out social media

CWF- supply the units and coordinate logistics
Girl Rising ambassadors will partner with the schools message and work as program coordinator
IUrbam Teen will help in distribution and assembly with volunteer students on assembly and data assessment
City of Flint will guarantee commitment of the ongoing clean water program and collaboration

Result
Immediate clean water that will result in 600 gal every 10 hours per unit which is 1 gal per minute

Cost
$450 COD per unit
Pallet water bottles - $485

Thank you for your time.

Best,

Ali Lee

Maureen –

I have shared you information with MDOC and MSP SEOC personnel and we are all in agreement that any changes must be directed to Lt. Russo or Lt. DeCastro. This was also shared with the Seventh Day Adventist contact

Please note, that no changes are required at the Pierson Road site (cameras, shelving) and if changes are required we will work through MSP and Real Estate.

Thank you for all of your help.

Subject: FW: KROGER STORE SHELVING

Jeanette,
I am forwarding the e-mail received from the Landlord at the Kroger site. I believe we set up a chain of command for the Landlords for each space leased for the water project.
Mr. Sadek was told to only take "orders" or requests from the State Police person who is usually located and present at each site. If you wish to change the person in charge who can make decisions and notify the Landlord of each request, just let me know who and what their position is. Please inform all the site managers at the Kroger site that they have to

request changes through that person. Unless the Landlord is informed by the designated person "in charge", the Landlord will not make any changes.
Please request a Construction Change Order (CCO) through channels if you would like anything changed, or want to use and replace camera equipment.
In making these requests it is my hope we can all get the equipment and cooperation we want from each Landlord, without having them frustrated to the point they want to stop.
Maureen

Subject: KROGER STORE SHELVING

Hi Maureen:
Justin received a phone call from Anthony, the site manager for the Kroger water distribution center. He indicated the new volunteers now want ALL of the remaining shelves removed from the store. I have spent over $6000 removing and clearing the shelves we were told to remove or relocate. Now, after two weeks, someone else wants this changed again. In addition to this, the new coordinator wants to know if they can use the closed circuit video camera system. I have no problem with the cameras however they would need to provide the head-end equipment as that was removed. I think we need to have these volunteers understand we fulfilled the directives of the MSP and others to remove and relocate the shelving. I can't keep calling people back for new ideas. If they want to pay for it I have no issues, but the costs are becoming excessive. Any thoughts on how we can curtail these volunteers would be appreciated .

Cc: Mark Sadek <msadek@degmidland.com>; Justin Campau <jcampau@degmidland.com>
Subject: RESTRICTED ACCESS AREAS: KROGER STORE

Hi Maureen:
Mark Russo contacted Justin today regarding a potential hazard which he felt should be brought to our attention. On the upper mezzanine in the receiving area of the store (near the truck dock) is a large compressor room which is accessed by a stairway. The compressor room contains about 30 large reciprocating refrigeration machines which operate on high voltages. They provide the cooling for all of the cases and freezers in the store. Apparently someone went up stairs, undid the wire which tied the door closed to the adjacent door handle and went inside. In that room is a "hole" that is used to hoist the compressors in the event they need to be replaced. They each weigh more than 1000#. Someone nearly fell through that hole to the first floor.

This concerns me. First, this area is absolutely off limits. No one should ever go in there for any reason other than an emergency. There is a tremendous amount of power in there and freon, moving parts, fans, etc. and the hoist-way to the first floor. It is dangerous. That is why it was secured (sort of!) but we did not anticipate anyone entering that room. What I am going to do is have maintenance put a chain across the stairway leading up to that area with a "Keep Out" sign on it. I am also going to do the same thing with the Building Automation system room to protect our automation controller. I understand that a group of volunteers will be running the distribution however it would be good if I can obtain the name and phone number of whomever is in charge and who is a key-holder in the event of after-hours emergencies. If you have any suggestions on my thoughts please advise. Thanks.

Unless the Landlord is informed by the designated person "in charge", the Landlord will not make any changes.
Please request a Construction Change Order (CCO) through channels if you would like anything changed, or want to use and replace camera equipment.
In making these requests it is my hope we can all get the equipment and cooperation we want from each Landlord, without having them frustrated to the point they want to stop.
Maureen

Subject: KROGER STORE SHELVING

Hi Maureen:
Justin received a phone call from Anthony, the site manager for the Kroger water distribution center. He indicated the new volunteers now want ALL of the remaining shelves removed from the store. I have spent over $6000 removing and clearing the shelves we were told to remove or relocate. Now, after two weeks, someone else wants this changed again. In addition to this, the new coordinator wants to know if they can use the closed circuit video camera system. I have no problem with the cameras however they would need to provide the head-end equipment as that was removed. I think we need to have these volunteers understand we fulfilled the directives of the MSP and others to remove and relocate the shelving. I can't keep calling people back for new ideas. If they want to pay for it I have no issues, but the costs are becoming excessive. Any thoughts on how we can curtail these volunteers would be appreciated .

Good morning ,

Sorry for the delay responding. There was a glitch at the beginning but we unloaded 18 trucks. Finished about 8pm. I understand the project may move to a different location.
Anything we can do to assist let me know.

Thank you,
Bob

Mr. Scherman,
There were 4 Semi trucks unloaded at the 1st facility. The School Superintendent asked them not to unload any more. We went to the Department of Education, they do not have legal jurisdiction over School Superintendents. Mark, Michigan State Police, is trying to go to the alternate ware house to see if you can take the other trucks today.

Subject: RE: Draft news release: EPA Updates Flint Response Website with Lead Assessment Results

Thanks Jackie. We also have language to accompany the lead assessment map (also to be posted today). Please let me know if you have any concerns.

What data was collected? Water was collected from unfiltered kitchen sinks at homes with known or suspected lead service lines. These water samples were analyzed for the amount of lead in the water.

Why were these samples collected? These samples were collected and analyzed for two reasons. First, they will tell us how much lead is in the drinking water collected from the sinks of homes suspected of having lead service lines. Second, they will help us determine where the lead is coming from within the plumbing (for example, from pipes in the house versus from the lead service line leading to the house). Future sampling will help us understand how well the corrosion control treatment is working. Corrosion control helps to treat pipes so lead doesn't get into the water.

What do these samples and the data tell us? These samples collected all of the water from the tap to the water main. By testing all of these samples for lead, it will help us create a profile of lead levels throughout the plumbing at each home.

What this data does not tells us:

- The data does not tell us how much lead has been in the system in the past or how those amounts have changed over time.
- These results will not tell us how the levels of lead in the water might impact health.

What should Flint residents do? Until further notice, EPA and CDC recommend that people only consume bottled or filtered water. Use only bottled water for water, food and formula given to babies under 1 year old. Bottled water is the safest choice for pregnant or breastfeeding women and kids under 6 years of age. Filtered water is a safe option only if your filter is certified to remove lead and you follow all the instructions on how to use it/when to replace it.

Where can I go to learn more about health effects of lead in water? http://www.cdc.gov/nceh/lead/tips/water.htm

Subject: FW: Draft news release: EPA Updates Flint Response Website with Lead Assessment Results

Sharing ..

All,

Here is a draft release EPA plans to send today about our lead assessment results. Please let me know if you have any edits or if this is ok with your office.

EPA Updates Flint Response Website with Lead Assessment Results

FLINT, MICH. – Today, the U.S. Environmental Protection Agency is releasing preliminary results of lead sampling at Flint residences, as well as an interactive map of sampling results. The map is available at www.epa.gov/flint.

EPA's lead sampling effort is intended to determine how much lead is in the drinking water collected from the sinks of homes suspected of having lead service lines and to assess the performance of corrosion control treatment over time. Corrosion control helps to treat pipes so lead does not get into the water.

EPA scientists took a series of samples to collect all of the water in the pipes between the kitchen faucet and the street. At each residence sampled, the results EPA is posting show how much lead is found in

the samples and where it is originating from in the plumbing system. Personal identifying information is removed prior to data being posted and data will be shared directly with homeowners immediately upon receipt.

The samples will help EPA determine where the lead is coming from within a home's plumbing (for example, from pipes in the house versus from the lead service line leading into the home). EPA will compare results from ongoing sampling events to assess the performance of corrosion control treatment over time.

In addition to the residential lead assessment, several other EPA sampling efforts are planned or underway in Flint. This includes testing to confirm that lead-removal filters are working as expected in homes with high lead levels. Early results show that filters are effective at removing lead from the water. The agency continues to recommend that Flint residents use NSF-certified filters in their homes.

EPA is also testing to confirm adequate levels of chlorine in the system. Chlorine is used to disinfect drinking water systems and prevent the growth of viruses and bacteria such as E. coli. In drinking water systems, the presence of chlorine is normal.

Each effort involves collecting samples at locations throughout the city, and submitting them for analysis in an EPA laboratory. Preliminary data is being made available at www.epa.gov/flint in order to provide the public with information as samples are processed. Preliminary data should be considered raw, unprocessed information. EPA will post final data as soon as its quality has been assured. Typically, the rigorous quality control procedures used to finalize sampling data can take up to 15 days to complete.

EPA and the Centers for Disease Control and Prevention agree that there is no safe blood lead level in children. Lead is harmful to health, especially children. Until sufficient information is gained to determine when the water is safe to drink, EPA and CDC recommend that people only consume bottled or filtered water. Use only bottled water for water, food and formula given to babies under 1 year old. Bottled water is the safest choice for pregnant or breastfeeding women and kids under 6 years of age.

EPA recommends that residents, if they have concerns, contact their local health provider to have themselves or their children tested for lead. EPA will continue to work with the city of Flint to monitor drinking water quality and to ensure the public is receiving up to date information. To learn more about the health effects of lead in water visit http://www.cdc.gov/nceh/lead/tips/water.htm.

EPA also recommends that residents run cold water throughout the house for 2 minutes every morning to flush pipes and clean their aerators every week. For more information, please visit our website at www.epa.gov/flint.

Update: I went to the Water Treatment Plant this morning and visited with the lab folks. 18 bacti samples were collected yesterday between 10 am and 1 pm throughout the city, not just in the lower pressure areas that occurred as a result of the water main break. There was good free chlorine residual at all the collection sites. The results from that sampling will be available about 1:30 pm today. We looked at the samples so far, and none were turning color. Again, there is no reason to believe at this point that any wide spread bacti contamination has occurred as a result of the water main break.

All,

I am sorry I was out of the UCG for much of the day when all this was developing. I understand a press release is nearly ready to go that will tell folks to replace their filter cartridges when the boil advisory is lifted. I am also sorry to see in the City's notice (link below) that they say the same thing. A boil notice for a water main break is precautionary, not because bacteria are actually known to exist in the water. The absence (or presence) of bacteria is confirmed after the water main break is repaired and bacti sample results are received, usually about 48 hours after the main is repaired. Only if bacteria are actually present in appreciable concentrations throughout the City does it makes sense to replace all the cartridges throughout the City. While we are waiting for bacti results, folks are protected by boiling the water.

Subject: RE: FILTERS: Flint water main break

NSF International confirmed:

When the boiled water advisory is lifted, filters exposed to contaminated water are safe to use after the cartridge has been replaced. The user should be sure to follow the manufacturer's replacement

instructions as some have additional procedures that must be performed (rinsing, flushing the cartridge, resetting an indicator, etc.).

Please work with Wendy Braun to deliver accurate messaging to the citizens affected by the water main break.

Thank you,

JEN WOLF

The city must alter its communications as the public notice must by law be issued by them. We can reflect supplemental communications from the state's end. Who from state is in touch with the city on this issue?

Mitch, Jen, and others,

So, I got what feedback I could and it is essentially what we had briefly discussed.

The standards are based on treating potable water, which is microbiologically safe water, so our certification to the standards would essentially be null and void if there is bacteria in the influent. This is akin to the issue of lead levels being over 150 ppb. The filters used in Flint are not certified to remove microbiological contaminants to drinking water. Residents should boil their filtered water to ensure that their water is microbiologically safe. The, replace the cartridge / filter after the Boil Water Advisory has been lifted.

Hope this gives you what you need. If you need anything else, please let me know.

Sir,

I do not believe we will change the recommendation about changing filter cartridges after the boil advisory is lifted. There has been a lot of information pushed already about changing the cartridges and to change that at this point will only cause confusion.

The end result will be that some may change their filters early, but it has been about a month for most of them and it should be very close to the time to change them anyway.

Russo, Mark (MSP)

From: Bowman, Thomas (OS/ASPR/OEM) <Thomas.Bowman@hhs.gov>
Sent: Tuesday, February 09, 2016 6:49 PM
To: Russo, Mark (MSP)
Subject: RE: USPS Request

LT Russo,

Late morning today Cheryl, the Flint Postmaster, returned my call to her regarding the request below.

In my discussion with her I broke down the request to forwarded addresses, both temporary and permanent, and a list of locations where they did not deliver mail. I suspect Cheryl may not have been entirely clear on the request originally.

Cheryl advised she sent the request to her district office for approval as sharing this information was not something they normally did.

Cheryl shared the information was kept by the Postal Service National Customer Support Center (800-238-3150) and that I was welcome to call them as well.

I advised I would wait a bit to see if she heard back from her district office and then go from there.

Subject: USPS Request

Jackie,

As you requested below is a summary of my contact with the Postmaster's Office in Flint.

On Wednesday, February 3rd, I contacted the Postmaster's Office in Flint at 810-257-1506 and spoke to Cheryl. I explained to her that we needed data on all addresses within the City of Flint where mail had been forwarded or service had been stopped for some reason (vacancy, destruction of property, etc.). I explained that I was with the State EOC and MSP and that I was requesting that information under the Michigan Emergency Management Act (PA 390). She said that she would pass along the request to the Postmaster.

I called back later that day and Cheryl informed me that I was making a rather large request and that the Postmaster had forwarded the request to the District Office and that the Postmaster's office would contact me when they had an answer. I was then out of the SEOC until this morning. There were no messages or emails from USPS during that time.

After Capt. Kelenske asked about USPS at this morning's briefing, I followed up with the Postmaster's Office where I was told that the District Office denied our request for information and that they were therefore unable to provide it. They did not provide any explanation.

I hope this is useful. Please let me know if I can be of any further assistance.

Thank you,

Alex

Subject: Re: WAREHOUSE APPROVED!!!

Wendy,

Great job at getting the warehouse secured!! Whoo hoo!!`

Chad and I will check to see if there is an option for the Adventist to assist with staffing - I am not so sure they will do the entire component. I am thinking we may want to have another option. Is it possible to do what we are doing at the Clio Warehouse - with prison release time? Do we have the option of having another Bonnie? (she is amazing) I am thinking it may be able to be stood up quicker if it is staffed by people who are paid/provided release time.

Another question:

If this warehouse is going to serve as a distribution center, will there be an option to have National Guard members there to assist with the distribution of products and maintain safety?

Subject: WAREHOUSE APPROVED!!!

Jeanette! It's been approved by the Governor's office. Can you work first thing with the Maureen to secure the lease? We will want month-to-month, full access to the entire building, as well as the parking lot. Also, Ramsey mentioned we could have use of the forklifts and pallet jacks. Another thing, we will need 99% of the shelving removed. I think the coolers can stay, but probably not the freezers.

Thanks so much Jeanette! This is so exciting!!!

Chad, if you could please proceed with getting the Adventists to staff it?

Just an FYI for everyone else.

Sentinel Site Teams to Discuss Process For Testing Water at Homes Across the City
402 Flint Households to Help Determine When City's Water Safe to Drink

FOR IMMEDIATE RELEASE
February 11, 2016

DATE:
Friday, Feb.12, 2016

TIME:

9 a.m.

WHERE:
Local Emergency Operations Center
Genesee County Administration Building
1101 Beach Street
Flint, MI 48502

WHO:
Sentinel site teams comprised of Michigan Department of Environmental Quality (DEQ) employees and licensed plumbers.

WHAT:
Yesterday, 10 sentinel site teams began visiting 402 identified Flint homes across the city to teach residents how to test their water in a scientifically accurate manner so they may submit regular samples to the state for testing. This in-depth level of data collection will help confirm when Flint's drinking water is safe and provide a more streamlined level of post-testing services for resident health and wellness.

To protect individuals' privacy, demonstrations will not be given at residences.

This is an opportunity for media to get photos and video of the information teams that will cover with homeowners.

USDA offers lead testing, nutrition support in Flint
Robert Allen, Detroit Free Press 5:43 p.m. EST February 10, 2016

FLINT – **Free blood tests for lead will temporarily be offered to some low-income Flint mothers and children**, the U.S. Department of Agriculture announced Wednesday as staff visited a local elementary school.

Several federal nutrition programs also have been aimed toward helping residents deal with the water crisis, said Dr. Kathryn Wilson, USDA deputy under secretary for food, nutrition and consumer services. After touring Neithercut Community School, she met with media in a room where dozens of bottled-water packages were stacked in a corner.

"Little, tiny elementary school kids — they're worried about the water that they're drinking," Wilson said. "That's heart-wrenching."

She said she saw "a lot of joy" as school staff helped kids choose free fruits and vegetables in the cafeteria. An existing program already offers fresh produce for free at this and other schools, and the USDA last month announced $62,700 to support those efforts in Flint. **Wilson on Wednesday**

described further plans to see that children get access to quality food that can help lessen the effects of lead poisoning.

Residents in the city of about 99,000 are living on bottled water as concerns of toxic lead in the tap water persist since the water source was temporarily switched to the Flint River in spring 2014. Hundreds of homes have tested positive for lead above the federal action level, and exposure to the heavy metal is shown to cause permanent brain damage in children.

The blood tests announced Wednesday will be offered to an estimated 3,800 infants, children, and pregnant and post-partum women on the WIC (Women, Infants and Children) program until September 2017. Also, vendors at the Flint Farmers Market will be able to accept payment through the Supplemental Nutrition Assistance Program. And a Summer Electronic Benefit Transfer program previously intended for rural schools will be offered in Flint to help kids eat healthy during summer break, according to the USDA.

"WIC foods currently provide good sources of calcium, iron and vitamin C, nutrients that have been shown to help protect children's bodies from lead poisoning," according to a USDA news release.

Wilson said she hopes the programs will help the children develop lifelong healthy eating habits.

In another Flint-related response from the federal government, **the Small Business Administration also approved the availability of economic injury disaster loans for Genesee County and Flint.**

U.S. Sens. Gary Peters and Debbie Stabenow, Michigan Democrats, and U.S. Rep. Dan Kildee, D-Flint Township, had urged SBA approval, which was filed for by Gov. Rick Snyder. The agency said it was opening a recovery center, located at 2712 Saginaw St., in Flint, on Wednesday to provide assistance and would keep it operating through Feb. 25.

Small-business loans based on economic injury can provide up to $2 million to help meet obligations. The interest rate cannot exceed 4% and the repayment term is determined by a business' ability to repay. In Flint, loan applications will be accepted through Nov. 7.

Subject: RE: Water Line Break in Flint -

Preliminary thinking in DEH re messaging

- Filters do not remove bacteria or other biological contaminants
- Use bottled water for drinking, cooking, brushing teeth, watering pets...all consumptive purposes
- Appropriate recommendation re bathing and other household uses (what is standard for water main breaks?)
- After the all clear is issued
    - remove and discard the used cartridge,
    - clean the filter (question for manufacturers: can the filter take a bleach bath?),
    - install a new cartridge

Manufacturers may have recommendations for boil water advisory situations

Subject: RE: Flint resident- needs help/ water resources

Brian,

The water sample was not collected using the proper protocols for residential home sampling. Because of that we do not want it to be part of the overall database. If it is not useful to EPA then please just dump the sample and recycle the bottle. Thanks.

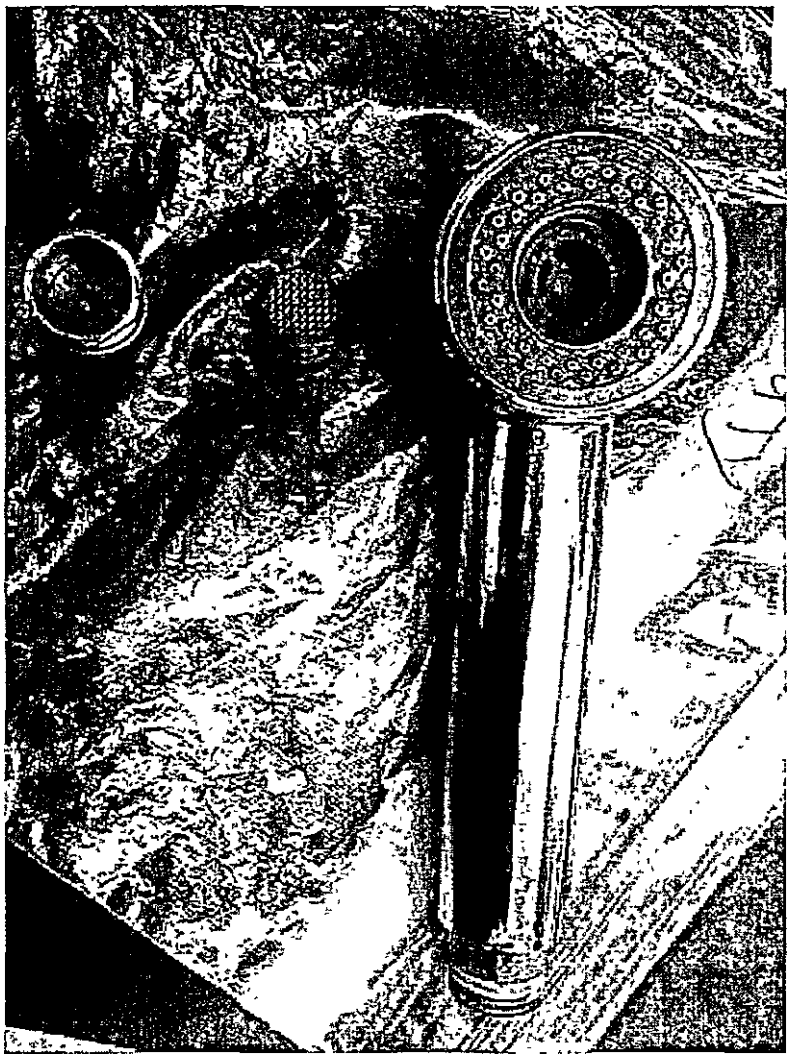
Subject: *RE: Flint resident- needs help/ water resources*

Scott/Mark Ducharme,

The faucet looks like a normal faucet; no black debris or slime. Based on pervious discussions with the Test America there is not enough material to test.

Also, the water sample dropped off with the faucet is the grab type that needs to go to the state lab. Do you want us to bring it to the county EOC or drop it off at a fire station?



Brian Kelly

Subject: RE: Flint resident- needs help/ water resources

We can certainly take a look at the faucet head and the material evaluate it for potential sampling. Can the DEQ sampler bring it to our Command Post? I've cc'd the folks that could be there to take a look at it?

This moringna at 10:00 am I had contact at residence
Accompanied by Elevated Lead and Copper Initial Assessment Task Force #11 with UA 370 P@P Dale Collins, MDEQ Environmental Advisor Pisha Williams and MDHHS Health Advisor Carly Adams.

Dale Collins inspected his kitchen faucet and water meter. He advised has galvanized plumbing. He also stated there is black debris in the hose from the sink faucet.

provided the faucet head to Pisha Williams MDEQ, who placed it in a plastic bag and took possession of it. She advised she would have the head tested. Also taken from the residence was a water sample.

UA 370 Collins advised they would schedule a visit next week to install a new faucet.

[redacted], also added he believes the water pump station located a few residence from his house is tainted with debris from the Flint river. He believes when the water was supplied from the Flint river it corroded the screen/filter at the local pumping station causing it to provide black tainted water. The pumping station is located at Chevrolet and Stevenson.

Today called again.....

Does not have a water filter and has been trying to get someone to come to his home to deliver one and help him attach it. He also has not been able to get his blood tested. His address is . He says he has called multiple times and no one has been to his house yet.

Subject: sharing media story: House unanimously passes $30M for Flint water bills

House unanimously passes $30M for Flint water bills
Kathleen Gray, Detroit Free Press Lansing Bureau 1:10 p.m. EST February 18, 2016

LANSING -- **Without debate, the Michigan House of Representatives unanimously approved providing $30 million to Flint to help pay for the water bills for residents and businesses in the city.**

The bill would give a credit that would be applied to how much water people consume — **roughly 65% of the water portion of a resident's bill.** Businesses would be eligible for credit of 20% of the water portion of their bills. Residents and business owners would still be responsible for paying the sewer portion of their utility bills.

Residents have long complained about having to pay for water they could not drink. A lawsuit filed in U.S. District Court this week seeks more than $150 million in refunds and compensation for damages for water that the plaintiffs allege was dangerous, undrinkable and unusable.

DETROIT FREE PRESS

New Michael Moore documentary gets free Flint showings

Flint's chief financial officer Jody Lundquist told House members Wednesday that without the financial support from the state, "the city's water fund is projected to run out of cash by this summer. Even with the appropriation, if public confidence can not be restored and collections continue to decline, we'll be out of cash at the end of 2016."

While Democrats offered amendments that would have doubled the amount from $30 million to $60 million to pay for the entire water bills, along with $3.5 million in aid to help with nutritional needs of children and families and $55 million to kick start the removal and replacement of lead pipes, all those proposals failed before the bills was unanimously approved by the House.

"$30 million will not solve the problem. It will not be a sufficient amount of money to recoup the users from April 2014 to April 2016," said state Rep. Sheldon Neeley, D-Flint. "This bill is going to be a start. We don't want to reject anything that's going to provide some level of relief from ratepayers."

The House did approve additional guidelines on how the money will be spent, including a provision that none of the money be used for administrative costs and that no water bills that were delinquent before April 2014, when the city switched from using Detroit Water and Sewer department water drawn from Lake Huron to the Flint River, would be eligible for credits.

The bill -- SB 136 -- has to go back to the Senate, which unanimously approved the bill two weeks ago, for concurrence in the changes made by the House. It's expected to be taken up on Tuesday.

Subject: Communications Meeting Notes and Doodle Poll for next meeting

Chuck—thanks for hosting us this week!

I will bring my laptop to our next meeting so I can take more detailed notes but I have tried to capture the main points of discussion during our intros and some of the other items we discussed. I have included the names that I have from our three meetings together and the organizations they represent. This email includes ALL emails I currently have for committee members.

Please contact the person who is listed as the Task Force contact if you are interested in any of those groups: Infrastructure, Best Practices, Publications, and State Website

Here is the link to the Doodle Poll. This will determine the standing time each week that we meet as a group. I did include the address for the Unitarian Universalist Church (thanks Deana) but right now that is only for our next meeting not the ongoing location. http://doodle.com/poll/7wz5pt6am8ekckdv

FLINT WATER RESPONSE
DAILY STRATEGIC MESSAGING
Feb. 18, 2016

Key Messages

- Run cold water, throughout the house, for two minutes, every morning to flush pipes.
- Use only bottled water for water, food & formula given to babies under 1 year old. Bottled water is the safest choice for pregnant or breastfeeding women & kids under 6 years of age.
- Have water tested as soon as possible using the official, free water testing kit or testing by EPA.
- Until the system has recovered, EPA recommends that Flint residents clean aerators once a week.
- Be sure to use filters according to the instructions and replace filters before they expire.
- Businesses affected by the Flint water crisis should visit SBA's recovery center in Flint for help in applying for financial assistance. Call 800-659-2955 (TTY 800-877-8339) or visit www.sba.gov/disaster for more information.
- Residents who need assistance with installation of faucet filters can call 211.

Release #: 39

State Partners Again with MSU Student Athletes in Flint to Help With Recycling and Water Distribution Efforts

Recycling Site Open Saturday, Feb. 20, from Noon to 4 p.m.

Flint, Mich. – Student athletes from Michigan State University will once again partner with Schupan Recycling, Republic Services and the Michigan Community Service Commission (MCSC) to aid in recycling and water distribution efforts in Flint on Saturday, Feb. 20. These efforts will include collection of empty water bottles, distribution of recycling bags and information on how to participate in curbside recycling.

Recycling collection and water distribution will take place Saturday from noon to 4 p.m. in the parking lot of the Northwest Shopping Center, 2629 West Pierson Road, Flint, MI 48504 (corner of Clio Road and W. Pierson Road).

"Our first recycling event was so successful that the MSU students wanted to come back and help again," said Ginna Holmes, executive director of MCSC. "We are grateful for their contributions, as well as the contributions of Schupan and Republic for donating their recycling services and expertise."

Residents are asked to bring their empty water bottles to this location. Schupan Recycling will collect the bottles to process for turning into new products. Residents can also sign-up for curbside recycling from Republic Services.

Daily water distribution is ongoing at fire stations 1, 3, 5, 6 and 8. When picking up water, residents will be given a recyclable bag, donated by Petoskey Plastics, and instructions on how to recycle their water bottles either curbside or at a Schupan Recycling trailer location.

Recycling trailers are located at fire stations 1, 5 and 8, along with 3008 Airpark Drive S (Comcast) and 4119 North Saginaw (Empowerment Village).

Media is invited to attend the Saturday event.

Kettering University

1700 University Avenue • Flint, Michigan 48504-6214

Monday, January 18, 2016

To: The Kettering Community of Parents of our Students and our Alumni

Subject: Kettering Campus Water Update

I know that you value the excellence of the education we provide, but I expect as alumni or parents of students currently enrolled at our great University that you are concerned about the barrage of news about Flint's water supply. I am a proud parent of a Kettering student, and my family and I reside in Flint, so I understand deeply and very personally how you might be feeling about the situation as reported in the media.

Last week, I sent a detailed Kettering Water Update letter to our campus and to our students. Because I know (from direct experience!) that students may not always communicate promptly with their parents on even important issues, I thought I would take a moment to update you and our alumni directly on this issue, because I know it is a subject of concern.

Unfortunately, as is often the case in public crises, a great deal of misinformation about the water supply in Flint is being reported as fact. Just as distressingly, though, a great deal of important information that we do have about the situation is also *not* being reported.

Kettering campus water is safe, and our faculty, staff, students, and campus residents are **not** being exposed to contaminated water on campus. We are, and have been even before the current crisis emerged, committed to ongoing testing of our water to ensure the safety of the campus water supply. Moreover, the entire water supply of Flint has not been contaminated with lead; although some sections of the city have experienced problems, some severe, other sections have not.

All of us deplore that any single person has been exposed to unsafe levels of lead in the water; however, many, many people living in Flint have not been exposed to water containing elevated levels of lead in their residences or places of business. To date:

- Roughly 2% of all individuals tested in Flint have shown elevated blood lead levels.[1]
- Twenty-three (23) children younger than age six tested in Flint show elevated blood levels of lead.[2]
    - Children under the age of 5-6 are the most vulnerable population with respect to the long-term health effects of lead; in the U.S., 535,000 children under the age of 5 have elevated blood lead levels high enough to damage their health.[3]
- A total of 43 of 2182 of people tested in Flint show elevated blood levels of lead.[4]

I also want to clarify that *the water from the Flint River that was used as the city's water source from April 2014 through October 2015 was not contaminated with lead.* The contamination, where it occurred, was due primarily to interactions between treated river water and lead supply

[1] http://www.michigan.gov/documents/deq/Flint_Blood_Testing_Report_December_23_509464_7.pdf
[2] http://www.mlive.com/lansing-news/index.ssf/2016/01/43_flint_residents_identified.html
[3] http://www.cdc.gov/nceh/lead/infographic.htm
[4] ibid.

lines in the distribution system, particularly in lead lines connecting individual houses to local water mains. This is not a global problem with the water, but a problem with how that water - after treatment - interacted with some pipes and other elements of the city's distribution system. This interaction was often (considerably) different - even house-by-house on a single block.

In this letter I want to outline for you what we know about the nature of the contamination of the Flint system, how the university has responded to it, what we have done and are doing on an ongoing basis to ensure the integrity and safety of drinking water on the campus, and how we are working to ensure that those in the campus community who live off-campus in private housing have access to appropriate information, tests, and filters to ensure and monitor the safety of their private supplies.

Because I want to document what I write, I am also including footnotes that will lead you, if you are interested, to the sources of my information, something I learned to do as a faculty member and still highly value. We are committed to deploying every resource at our disposal to continue to ensure the safety of our entire campus community and our visitors. We value your input, and I hope that as members of the Kettering Community and of this great University that the information presented in this letter is helpful to you. If you have questions, comments, or thoughts on this issue we welcome you to send them to us at water@kettering.edu.

Introduction

Inflated lead levels have been detected in the water supply in a number of areas in the city of Flint, and these have received significant medical, political, and media attention over the last three months. The State of Michigan officially declared a state of emergency in Flint on January 6, 2016,[5] and the Federal Government followed on January 16, 2016.[6] Federal, state and local officials have now engaged and are taking more aggressive corrective action to address this situation and the public health crisis that has resulted from it. Proudly, many in the Kettering Community have taken a very active role in helping those families and children in Flint impacted by this health crisis since its beginning last year.

The levels of lead found in some areas of Flint are gravely upsetting, but I want again to stress that the problem of lead contamination in public and private drinking water supplies is not present in all of Flint. Unfortunately, this distinction has been absent from much of the reporting on this subject in the media. Reports often imply that the water was tainted at the source (i.e. the Flint River), or that contamination of the water is uniform across the entire distribution system and that every house and business has been equally affected.

I also think it important for us to recognize that this problem is widespread and in fact is not isolated to Flint.[7] For example, I am sad to report, drinking water supply contamination, in some cases at levels far worse than have been found in Flint, has been found in Washington D.C., Seattle, Baltimore, Philadelphia, and Los Angeles among other cities and areas of the country.[8] In Michigan, elevated blood-lead levels have been found in an even higher percentage of children

[8] ibid., http·//www.cdc gov/mmwr/preview/mmwrhtml/mm5312a6 htm, http //www washingtonpost.com/wp-dyn/content/article/2009/08/03/AR2009080303003 html, and http://www.yaleseas.com/watersymposium/pdfs/EdwardsLeadPaper.pdf

than Flint is experiencing in sections of Jackson, Detroit, Grand Rapids, Saginaw, Holland, and a number of other cities.[9]

The Nature of the Problem

First, the nature and cause of the contamination are reasonably well understood at this point. In brief:

- Historically, the Flint water system used and distributed treated water from Detroit Water Authority. It did so until April 2014, when it switched to treating water from the Flint River in an existing Flint water treatment plant.
- The "raw" river water to which the city switched in April 2014 was not contaminated with lead.
- The water within *some* sections of the distribution network was, however, contaminated *after* the water left the treatment plant by the leaching of metals such as lead, iron, and copper from lead service lines and lines containing lead solder.

After the switch to river water, the City failed to treat the water for corrosivity by managing its chemistry,[10] which lead to the erosion (and release) of lead-bearing pipe scale in supply lines[11] and lead/copper galvanic corrosion of lead solder and lead copper joints in the distribution system.[12] Because raw water quality varies across the US, federal law requires all municipal water systems to have a corrosion control plan to address this possibility; this regulation is known as the Lead and Copper Rule.[13] Flint unfortunately did not have such a plan in place when it switched the water source to the River.

Here I want to stress that the lack of corrosion control did not, in and of itself, make the water unsafe. What it did do, however, is increase the potential for the water to react chemically with certain types of plumbing systems, and in doing so leach lead and other metals (if they were present) from those systems.

And if this isn't enough complexity, the City (out of what I'm sure were benign motives) used a relatively high level of chlorine to treat the river water to prevent bacterial growth in the supply. The unanticipated consequence of this choice, combined with a lack of activated charcoal filtration in the treatment process, led to the subsequent production of elevated levels of trihalomethanes (which are disinfection by-products of water chlorination) in the water, but these were present primarily in areas of the system where the water pooled or moved through the system slowly.

In October of last year, Flint switched its water source back to Detroit Water Authority. It took approximately 3-4 weeks for the Detroit source water to replace fully all of the water in the distribution system. In December, Flint also began introducing additional corrosion control

[9] http //www.crainsdetroit.com/article/20151210/NEWS/151219980/interactive-map-places-with-higher-lead-rates-than-flint

[10] Specifically the chloride-to-sulfate mass ratio in the treated water, which can be influenced by salt entering the source river from runoff or changes in the way that organics are removed in the treatment process. This is typically adjusted by adding lime or orthophosphates in the treatment process, see http://www waterrf.org/publicreportlibrary/4088.pdf

[11] http://pubs acs org/doi/pdfplus/10.1021/es101328u?src=recsys&

[12] http //www.awwa.org/publications/journal-awwa/abstract/articleid/26682.aspx

[13] http://www.epa gov/dwreginfo/lead-and-copper-rule and http://www.ecfr.gov/cgi-bin/text-idx?SID=531617f923c3de2cbf5d12ae4663f56d&mc=true&node=sp40.23 141.i&rgn=div6

additives to the water supply.[14] It did this expecting that the addition of these additives will, over time, help to rebuild the protective scale on the inside of the parts of the distribution system where it has been damaged.

Not All Areas of Flint were Impacted Equally

The specific mechanisms that gave rise to the contamination of the system mean that **not all areas of the system were equally impacted.** Portions of the system that do not contain lead service lines or lead solder were not as greatly impacted as those that do. Older parts of the system, especially sections built in the 1940's through the 1960's[15] that have not been upgraded since their construction are disproportionately vulnerable.[16] Other areas are far less so.

As a consequence, **the presence of lead contamination in the water supply was not uniform across the entire municipal water system, and not all areas of the city or all resident supplies were equally affected by it.** [17]

- The amount of lead that leached into a given part of the system depended upon a variety of factors, including the age of the system in the area, the specifics of its construction (e.g. are lead service lines present), and the time that water typically spends in that part of the system between treatment and use.
    - The levels of lead contamination measured in the water drawn from a particular source point depends upon the characteristics of the infrastructure through which the water passed, and how long it took to do so. **This is why water drawn in some houses on a single block might show measurable lead contamination, while others did not.**[18]
- For the same reason, as I noted earlier, only a percentage of Flint residents have been exposed to water containing elevated levels of lead in their residences or places of business.[19]

Kettering's Campus Water Supply and Our Approach to Ensuring its Safety

The municipal water infrastructure that supplies Kettering is relatively modern, the flow-rates of water through the system are high, and we do not have lead-copper transitions in the main supply lines, as do many residences in some areas of the city. All of these factors reduce the chance of contamination in our supply. Even so, the University has taken a number of proactive steps to ensure that the campus drinking and cooking water supplies are free from contamination, a number of which have been described in previous communications to the campus on this issue. These include:

[14] https://www.cityofflint.com/2016/01/10/flint-city-leaders-county-state-officials-announce-relief-effort-expansion/

[15] In the early part of the last century, many municipal codes *required* the use of lead pipes when connecting homes and businesses to municipal water mains but most codes banned the use of lead pipes by the early 1970's. Chicago, for example, continued to require them as recently as 1986, see: *EPA warns modernizing water system may boost levels of lead*, Chicago Tribune, September 25, 2013. Some major U S. cities still have 100% piping bringing water from the utilities to homes and businesses, see: https://www.safeplumbing.org/health-safety/lead-in-plumbing.

[16] http://nepis.epa.gov/Exe/ZyPDF.cgi?Dockey=20001R4V.txt

[17] For an example see: http://www.michigan.gov/documents/deq/Copy_of_deq-fw-Flint-Home-Owner-Data-Sept-3-thru_Nov-5-15_505529_7_505579_7.pdf

[18] ibid.

[19] ibid.

- Since early 2015 (after the switch to river water but before lead contamination was suspected), the University has been engaged in recurring testing of all drinking and food service water distribution points on campus using an independent, certified laboratory (Brighton Analytical, LLC). We will continue to test all drinking and food service water distribution points (and there are almost 100 of these) indefinitely.
- We also similarly test incoming water from our (six) Flint Municipal Water system input supply lines.
- All food service water source lines are flushed for a minimum of five minutes prior to use each morning, and only cold water is used, consistent with EPA guidelines.[20]
- We use NSF/ANSI 53 certified filters on all drinking water supplies on campus; these filters are certified to remove lead and trihalomethanes in addition to a wide variety of other contaminants and suspended solids. You may find details on the NSF/ANSI 53 certification standard at nsf.org and on the websites of manufacturers that produce filters conforming to this standard. There are 31 specific performance criteria that fall under Standard 53.
- All of our filters are maintained and replaced at the intervals recommended by their respective manufacturers.
- To be conservative, we shut off all water fountains on campus where the filters for that fountain were located at a significant physical distance from the fountain itself (usually because of space restrictions in the fountain cabinet).

  We did this as a precautionary measure, since it is possible for lead (if, for example lead solder was used in its supply line) to be produced through the interaction of water with plumbing in the supply line *after* it has been filtered *if* that water is allowed to sit undisturbed for a protracted time in the supply line (such as when a water fountain is used very rarely).

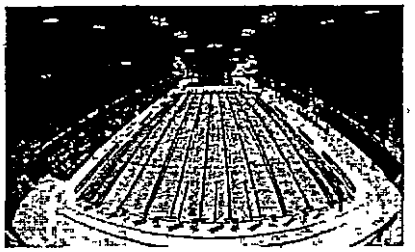
We do not test the water used in toilets, bathroom vanities, or showers, **but we do test the sources from which they draw water** (i.e. the input supply lines to campus). **Human skin does not absorb lead in water**, so bathing, washing, or showering is safe even using water containing lead over the EPA's action level.[21] [22] Adults may safely use unfiltered water for brushing their teeth.[23]

In addition, we continue to make improvements to our local system to improve convenience and ensure safety. One of the most visible of these is the replacement of many of our water fountains across campus with hydration stations; this project in fact began a number of years ago. All of our hydration stations are monitored and contain integral NSF/ANSI 53 water filtration systems.

How are Lead Levels in Water Specified and Interpreted?

The concentration of a metal, like lead, in water is often measured in parts per billion, usually denoted **ppb**. A concentration in water of 1 ppb represents one gram, or three one-hundredths of an ounce (3/100 ounce), of a substance in 260,000 *gallons* of water. One ppb is also three seconds

[20] EPA 810-F-93-001
[21] http://www.cdc.gov/nceh/lead/tips/water.htm
[22] http://www.michigan.gov/deq/0,4561,7-135-3313_3675_73946-372051--,00.html
[23] http://www.michigan.gov/documents/deq/2015-10-21_-_Lead_-_Flint_Water_FINAL_504265_7.pdf



out of 100 years. **Ten parts per billion (10 ppb) is the equivalent of approximately one teaspoon of water in an Olympic-sized swimming pool.**

The EPA has set an action level for lead in drinking water supplies at 15 ppb. In other words, if drinking water contains lead below this level, EPA regulations state that no action is required.[24]

For reference, the EPA permits faucets to be sold in the U.S. that leach 10 ppb or less of lead into water during a 19-day test.[25] Studies conducted by the EPA have found that the geometric mean of lead levels in drinking water systems in the US is 2.8 ppb.[26]

Results of Our Ongoing Testing

- As of the date of our last test series and over the past many months, we have tested the water drawn from the six input lines to campus a total of 15 times and all tests have resulted in a measured level of "ND" (for "None Detected"), with only three, single-test exceptions. In these three exceptions:
    - One detection was at 1 ppb, one was at 5 ppb, and the other was at 7 ppb. All of these are significantly lower than the EPA's allowable limit for lead of 15 ppb.[27]
    - These were single point-in-time detections; **later repeat testing of the same *distribution points* detected no lead.**
- **No lead has ever been detected in any water source used for food preparation.**
- As of the date of our last test series and over the past many months, all drinking water *distribution points (e.g. water fountains) on campus* have consistently tested "ND" (for "None Detected") for lead, with only six, single-test exceptions in well over one-hundred tests conducted. In these six exceptions.
    - All detections were at levels of less than 5 ppb (1,4,5,2,3 and 2 ppb respectively); all are significantly under the EPA's allowable action limit for lead of 15 ppb.[28]
    - These were single point-in-time detections; **later repeat testing of the same distribution points detected no lead.**

Access to Test Data

We make all results of these tests public. You may always find our latest test results along with other information related to the state of water in Flint at http://www.kettering.edu/water. We will continue to update the test reports on this site as we receive them.

[24] http://www cdc gov/nceh/lead/tips/water.htm
[25] https://www safeplumbing org/health-safety/lead-in-plumbing
[26] Levin R, Schock MR, Marcus AH. Exposure to lead in U.S. drinking water. In: *Proceedings of the 23rd Annual Conference on Trace Substances in Environmental Health.* Cincinnati, OH, US Environmental Protection Agency, 1989.
[27] http://www.cdc.gov/nceh/lead/tips/water htm
[28] ibid

On this same webpage, you will also find a link to PDF copies of the certified assay reports provided to us by our independent laboratory.

We have encouraged our students to speak with their parents or guardians about this issue, and to share with them all communications they receive from us. Copies of all of our communications to students on this matter may also always be found at http://www.kettering.edu/water.

More Information

If you have further concerns, I encourage you to read the Centers for Disease Control website on lead contamination of water at http://www.cdc.gov/nceh/lead/leadinwater/ and http://www.cdc.gov/nceh/lead/tips/water.htm as well as the citations in this letter. Additional information is also available on our website at http://www.kettering.edu/water.

If you have technical questions about the campus water supply, they may be directed to Nadine Thor, Director of Auxiliary Services, at nthor@kettering.edu. Questions from students or their families of a more general nature should be directed to Dean Betsy Homsher, Dean of Students, at bhomsher@kettering.edu.

We will of course continue to update the campus as this situation evolves.

Members of the Kettering Community that Live off Campus in Impacted Areas

We have encouraged our students, faculty and staff who live off campus within Flint city limits to use bottled water, to test their water (which also supports the city's data collection and analysis efforts), and to use appropriate water filtration in drinking water sources until notified otherwise by civil authorities.[29]

In the interim, **free bottles of water, water filters, replacement cartridges, and home water testing kits are widely available to all Flint residents.**[30] There are multiple distribution points for these around the city, and the University maintains a supply of filters in the Office of Student Life for students otherwise unable to obtain them.

Information on the city's distribution of all of these items to residents may be found at www.michigan.gov/deq. Students residing off campus needing assistance in acquiring water, test kits, and/or faucet filters have been encouraged to contact the Office of Student Life at (810) 762-9871.

A Note on Water Clarity

You may see pictures of bottles of rusty or cloudy water in articles on water safety; the same has been true of the reporting surrounding the water crisis in Flint.

The presence of suspended rust in water can turn it orange, red, brown or yellow. The presence of rust in water is not an indication of the presence of lead or other contaminants in the water, nor does it necessarily indicate that the water is unsafe to drink.[31] In water, lead is colorless, odorless, and tasteless,[32] and the presence of rust in water does not indicate the presence of lead, bacteria, or other substances.

[29] http://www michigan.gov/deq/0,4561,7-135-3313_3675_73946---,00.html
[30] http://www.michigan.gov/deq/0,4561,7-135-3313_3675_73946-366279--,00.html
[31] http //www.quincyma.gov/CityOfQuincy_Content/documents/RustyWaterFactSheet pdf
[32] http://extension.psu edu/natural-resources/water/drinking-water/water-testing/pollutants/lead-in-drinking-water

> *On its own, rust in water is not a sign of harmful bacteria or lead. In fact, the limits set by the Environmental Protection Agency (EPA) for iron in drinking water are based on aesthetics (taste, odor, color), not safety concerns.*[33]

Trapped air (in the form of small bubbles) in the water can also turn it cloudy or milky. Water pipelines are pressurized systems, so any air introduced into the system can remain trapped until the water leaves a faucet. This cloudiness is not indicator of water quality.

The NSF/ANSI 53 water filtration systems we use on campus for all drinking water remove suspended particulates including the iron that can discolor water (known as "turbidity reduction").

Legionella

It has very recently been reported[34] that there were an unusually high number of cases of Legionnaire's Disease seen in Genesee County in 2014-2015.[35] It has also been suggested in the media that this increase related in some way to the switch in the Flint water supply. Roughly half of the cases identified are in individuals who live outside of the city and the Flint municipal water service zone,[36] and a possible causal link between the two has absolutely not been established.

We have no evidence of any member of the University community having contracted Legionnaire's Disease.

Legionnaire's Disease is not contracted by drinking water containing *Legionella* nor is it transmitted between individuals. It is not contagious.

Legionnaire's Disease is a form of pneumonia caused by the bacteria *Legionella pneumophila*, and it is treatable with several classes of antibiotics.[37] It has an incubation period of two to ten days. *Legionella* do not survive in water above 140 °F (60 °C). *Legionella* are normally found in rivers, lakes, and streams,[38] and they are normally present in the water systems of large buildings and even in a percentage of residential water systems.[39]

Legionnaire's Disease is primarily contracted by heavy smokers, immunocompromised individuals, and individuals with chronic lung disease[40] through the aspiration of water or the inhalation of water mist contaminated with the *Legionella* bacteria.[41] Even after exposure to *Legionella* most people do not become sick.

Cooling towers for large buildings are frequently cited as potential breeding ground for *Legionella* bacteria if they are not regularly maintained and disinfected.[42] **The University has for many years routinely monitored and disinfected all cooling towers on campus.**

As part of a proactive effort, though, we have also begun ongoing and recurring testing of our water for the presence of *Legionella*. We will take appropriate action (which we will report) if elevated levels of the bacteria are detected in campus water supplies in the future. We will of

course publish the results of these tests on http://www.kettering.edu/water when they become available.

Federal Emergency Declaration

On January 16, 2016 and at the request of the state of Michigan, President Obama signed an emergency declaration the purpose of which is to make Federal aid available to the city in support of current filter and water distribution efforts to impacted persons in the city.[43] Substantively, this declaration simply mobilizes the Federal Emergency Management Agency (FEMA) to assist in these efforts and also makes certain federal funds available to the city for the purpose of supporting these activities. As stated in the order, it "is to provide water, water filters, water filter cartridges, water test kits, and other necessary related items for a period of no more than 90 days."[44]

A Kettering Professor (from the Beginning) and Our Students have been and will continue to be Part of the Solution

Last year, Kettering's Mechanical Engineering Professor Laura Sullivan was asked to co-chair Flint's Technical Water Advisory Board and was recently appointed by Mayor Karen Weaver to the Karegnondi Water Authority. This is important work, and through it she makes all of us in the greater Kettering family a key part of the solution. I want to take this opportunity to recognize her and to thank her for her service to Flint and the University.

Our students are some of the most creative in the world, and so we have been and are continuing to organize ways for our students, often in teams, to solve some of the challenging and unforeseen problems that have arisen in the distribution and installation of filters in affected areas of Flint. These efforts not only take advantage of the expertise and ingenuity of our students but they are also consistent with Kettering's ongoing commitment to Flint. We will make information on these efforts available on http://www.kettering.edu/water as it becomes available.

Please know that we are deploying every resource at our disposal to ensure the safety of our entire campus community and our visitors, and we will continue to work with federal, state, and local officials to help create long-term solutions to these problems. We value your input, and I hope that as valued members of the Kettering Community and of this great University that this letter has been helpful to you. If you have questions, comments, or thoughts on this issue or the University's response to it please send them to us at water@kettering.edu.

Thank you.

Warmest Regards,

Dr. Robert K. McMahan

Flint Water Response Team Plan for Saturday, 01.16.16_V2.0_FINAL

Water Response Team Commander	*Lt. Paul Pummil*	
Red Cross OIC	Robert Gaskill-Clemons	419.905.1122
Warehouse	Shawn Scott-Fitzgerald	563.663.2672

Plan

Agency	Team Types	Mission	Wards
MSP	10 Type III	3000 HH	Refer to Target Area Prioritization Map
Red Cross	10 Type V	1000 HH	Refer to Target Area Prioritization Map

Resource Status

Team Type & Quantity	**Type:** Type III **Quantity:** 10				
Resource	**Required**	**Confirmed**	**Notes**	**Date**	**Time**
16ft trucks	10	10		01.15.16	2330
Truck Drivers	10	10		01.15.16	2330
Volunteers	60-90	70		01.15.16	2330
Chase Vehicle for 6-9 people	10	10		01.15.16	2330
Chase Vehicle Drivers (volunteers)	10	10		01.15.16	2330
iPads (2 per team)	20	20		01.15.16	2330
Product Each	3000	3X		01.15.16	2330

Team Type & Quantity	**Type:** Type V **Quantity:** 10				
Resource	**Required**	**Confirmed**	***Notes***	**Date**	**Time**
ERV	10	10		01.15.16	2330
Truck Drivers	10	10		01.15.16	2330
Volunteers	20-40	40		01.15.16	2330
Chase Vehicle for 2-4 people	10	10		01.15.16	2330
Chase Vehicle Drivers (volunteers)	10	10		01.15.16	2330
iPads (2 per team)	20	20		01.15.16	2330
Product Each	1000	4X		01.15.16	2330

Execution:

Team	Assembly Area	Hours of Operation	
MSP	LEOC 1101 Beach St, Flint	0900-1700	
ARC	ARC 1401 S Grand Traverse St, Flint	0730-Dusk	
Warehouse	4315 North Clio Road, Flint	0700-1900	

Critical Task: Assemble, coordinate, and monitor Water Resource Teams (WRT)
Tactics:

1. Assign team leaders, team members, and routes to teams
2. Conduct pre-deployment briefing to include team mission assignments, concept of operations, deployment locations, replenishment process, reporting process, and safety briefings
3. Issue boxed lunch if available
4. Issue vest and badge to team members
5. Provide training to new team members
6. Conduct post-deployment debrief with team leaders and members
7. Collect vest and badge from team members

Sample Script for Team Members:

We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

Execution Support:

Product Replenishment Process:

Team	Replenishment Trigger	Replenishment Location	Process
MSP	100 Distribution Kits Remaining	Distribution Route: exact location determined by Team Leader	1. Contact warehouse to request replenishment truck 2. Coordinate replenishment location with warehouse 3. Exchange replenishment truck with empty truck
ARC	0 Distribution Kits Remaining	Clio Warehouse	Replenish ERV at warehouse

Warehouse

Tactics:

1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix

Lunch

MSP WRTs will be issued lunch prior to team departure if available. If not, WRTs will return to LEOC to receive lunch

Reporting:

Tactics:

1. All WRTs will utilize ipads as primary reporting method and paper tracking as seconday method if ipads fail

Target Area Prioritization Map

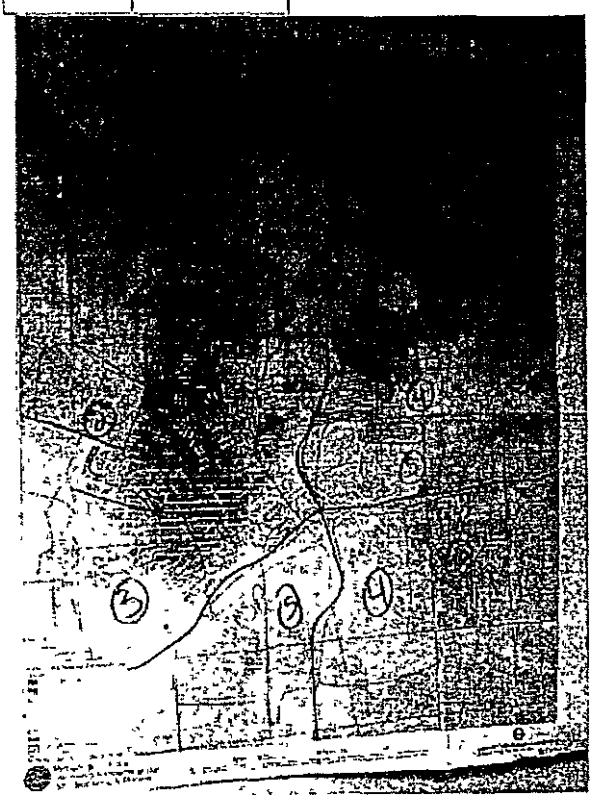
MSP	Black 1-7
ARC	Blue 1-6



Flint Water Response Team: Concept of Operations and Support

Goal: Increase the number of households served per day by the Water Resource Teams through scalable resource optimization

How: Standardize and Support

1. Standardize the team composition and resource requirements
2. Provide end to end support to the Water Resource Teams

Concept of Operations and Support

1. Planning & Prioritization
    a. Plan Components
        i. Team Type: Mission, Resources (Vehicles, Members) Product
        ii. Priority: Wards/Precincts
    b. Accountable: SEOC Recovery Branch Director
    c. Approval: State EM Director
2. Resource Support
    a. Resource Components
        i. Vehicles
        ii. Product
        iii. Personnel
        iv. Lunch
    b. Accountable: SEOC Logistics Section Chief
    c. Responsible: SEOC Logistics, SEOC Warehouse, American Red Cross Volunteer Resource Center
3. Execution
    a. Water Resource Team Daily Distribution
    b. Accountable: MSP
    c. Responsible: MSP Water Resource Commander, American Red Cross OIC
4. Execution Support
    a. Team Replenishment
    b. Accountable: SEOC Logistics Section Chief
    c. Responsible: SEOC Warehouse
5. Reporting
    a. Distribution Reporting
    b. Accountable: MSP Water Resource Commander
    c. Responsible: All Water Resource Teams

Team Typing

	Mission # of Households (HH)	Truck	Truck Driver	Team Members	Chase Vehicle (s)	Chase Driver (s)

FLINT WATER RESPONSE
DAILY STRATEGIC MESSAGING
Feb. 7, 2016

Key Messages

- We are concerned about levels of lead found in the Flint, Michigan water supply and its impact on the health and safety of the community.
- The CDC recommends that all children under 6 years of age have a blood lead test before April 1, 2016.
- Have your water tested as soon as possible using the official, free water testing kit or testing by EPA.
- Until the system has recovered, EPA recommends that Flint residents clean aerators once a week.
- Be sure to use filters according to the instructions and replace filters before they expire.
- The safest option for vulnerable populations including pregnant and nursing mothers, and children under six years old, is to use bottled water.
- Over the past few weeks the federal government has ramped up support for the people of Flint, bringing in technical experts from the Federal Family.
- We're looking across the federal government at ways we can use our programs and our expertise to help the city and the state ensure immediate access to safe water and a safe water supply.
- Residents may contact the newly established EPA hotline (**800-426-4791**) or email address (**flintwater@epa.gov**) for information about EPA's water sampling efforts. The hotline will provide immediate, telephonic translation in multiple languages.

Products for Release

- *News Releases*
  - **None**
- *Fact Sheet*
  - **EPA** Advice to Residents for Water. Printed 2500 copies and upload to website updated

Operational Communication Events

- *News Interviews*
  - **None**
- *News Conferences*
  - **None**

Stakeholder Calls/Briefings/Meetings/Trainings

- **(As an FYI) Community Meeting:** Flint's Mayor Karen Weaver with (Candidate). @ 1:30 p.m. House of Prayer Missionary Baptist Church on 1851 W. Carpenter Road. Doors will open at 9:30 a.m. streaming live on **www.NBC25News.com.**

Speakers Bureau (Community) Outreach Events

- None

LOOKING AHEAD

UPCOMING EVENTS/ACTIVITIES

- **Blood Lead Testing Event:** Mon, Feb 8 @ 3pm – 6pm, Carriage Town Ministries
- **N. Flint Food Cooperative Community Meeting:** Mon, Feb 8, 6 pm 5005 Cloverlawn Drive
- ****Tentative VIP visit by USDA** Undersecretary and Regional Admin. Wed, Feb 10**
- **Flint Water Response Community Training:** Feb 11 @ 11:30 pm 1610 W. Pierson Rd
- **ARC Community Partners Meeting:** Feb 11 @ 3 p.m.
- **HHS Secretary Visit:** Tentatively Feb 18

PLANNED MESSAGING/PRODUCTS

- **CDC:** Lead Poisoning in Pets Messaging
- **EPA** is updating its fact sheet currently on the Web to include the new toll-free number and email address.
- **EPA** is working to create door-knob leave behinds that say "we stopped by and if you want to schedule a water sample visit, please call."
- **EPA** is making business cards with relevant EPA, state, county and CDC contact info for residents.

EMERGING ISSUES THAT MAY AFFECT MESSAGING

- EPA strike team testing of UM-Flint Dorm (AmeriCorps members)
- Possible need to develop Campaign/PSA to **get the remaining kids tested.**
- A need to **re-engage** the provider community to start lead testing (Pediatricians, Family Medicine, NPs, PA, WIC, Head Start and Early Head Start/Churches).
- EPA said water filters installed in homes may be working better than expected, however **residents are saying they are still finding high lead levels in their water.**

OPERATIONAL TASKS FOR MESSAGING OPPORTUNITIES:

- AmeriCorps Volunteer activities
- Resource List for External Audiences
- CDBG grants
- Possible creation of a Multi-Agency Resource Center (MARC)
- Water filters in HUD property
- Other programs to address nutritional needs of children
- WIC funding to possibly coordinate blood tests for children

###

BACKLOG of LEAD MAINS Water Maint. FUTURE COPS? [GOV. MAYOR] & MICH... To PASTORS

Local Church Distribution Hubs adjunct to Fire Station Water Sites

Action Plan

- What do we want to do?
- Who is responsible for doing it?
- How do we communicate with each other?
- What is the procedure?

Each Ward will have one central church to be the Hub for water distribution in that ward. Within that ward will be 3 Sub-Hubs that will provide service to that area. Each Hub will have the following:

- Loaders (National Guard/Sheriff Work Detail)
- Admin (Address Look-up to direct you to your address hub)
- Water
- Water Filters/replacement cartridges
- Home Water Test Kits
- (Provide mobile lead testing clinic twice a week for adults without transportation. Mobile clinics will ONLY be at the 9 ward hubs. There will be no door to door service. Once tested residents will receive a Lead Awareness nutrition bag. Kit which will provide education and prevention tips for families.)
- Recycling center for the empty water bottles will be placed at all hubs once each week.

1st Ward – Eric Mays (810) 922-4850
2nd Ward – Jacqueline Poplar (810) 766-7418 ext. 3161
3rd Ward – Kerry Nelson (810) 766-7418 ext. 3161
4th Ward – (Temporarily Vacant)
5th Ward – Wantwaz Davis (810) 766 – 7418 ext. 3161
6th Ward – Herbert Winfrey (810) 766 – 7418 ext. 3161
7th Ward – Monica Galloway (810) 766 – 7418 ext. 3161
8th Ward – Vicki VanBuren (810) 766 – 7418 ext. 3161
9th Ward – Scott Kincaid (810) 766 – 7418 ext. 3161

Let's work SMART

Safe – Keep our community safe! Let our police and fire fighters protect and serve us!
Measurable – How will achievements be measured?
Action Oriented – Is an action verb used to describe expected accomplishments?
Realistic – Is the outcome achievable with given available resources?
Time Sensitive – What is the timeframe?

FLINT UCG INTERIM OPERATING PROCEDURE:
ROUTING AND MANAGEMENT OF STATE AND LOCAL REQUESTS (Rev # 1)

1. If UCG is **notified of a likely request**, DHHS and Federal Partners are to provide requestor with the Flint UCG Request Form (Attached).

2. Requesting city, county or State agency should attach any supporting or explanatory documentation to the Flint UCG Request Form.

3. If a request **is received** by a DHHS or Federal Partner, they are to provide requestor with the Flint UCG Request Form or assist the requestor in completing it.

4. DHHS and Federal Partners are to ask **city and county** requestors to route the request to the County EOCwho will route them to the State Emergency Operations Center on approved requests.

5. ~~State agency~~ requests are be sent to the State Emergency Operations Center for concurrence.

6. All State Coordinating Officer approved Flint UCG Request Forms and supporting or explanatory documentation ~~are to be sent~~ to FLINT.UCG@HHS.GOV.

7. The Deputy FHCO and IRCT Commander will monitor the FLINT.UCG@HHS.GOV account. All electronic requests will be retained in a DHHS e-mail file folder maintained by the EMG

8. The Deputy FHCO or IRCT Commander will review the Flint UCG Request Form and complete or clarify as needed before submitting to the FHCO.

9. New requests will be forwarded to the FHCO for review and approval and then to the InfoCell if approved.

10. FHCO approved requests will then be routed to the OPS Section Chief for assignment, 204 Development and Tactics plaining and operationalization.

11. If the request may obligate additional costs outside of the FHCO's authority, the FHCO may defer approval of a requests to an ASPR, CDC or other Federal Partner for approval via the UCG agency representative.

12. For any requests forwarded to another DHHS or Federal partner agency for approval, the agency's UCG representative, will track the request and return the agency's final decision on the request to the FLINT.UCG@HHS.GOV address.

13. The InfoCell will assign a tracking number to the requests and log the request on the Request Tracker.

14. At the Direction of the FHCO, the Flint UCG Request Form and supporting documentation may be sent to the ASPR SOC for situational awareness.

Chandler, Jacqueline

From: Russo, Mark (MSP) <RussoM3@michigan.gov>
Sent: Monday, February 08, 2016 3:39 PM
To: Chandler, Jacqueline

Jackie,

As you requested below is a summary of my contact with the Postmaster's Office in Flint.

On Wednesday, February 3rd, I contacted the Postmaster's Office in Flint at 810-257-1506 and spoke to Cheryl. I explained to her that we needed data on all addresses within the City of Flint where mail had been forwarded or service had been stopped for some reason (vacancy, destruction of property, etc.). I explained that I was with the State EOC and MSP and that I was requesting that information under the Michigan Emergency Management Act (PA 390). She said that she would pass along the request to the Postmaster.

I called back later that day and Cheryl informed me that I was making a rather large request and that the Postmaster had forwarded the request to the District Office and that the Postmaster's office would contact me when they had an answer. I was then out of the SEOC until this morning. There were no messages or emails from USPS during that time.

After Capt. Kelenske asked about USPS at this morning's briefing, I followed up with the Postmaster's Office where I was told that the District Office denied our request for information and that they were therefore unable to provide it. They did not provide any explanation.

I hope this is useful. Please let me know if I can be of any further assistance.

Lt Mark A. Russo

2016 Flint Water Response MDHHS Request List

Issue #	Date State Request Made	Asset Requester	Commodity	UCG IAP Operational Period #7 Objective #	UCG IAP Operational Period #8 Objective #	USG Objectives (Legend below)	Request Summary *Provided / Vetted by State*	State Priority (Identified as High -Medium-Low then ranked in order to be done)	Expected request duration	Complete	Ongoing	Proposed	Requires State / Federal Action	Primary Task Force Assigned	Required Action	Task Status/Update/Notes Comments
			RESPONSE TASK FORCE ACTIVE / IN-PROGRESS													As of: 2/9/2016 1000
			Federal Action Needed													
1	1/26/2016	Genesee County Health Department (GCHD)	Human Resources	5a, 7a-d		2, 4	Requests for individuals to provide immediate short term assistance for the GCHD (duration 14-30 days) Technical Assistance Sanitarian/Health Educator/Nurse/Risk Communicator/2 case managers	HIGH	S		X		Federal	[redacted]	Sustainability Plan / Exit Strategy	2/8/2016 - (PHAST SA) - Need follow up on elevated lead levels for 15 to 18 kids, may start tomorrow. Will attempt the telephone/home contact. Three new cases (5 - 7 mcg/dl) were due to lab results entered over the weekend (Matrix Rvw) - Sustainability *plan/exit strategy in development.* Potential for ATSDR staff to supplement if needed, task force lead to determine. 2/6/16-(PHAST SitRep)-Progress on backlog data entry; anticipate all entry to be completed by COB 2/7/16, CM support and f/u continues 2/5/16-(CDC)-identified strategy for blood lead data entry and ATSDR staff available through 2/24/16, PHS CM working on backlog of blood lead results that need to be logged into eCW (electronic medical record)
22	1/29/2016	MDHHS	Children's Services	5a, 7a-d		2,4	Augment resources to include healthcare personnel or federal teams to conduct additional blood lead level testing sites RELATES TO #1 - per MDHHS this is the case management piece.	Low-2	S		X		Federal	[redacted]	Sustainability Plan / Exit Strategy	2/8/2016 - (PHAST SA) - Need follow up on elevated lead levels for 15 to 18 kids, may *start tomorrow Will attempt* the telephone/home contact Three new cases (5 - 7 mcg/dl) were due to lab results entered over the weekend 2/7/16-(CHECC/State LNO follow-up)-PHAST team is meeting expectations, GCHD needs continued support -discussing exit strategies for feds 2/5/16-(PHAST SitRep)-Progress on backlog data entry, anticipate all entry to be completed by COB 2/7/16, CM support and f/u continues

2	1/26/2016	Genesee County Health Department (GCHD)	Behavioral Health	5a, 7a-d, 16a		2, 3, 4	Technical assistance for DHHS and the Genesee Health System *(Community Mental Health) for* needs assessment, immediate, intermediate and long term planning; and behavioral health specific messaging Support for continued expansion of Psychological First Aid resources (Human Resources Request)	HIGH	S		X		Federal	[redacted]	Sustainability Plan / Exit Strategy	2/6/16-(PHAST SitRep)-ARC training scheduled for upcoming week with volunteer agencies 2/5/16-(CDC) AmeriCorps volunteer training completed 2/1/16-(PHAST SitRep)-GCHD staff support / counseling ; MH Support Activities for AmeriCorps Volunteers, Assist with developing an engagement strategy for GCHD to facilitate outreach efforts to the community members and community partners; 1/31/16 - State SitRep-Arriving in Flint 2/1/16 to assist with BH initiatives 1/28/16-Waiting decision for team action
21	1/29/2016	MDHHS	Children's Services	5a, 7b		2, 4	Assistance in building a trauma-informed child- and family-service system All in system need to recognize and respond to the impact of traumatic stress on those who have contact with the system including children, caregivers, and *service providers (Behavioral* health issues) RELATED TO #2	Medium-3	L		X		Federal	[redacted]	Sustainability Plan / Exit Strategy	2/8/2016 (Matrix Rvw) - Sustainability plan/exit strategy in development 2/4/16-(CHECC)-Per Jodi and Jamie This is being partially met with the MHT teams we have in place, this is a long term issue, MDHHS is aware and addressing the sustainability piece once our teams depart; MDHHS is in the very early assessment and implementation phase 2/3/16-(MDHHS)-clarification-Could be currently being met by PHAST team at GCHD More clarification forthcoming The CHECC thought this was a long term program to provide all encompassing case management to children who have had elevated blood lead levels This would involve coordinating all area/services for the child We are going to check for clarification from Jodi who is part of the Behavioral Health team to get further clarification
21a	1/29/2016	MDHHS	Children's Services	5a, 7b		2, 4	o Healthcare providers, schools, and day care agencies	Low-2	L				Federal	[redacted]	Sustainability Plan / Exit Strategy	2/8/2016 (Matrix Rvw) - Sustainability plan/exit strategy in development 2/4/16-(CHECC)-see above
24	1/29/2016	MDHHS	Children's Services			2, 4	SME's to assist with development of safe water (lead) toolkit that *includes ways to identify cognitive* effects of lead in children with planned distribution to healthcare providers, schools and day care agencies	Low 3	L			X	Federal	[redacted]	CDC/ATSDR to develop toolkit	2/8/2016 - (Matrix Rvw) - CHECC identifies that toolkit is still in need, CDC/ATSDR tasked to create toolkit. 2/7/16-(CHECC/State LNO follow-up)-Still an ask to develop a tool kit to provide to schools, and others Not just the behavioral, but to look at the cognitive (Maybe some things already exists, but they need a comprehensive tool kit) This will be for external partners The recommendations that will be needed for dealing with children affected by lead
49	1/29/2016	MDHHS	Community/ Provider Engagement			2, 4	Recovery- Provide federal resources to assist local and state with long term recovery 2-FTE for health and 2-FTE for human services	Medium 1	L			X	Federal	[redacted]	Funding	2/8/2016 (Matrix Rvw) - HMTF lead to determine if additional state documentation is needed 2/7/16-2/7/16-(CHECC/State LNO follow-up)-State believed matrix was official avenue for request, UCG provided direction to State Health LNO that a formal letter of request *outlining specific and defined need would be needed* 2/3/16-(State Health Review)-Funding request. MDHHS needs to determine if they are going to submit formal funding request.
6	1/29/2016	MDHHS	Medical Services	8a		3, 4	Targeted Case Management (either through Special Program Amendment (SPA) or Waiver) roughly 1,000 children are not transitioning to Mental Health Providers (MHPs) from Fee for	High-1	L		X		Federal	[redacted]	CMS decision / funding issue	TARGET END DATE: 2/17/16 2/8/16 - (State CMS Director) Awaiting CMS decision on waiver for further action. 2/7/16-(CHECC/State LNO follow-up)-This is being sent to the SMEs for update 2/3/16-Awaitng State CMS to provide insight on conversations between State CMS Director and CMS HQ

5	1/29/2016	MDHHS	Medical Services	15a		4	Enhanced Medicaid Transportation Services. Funding to support non-emergency transportation vendor for the city Could extend Logisticare and/or demo a MTA project through additional	High-1	L		X		Federal	[redacted]	CMS decision / waiver	TARGET END DATE 2/17/16 2/8/16 - (State CMS Director) Awaiting CMS decision on waiver for further action 2/7/16-(CHECC/State LNO follow-up)-This is being sent to the SMEs for update 2/3/16-Awaitng State CMS to provide insight on conversations between State CMS Director and CMS HQ
26	1/29/2016	MDHHS	Medical Services	8a		3, 4	1115 Waiver for Expanded Eligibility All children under 21 regardless of income in the impacted zip codes	High -1	L		X		Federal	[redacted]	CMS decision / waiver	TARGET END DATE 2/17/16 2/8/16 - (State CMS Director) Awaiting CMS decision on waiver for further action. 2/7/16-(CHECC/State LNO follow-up)-This is being sent to the SMEs for update.
26a	1/29/2016	MDHHS	Medical Services	8a		3, 4	o If commercial coverage is available, provide Medicaid wrap services	High -1	L		X		Federal	[redacted]	CMS decision / waiver	TARGET END DATE. 2/17/16 2/8/16 - (State CMS Director) Awaiting CMS decision on waiver for further action
26b	1/29/2016	MDHHS	Medical Services	8a		3, 4	o Increase intensity and community based activities to 24/7 access and crisis capacity	High -1	L		X		Federal	[redacted]	CMS decision / waiver	TARGET END DATE: 2/17/16 2/8/16 - (State CMS Director) Awaiting CMS decision on waiver for further action.
26c	1/29/2016	MDHHS	Medical Services	8a		3, 4	o Community Mental Health (CMH) with support from Hurley & Children's Healthcare Access Programs (CHAP) for outreach	High -1	L		X		Federal	[redacted]	CMS decision / waiver	TARGET END DATE. 2/17/16 2/8/16 - (State CMS Director) Awaiting CMS decision on waiver for further action.
26d	1/29/2016	MDHHS	Medical Services	8a		3, 4	o Federally Qualified Health Center (FQHC)	High -1	L		X		Federal	[redacted]	CMS decision / waiver	2/3/16-(State Health Review)-no update available - Funding item - request to state LNO for follow up with State CMS Director
55	2/7/2016	MDEQ	Data and Surveillance				DEQ requests UCG representative confirm with EPA and USDHHS on if an address with a sample result	High	S		X		Federal	WQTF	EPA OGC opinion	2/8/2016 - (EPA/HHS) Referred issued to respective general counsels waiting on legal opinion
53	2/4/2016	MI-Department of Education	Nutrition	10, 11, 14a		3, 4	The City of Flint needs additional food supply to help provide healthy food choices for The Emergency Food Assistance Program (TEFAP) eligible families, with a focus on foods that are high in calcium, iron, and Vitamin C Request is to use USDA disaster food package boxes		M		X		Federal	NETF	USDA decision / letter of approval	*2/8/2016 (Matrix Rvw) - USDA is still in the process of reviewing the MI-DOE request* 2/5/16-(NETF)-received application from MI-DOE; Application to utilize USDA Disaster Food for Disaster Household Distribution (high in micro-nutrients) due to Flint water crisis 2/4/16, MDE submitted a request to FNS to utilize USDA Foods for Disaster Household Distribution FNS staff are currently reviewing the request to determine if any additional information is needed from the State.
54	2/7/2016	GCHD	Nutrition	14a		3,4	MDHHS requested that USDA-FNS authorize financial support to the Flint WIC clinics for the lead testing of WIC participants with appropriate Medicaid cost sharing. Approved letter to follow.		S		X		Federal	NETF	USDA letter of approval	2/8/2016 (Matrix Rvw) - CHECC requested to wait to close this task until they get an official approval for Medicare cost sharing. 2/7/16-(UCG standup)-Expecting signed letter from Director of MDHHS of the request for the use of WIC funds for Blood Lead level testing support using Medicaid cost sharing. 2/5/16-(Denis)-Met with Toni LaRocco this morning, she was informed that WIC staff can begin to test for lead A plan will be formulated on Monday per Toni. FNS has identified a way to provide USDA FNS financial support to the Flint WIC clinics for the

36	1/29/2016	MDHHS	Nutrition	10, 11		3, 4	Assistance with nutrition planning for the inclusion of private industry to address the food desert	Medium-6	L		X		Federal	NETF	USDA to provide examples to state on how to do this (could be EDA)	2/8/2016 (Matrix Rvw) - CHECC requests USG provide examples/guidance on how to entice business to come into the area 2/7/2016 - (CHECC/State LNO follow-up) looking at long term assistance in getting nutrition and possibly a grocery store in Flint looking for support in identifying ways to tap into strategy for bringing business to the area (HSTF) Food security is defined by statute as access to affordable and nutritious food. The farm bill made USDA the lead for food security. USDA should lead and monitor this task 2/4/16-(USDA SitRep/NETF Review)-USDA will continue in advisory role; EDA will follow
28-1	1/29/2016	MDHHS	Medical Services	8a, 15a, 20		3, 4	Lead Abatement through an 1115 waiver financed by a "designated state health program "	High-2	L		X		Federal	HSTF	CMS decision memo	2/8/16 - [Matrix Rvw] - CMS is developing decision memo to the state's request to use 1115 funding for lead abatement activities in homes, there is no definitive ETA on release of the memo HSTF to identify additional federal resources that could support the state's lead abatement request
			Federal / State Action Needed													
43	1/29/2016	MDHHS	Communications	5a, 7a, 12a, 16a		2, 3, 4	Crisis communications response training for Department PIOs and leadership 1 1 training - Barbara Reynolds to train state officials in Governor's Office and MI-DEQ	High-5	S		X		State /Federal	[redacted]	Training to be completed	2/8/2016 - (Matrix Rvw) - State JIC confirms February training dates, CHECC will only confirm closure after last training date scheduled for 16 Feb (HMTF) - Lisa Briseno and Barbara Reynolds are working with Angela Minicuci to schedule three opportunities for Michigan PIOs or directors to attend crisis or risk communications training 2/6/16-(HMTF/PEATF/State Review)-media events in process and ongoing as needed, State EM LNO determining if ready for closure, CDC reports CERC training for state PIOs is scheduled for 12 - 16 Feb 2/5/16-(CDC)- media updates ongoing
11	1/29/2016	MDHHS	Data and Surveillance	1a, 2, 3, 4		1, 2	*Consultation on developing* residential water sampling protocols, assessment of water sources and interpretation of results where elevated blood lead levels are detected.	High-1	L		X		State/Federal	WQTF	Sampling on-going in field	2/5/16-(CDC)-ATSDR field consultations on-going 2/3/16-(EPA SitRep)-Sampling continues, addressing chlorine and lead issues - formal strep provides details 2/1/16-(EPA SitRep)-Assisted Water Branch with sampling efforts. Performed lead sequential, lead filter, filter grab, and residual chlorine sampling in homes and churches; cleaned aerators/filters at all sampling locations ORD Water Assessment Team. Team is end route and will resume sampling tomorrow Drafted a press release urging residents to clean faucet aerators, whole house filtration systems, and hot water heaters to remove any potential lead contamination.
12	1/29/2016	MDHHS	Data and Surveillance	1a, 2, 3, 4		1, 2	Establish quality assurance system to verify safe water sources at impacted homes, schools and businesses. [belongs with Row Above]	High - 1	L		X		State / Federal	WQTF	Sampling on-going in field	2/8/2016 - (Matrix Rvw) - DEQ conducting targeted sampling/or per individual home owner request, sampling is on-going 2/7/16-(EPA/DEQ)-Pending state clarification on quality assurance program definition, are # of household and businesses to be tested 100%? 2/3/16-EPA working with CDC/ATSDR 1/31/16-FWICC lead
11a		DEQ	Data and Surveillance	1a, 2, 3, 4		1, 2	o *Consultation on developing* residential water sampling protocols, assessment of water sources and interpretation of results where elevated copper levels are detected.	High-1	L		X		State/Federal	WQTF	CDC/ATSDR/EPA and MI-DEQ to develop copper fact sheet	2/8/2016 - [UCG Standup) - WQTF/PEATF stated copper fact sheets were developed soon to be distributed (Matrix Rvw) - Confirmed with ASTDR/EPA/CHECC copper fact sheet under development; agency branding to be determined 2/6/16-WQTF/State Review)-EPA asked how to capture task for copper similar to above; DEQ asked to add as subtask to #11; State officials agreed, subtask added to follow-will provide updates moving forward

AA	2/1/2016	UCG	Public & External Affairs Task Force	12a			Coordinate the intergovernmental, public and external affairs effort to ensure awareness and visibility of communications activities regarding Flint water crisis with *State and Federal partners*	HIGH	S		X		State/Federal	PEATF	ongoing product development	2/3/16-(PEATF)-coordinated all governmental agencies with state JIC to facilitate effective communications, publishing daily messages; follow up to media requests

42	1/29/2016	MDHHS	Communications	7, 12a, 16a	2, 3, 4	Identify an expert available to staff and providers to answer questions specific to lead in the water and products available to purify water	High-4	S		X		X			CDC JIC (Scheel)	2/6/16-(WQTF/PEATF/State Review) Moved to monitoring, remain in progress because needs may arise 2/5/16-(CDC)-experts identified, mission complete- validate with State Health LNO 2/3/16-(State Health Review)-believed to be complete; need MDHHS concurrence or clarification for more detail 2/1/16-(CDC/ATSDR)- MDHHS requests assistance with CDC spokespersons J. Eisner to C. Sheel topics for talking points/fact sheets. Completed final draft of the CDC Flint Blood Lead Screening Statement which is currently under review by OASH and OS/ASPR. Coordination between ATSDR, EPA, and PHAST group to cross reference houses with high water lead that have been visited and number of times re-sampled.
34	1/29/2016	MDHHS	Nutrition	10, 11, 14a	3, 4	Lactation Support - Provide additional federal resources to the WIC program to augment WIC peer counseling and utilize existing staff in more dedicated lactation support role	High-2	L		X		X			Vista Fletcher (USDA) Sandra MacMartin (USDA)	2/5/16-(NETF/State Health Review)- believed to be complete, Request State LNO to determine if mission can be closed 1/28/16-(USDA)-"performing already" and FNS will be issuing the FY 2016 WIC Breastfeeding Peer Counseling funds by mid-March
36	1/29/2016	MDHHS	Nutriton	10, 11	3, 4	Assistance with nutrition planning for the inclusion of private industry to address the food desert.	Medium 6	L		X					Vista Fletcher (USDA) Sandra MacMartin (USDA)	2/4/16-(USDA SitRep/NETF Review)-USDA will continue in advisory role, EDA will follow for lead--Doug Lynott - POWER (Partnerships for Opportunity and Workforce and Economic Revitalization) (US EDA) Don Boyce, CAPT Gwathney, CAPT Denis, Tony Martin (HUD-SC2) met to introduce the USG role and the UCG to the Mayor UCG trying to coordinate all partners so the Mayor's office has one POC for water response information
	1/29/2016	MDHHS	Medical Services	8a, 15a, 20	3, 4	a. The removal of lead hazards, permanent enclosure or encapsulation of lead based paint, replacement of surfaces or fixtures, removal or covering of soil lead hazards, and all post-abatement clearance testing activities		L		X						2/3/16-(HSTF)-Existing HUD Office of Lead Hazard Control and Healthy Homes grant to MI targets $325K to Healthy Homes Per HUD, funds can be used for lead hazards in water in homes Abatement of lead based paint also eligible for HUD funding
	1/29/2016	MDHHS	Medical Services	8a, 15a, 20	3, 4	b DSHPs are health programs funded by the state, many of which provide safety net health care services for low income or uninsured individuals such as adult day care, outpatient substance abuse treatment or care for the mentally ill who are not eligible for Medicaid CMS has approved DSHP for use in states (e g OR), although not for lead abatement		L		X						2/4/16-(HSTF)-HRSA advised that its grantee, Hamilton Community Health Network, which serves homeless individuals and families, plans to use existing funding to conduct workshops on (1) detecting behavioral health issues that may occur as a result of lead exposure, (2) healthy eating habits and educating participants about food with high levels of lead content, (3) and awareness of potential physical disabilities caused by lead exposure in children, HRSA advised that its grantee, Genesee County Health Start, which works to reduce disparities in perinatal health among African American women and children from birth to two years, is planning to hire an additional health educator to address community public health needs related to lead
19	1/29/2016	MDHHS	Childrens's Services	14a, 15a	3, 4	Discretionary emergency funds aside from our regular flex fund sources (CP/CP, SFSC, etc) for the following items	High-1	M		X						2/5/16-(HSTF)-• 02/05 – Met with Genesee County Community Action Resource Department (CARD), an ACF grantee, to discuss human services needs in Flint and Greater Flint, Advised GC CARD of CMS' Accountable Health Communities (AHC) Model, a new 2016 program targeted at addressing health-related social needs, including housing instability, food insecurity, utility needs, interpersonal violence, and transportation needs beyond medical transport. HUD advised that Community Development Block Grant Funds (CDBG) cannot be used for these items/services
	1/29/2016	MDHHS	Childrens's Services	14a, 15a	3, 4	o Gas card clients need to have access to resources and attend medical appointments for follow up specific to lead exposure		M		X						2/2/16-(HSTF)-ACF affirmed that the state can use Temporary Assistance for Needy Families (TANF) Non-Recurrent, Short Term funds to provide these services to respond to this emergency State has been informed and can take action if desired.
	1/29/2016	MDHHS	Childrens's Services	14a, 15a	3, 4	o Food cards-clients are using BRIDGE cards for water, *leaving little left for food.*		M		X						2/2/16-(OASH email)-ACF has shared guidance with the Michigan DHHS regarding using TANF non-recurrent, short-term benefits (45 CFR 260 31(b)(1)) to help eligible families deal with a specific crisis situation. These could include short-term (i.e , 4 months or less) payments or vouchers to low-income families with children for purchase of bottled water, and gas cards/bus passes for these families Michigan has flexibility under the TANF program to offer a wider range of services or benefits in response to the situation in Flint. If Michigan does decide to offer new benefits or services not covered by its current TANF Plan, or decides to change the eligibility criteria for any benefits or services, it may do so by submitting a TANF Plan amendment.

The sheet mentioned is only logistical requirements of pods, base on FEMA is-26. No other part of the plan would be shared.

See Jason's email with Kara below. I'm leaving soon, but can you send the page(s) from Kara related only to the logistical requirements...those came straight out of IS-26, yes? I don't think there's anything in those that would be flexible or questionable.. re· Wendy's email?

Sorry I have to run. Thanks for everything you are doing to help me out!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Subject: RE: 12:30 Meeting (FEMA Attendance)

Thank you, Kara. Tom should be sending you a document with all the pertinent information related to the POD operation (size, parking lot makeup (concrete vs gravel), onsite equipment, staffing, etc). It would be great if that document could be shared with the group to identify potential sites that could serve as a POD, HUB or both. Also, I think it is important to stress that if a site is selected to be a POD all staffing and equipment would be provided. The Church/Community site hosting a POD will not need to procure any of the items necessary to operate (porta potties, box trucks, pallet jacks, etc).

Please let me know if you have any questions.

V/r,
Jason

Good Morning Kara,

Due to the severe weather we will not be making the drive in from Lansing for the meeting this afternoon. I had a conversation with Tom and he indicated that he spoke with you and will be providing a list of POD operational requirements to share with the group this afternoon.

I have attached a map of distribution sites by zip code. Please let me know if you need any additional information.

Thank you

V/r,
Jason

GIS,

Cap is going to meet with Jay and Brianna this afternoon regarding new POD locations. Could you print the attached map at a presentation size for them to use at the meeting? They don't have a time yet, but it will be this afternoon, so if this could be printed by 12.30 that would be very much appreciated.

Good Morning Jay,

I have attached the map with distribution sites by Zip Codes. We just reached back to RV GIS to get a PDF copy of the map that was at the meeting yesterday.

I'll send you an updated copy as soon as we receive it.

Thanks

Jason,

Do you have the Food Bank HUBs map that was at the meeting yesterday? If so is it possible to get a PDF or copy of it? Captain Kelenske wants a visual of the HUBS and where the PODs may fit in.

Thank you!

-Jay
